

Washoe County District Board of Health Meeting Notice and Agenda PLEASE NOTE LOCATION CHANGE

Members

Kitty Jung, Chair Vice Chair, Vacant Oscar Delgado Dr. George Hess David Silverman Dr. John Novak Michael D. Brown Thursday, October 27, 2016 1:00 p.m.

Washoe County Administration Complex, Building B Health District South Conference Room 1001 East Ninth Street Reno, NV

Items for Possible Action. All items numbered or lettered below are hereby designated for possible action as if the words "for possible action" were written next to each item (NRS 241.020). An item listed with asterisk (*) next to it is an item for which no action will be taken. **1:00 p.m.**

- 1. *Roll Call and Determination of Quorum
- 2. *Pledge of Allegiance
- 3. *Public Comment

Any person is invited to speak on any item on or off the agenda during this period. Action may not be taken on any matter raised during this public comment period until the matter is specifically listed on an agenda as an action item.

4. Approval of Agenda

October 27, 2016

5. *Recognitions

A. Departures

- i. Julia Ratti, Vice Chair, 1/22/09 through 10/9/16 DBOH
- B. Years of Service
 - i. Maria Tokarz, 10 years, hired 8/7/2006 EPHP
- C. Retirements
 - i. Dale Brice, Storekeeper, 21 years, hired 12/6/1994, retired 10/8/16 CCHS
 - ii. Jeanne Harris, Administrative Secretary, 14 years, hired 10/8/02, retiring 11/14/16 EPHP

6. Consent Items

Matters which the District Board of Health may consider in one motion. Any exceptions to the Consent Agenda must be stated prior to approval.

A. Approval of Draft Minutes September 22, 2016

- B. Budget Amendments/Interlocal Agreements
 - i. Approve the modification of the Community and Clinical Health Services pharmaceutical fee schedule to add Cipro 500mg. Staff Representative: Nancy Kerns Cummins
 - ii. Approval of Notice of Subgrant Award from the Nevada Department of Health and Human Services, Division of Public and Behavioral Health, for the period November 1, 2016 through June 30, 2017 in the total amount of \$33,927 (with \$3,392.70 or 10% match) in support of the Centers for Disease Control and Prevention (CDC) Public Health Preparedness BP5 Carryover Program; and if approved authorize the District Health Officer to execute the Subgrant Award; Approval of Point of Dispensing (POD) supplies (signage kits) donation to POD partners; and if approved, authorize the District Health Officer to distribute supplies including signing all necessary paperwork.

Staff Representative: Patsy Buxton

- iii. Approval of Notice of Subgrant Award from the Nevada Department of Health and Human Services, Division of Public and Behavioral Health, for the period November 1, 2016 through June 30, 2017 in the total amount of \$38,272 (with \$3,827.20 or 10% match) in support of the Assistant Secretary for Preparedness and Response (ASPR) Public Health Preparedness BP5 Carryover Program; and if approved authorize the District Health Officer to execute the Subgrant Award; Approval of emergency response supplies donation to Emergency Medical Services (EMS) partners; Approval of evacuation kits donation to skilled nursing and long-term care facilities; and if approved, authorize the District Health Officer to distribute the supplies including signing all necessary paperwork. Staff Representative: Patsy Buxton
- C. Acknowledge receipt of the Health Fund Financial Review for September, Fiscal Year 2017

Staff Representative: Anna Heenan

- 7. Review, discussion and possible adoption of the Business Impact Statements regarding Proposed Revisions to the District Board of Health Regulations Governing Air Quality Management, Section 030.600 Prevention of Significant Deterioration (PSD) with a finding that the revised regulations do not impose a direct and significant economic burden on a business; nor do the revised regulations directly restrict the formation, operation or expansion of a business; and set a public hearing for possible adoption of the proposed revisions to the Regulations for November 17, 2016 at 1:00 pm. Staff Representative: Charlene Albee
- 8. Regional Emergency Medical Services Authority
 Presented by Don Vonarx and Kevin Romero
 A. Review and Acceptance of the Compliance Report for September 2016

 *D. Operations Us data for September 2016
 - *B. Operations Update for September 2016
- **9.** *Regional Emergency Medical Services Advisory Board October Meeting Summary Staff Representative: Christina Conti
- **10.** Presentation, discussion and possible approval of the five-year EMS Strategic Plan, a requirement of the Interlocal Agreement for Emergency Medical Services Oversight. Staff Representative: Christina Conti

- 11. Presentation, Discussion, and Possible Direction to Staff regarding a Progress Report on the 2016-2018 Strategic Plan, and completion of the Fundamental Review implementation. Take action to direct staff to continue with implementation of the 2016-2018 Strategic Plan as presented or direct staff to make changes as discussed. Staff Representative: Kevin Dick
- 12. Recommend to approve a 3% Cost of Living Adjustment (COLA) retroactive to July 1, 2016, a 3.5% COLA effective July 1, 2017, and a 2.5% COLA effective July 1, 2018 in base wage; and updated sick leave/bereavement calculations, holidays and health plans to keep the District Health Officer's position in alignment with the other Unclassified Management positions.

Staff Representative: Chair Kitty Jung

13. Review and Approval of the District Health Officer's Annual Performance Evaluation Results and Possible Approval of a 2% Wage Increase, retroactive to his annual evaluation date of October 24, 2016. Staff Representative: Chair Kitty Jung

14. *Staff Reports and Program Updates

- A. Air Quality Management, Charlene Albee, Director Program Update, Divisional Update, Program Reports
- B. Community and Clinical Health Services, Steve Kutz, Director Divisional Update – Patagonia Health; Program Reports
- C. Environmental Health Services, Bob Sack, Director EHS Division and Program Updates - Food, Land Development, Vector-Borne Disease, Waste Management and EHS Inspections / Permits / Plan Review
- D. Epidemiology and Public Health Preparedness, Dr. Randall Todd, Director Program Updates for Communicable Disease, Public Health Preparedness, and Emergency Medical Services
- E. Office of the District Health Officer, Kevin Dick, District Health Officer Regional License/Permit Program, Panther Drive, Little Valley Fire, Regional EMS Oversight, Legislature, Strategic Plan, Quality Improvement, Truckee Meadows Healthy Communities (TMHC), Community Health Improvement Plan, Accreditation, Other Events and Activities and Health District Media Contacts

15. *Board Comment

Limited to announcements or issues for future agendas.

16. *Public Comment

Any person is invited to speak on any item on or off the agenda during this period. Action may not be taken on any matter raised during this public comment period until the matter is specifically listed on an agenda as an action item.

17. Adjournment

Possible Changes to Agenda Order and Timing. Items on the agenda may be taken out of order, combined with other items, withdrawn from the agenda, moved to the agenda of another later meeting; moved to or from the Consent section, or they may be voted on in a block. Items with a specific time designation will not be heard prior to the stated time, but may be heard later. Items listed in the Consent section of the agenda are voted on as a block and will not be read or considered separately unless withdrawn from the Consent agenda.

Special Accommodations. The District Board of Health Meetings are accessible to the disabled. Disabled members of the public who require special accommodations or assistance at the meeting are requested to notify Administrative Health Services in writing at the Washoe County Health District, PO Box 1130, Reno, NV 89520-0027, or by calling 775.328.2416, 24 hours prior to the meeting.

Public Comment. During the "Public Comment" items, anyone may speak pertaining to any matter either on or off the agenda, to include items to be heard on consent. For the remainder of the agenda, public comment will only be heard during items that are not marked with an asterisk (*). Any public comment for hearing items will be heard before action is taken on the item and must be about the specific item being considered by the Board. In order to speak during any public comment, each speaker must fill out a "Request to Speak" form and/or submit comments for the record to the Recording Secretary. Public comment and presentations for individual agenda items are limited as follows: fifteen minutes each for staff and applicant presentations, five minutes for a speaker representing a group, and three minutes for individual speakers unless extended by questions from the Board or by action of the Chair.

Response to Public Comment. The Board of Health can deliberate or take action only if a matter has been listed on an agenda properly posted prior to the meeting. During the public comment period, speakers may address matters listed or not listed on the published agenda. The *Open Meeting Law* does not expressly prohibit responses to public comments by the Board of Health. However, responses from the Board members to unlisted public comment topics could become deliberation on a matter without notice to the public. On the advice of legal counsel and to ensure the public has notice of all matters the Board of Health will consider, Board members may choose not to respond to public comments, except to correct factual inaccuracies, ask for Health District Staff action or to ask that a matter be listed on a future agenda. The Board of Health may do this either during the public comment item or during the following item: "Board Comments – Limited to Announcement or Issues for future Agendas."

Posting of Agenda; Location of Website.

Pursuant to NRS 241.020, Notice of this meeting was posted at the following locations:

Downtown Reno Library, 301 S. Center St., Reno

Reno City Hall, 1 E. 1st St., Reno, NV

Sparks City Hall, 431 Prater Way, Sparks, NV

Washoe County Administration Building, 1001 E. 9th St, Reno, NV Washoe County Health District Website <u>www.washoecounty.us/health</u> State of Nevada Website: <u>https://notice.nv.gov</u>

How to Get Copies of Agenda and Support Materials. Supporting materials are available to the public at the Washoe County Health District located at 1001 E. 9th Street, in Reno, Nevada. Ms. Dawn Spinola, Administrative Secretary to the District Board of Health is the person designated by the Washoe County District Board of Health to respond to requests for supporting materials. Ms. Spinola is located at the Washoe County Health District and may be reached by telephone at (775) 328-2415 or by email at <u>dspinola@washoecounty.us</u>. Supporting materials are also available at the Washoe County Health District Website www.washoecounty.us/health pursuant to the requirements of NRS 241.020.

Washoe County District Board of Health Meeting Minutes

Members Kitty Jung, Chair Julia Ratti, Vice Chair Oscar Delgado Dr. George Hess David Silverman Dr. John Novak Michael D. Brown Thursday, September 22, 2016 1:30 p.m.

Washoe County Administration Complex Commission Chambers, Building A 1001 East Ninth Street Reno, NV

1. Roll Call and Determination of Quorum

Chair Jung called the meeting to order at 1:03 p.m.

The following members and staff were present:

Members present: Kitty Jung, Chair Julia Ratti, Vice Chair (arrived at 1:33 p.m.) Mike Brown Dr. George Hess (arrived at 1:37 p.m.) Dr. John Novak Oscar Delgado David Silverman

Members absent: None

Ms. Spinola verified a quorum was present.

| Staff present: | Kevin Dick, District Health Officer, ODHO | | | |
|-------------------------------|--|--|--|--|
| | Leslie Admirand, Deputy District Attorney | | | |
| Steve Kutz, Director, CCHS | | | | |
| Charlene Albee, Director, AQM | | | | |
| | James English, Acting Director, EHS | | | |
| | Christina Conti, Acting Director, EPHP | | | |
| | Dawn Spinola, Administrative Secretary/Recording Secretary, ODHO | | | |

2. Pledge of Allegiance

Ms. Albee led the pledge to the flag.

3. Public Comment

Chair Jung opened the public comment period.

John Muran stated he was opposed to the destruction of Hillside Cemetery. He stated he had relatives buried there, and that they had purchased the physical property where they rested. He asked the Board to rescind the permit to disinter the bodies.

Ramona Richards stated she had six family members buried at Hillside Cemetery and that she had retained legal counsel to represent her in the matter. She requested the disinterment permit be revoked or the item be placed on an agenda so that it could be properly noticed. She opined the situation required further study and stated the plots were privately owned.

Frances Tryon stated she was speaking in support of the families of Hillside Cemetery. She requested the permit be rescinded so that they would have more time to gather information and determine their course of action.

Neil Brooks stated he was speaking regarding Hillside Cemetery, and had also retained counsel. He opined there had been legal issues that had not been considered during the issuance of the permit to disinter. He stated he held a copy of the deed that was issued to a relative. He requested the permit be pulled.

Michon Eben, of the Reno-Sparks Indian Colony, noted she was there to discuss the permit issued to Hillside Cemetery. She stated disinterment was disrespectful and unforgivable. The movement of the remains was against Native American's Creator spiritual laws. She requested the permit be revoked so that the Nation had an opportunity to comment.

Scott Nebesky noted that upon review of the permit, he had not located any information that indicated that the Health District had required air quality or erosion control permits for the actual disturbance of earth. He opined the permit should be pulled until all of the environmental impacts had been considered.

Chair Jung closed the public comment period.

4. Approval of Agenda

September 22, 2016

Mr. Silverman moved to approve the agenda for the September 22, 2016, District Board of Health regular meeting. Mr. Delgado seconded the motion which was approved five in favor and none against.

5. *Recognitions

A. New Hires

i. Melanie Flores, Program Coordinator, hired 8/29/16 - ODHO

Mr. Dick requested Ms. Flores stand and be recognized. He reviewed her background and experience and welcomed her.

- B. Departures
 - Melissa Peek Bullock, Epidemiologist, 11 years, hired 7/18/2005, departed 8/27/2016 – EPHP

Ms. Peek Bullock was not in attendance.

6. Consent Items

Matters which the District Board of Health may consider in one motion. Any exceptions to the Consent Agenda must be stated prior to approval.

A. Budget Amendments/Interlocal Agreements

i. Accept a Subgrant Award from the State of Nevada Department of Health and Human Services' Division of Public & Behavioral Health effective October 1, 2016 through September 30, 2017 for [\$23,000.00] with no County match required, to support the assessment and development of a Health District Workforce Development Plan, and authorize the District Health Officer to execute the Subgrant Award.

Staff Representative: Nancy Kerns-Cummins

B. Recommendation to Uphold Citations Not Appealed to the Air Pollution Control Hearing Board

Staff Representative: Charlene Albee

- i. Rees's Enterprises Case No. 1188, Citation No. 5536
- ii. Safeguard Restoration Inc. Case No. 1189, Citation No. 5577
- iii. Sierra Nevada Construction Case No. 1190, Citation No. 5538
- iv. Aspen Earthworks Case No. 1191, Citation No. 5579
- C. Acknowledge receipt of the Health District Fund Financial Review for August, Fiscal Year 2017
 Staff Representative: Anna Heenan
- D. Approval of Draft Minutes August 25, 2016

Dr. Novak moved to accept the Consent Agenda as presented. Vice Chair Ratti seconded the motion which was approved unanimously.

7. Regional Emergency Medical Services Authority

Presented by Dean Dow

A. Review and Acceptance of the Compliance Report for August 2016

Mr. Dow noted an increase in survey responses and explained that the age of the respondents will be included in future survey reports, if the responders provide that information.

Mr. Dow referred to a question on the survey that refers to satisfaction with service upon entrance to the medical facility, which experiences percentage variances. The language of the question will be addressed and modified to clarify that it refers specifically to REMSA staff. Mr. Dow stated he would provide a progress report on the issue.

Mr. Brown moved to accept the Compliance Report. Vice Chair Ratti seconded the motion which was approved unanimously.

*B.Operations Update for August 2016

Mr. Dow offered to answer any questions.

Chair Jung thanked him for taking the time to come to the meeting.

8. Discussion of Process and Presentation of Evaluation Forms for the District Health Officer's Annual Review and Possible Direction to Staff to conduct the evaluation. Presented by Kitty Jung

Chair Jung presented the item. She summarized it was up to the Board to determine if they were satisfied with the proposed list of evaluators. The name of the Acting Reno City Manager was updated.

Chair Jung asked the Board if they were satisfied with the list of questions to be asked. She opined Mr. Dick was the first District Health Officer who had functioned as an Administrator, and that has made all the difference for the Health District. She noted the review could be delayed by another month if the Board members would prefer to have more time to make the decision.

Vice Chair Ratti opined it was a good process and noted she was pleased to see that it included inter-governmental relations. She stated she would be comfortable utilizing the process

and supporting information as proposed. Dr. Novak said that he would be also.

Vice Chair Ratti moved to approve. Dr Novak seconded the motion which was approved unanimously.

9. *Staff Reports and Program Updates

A. Air Quality Management, Charlene Albee, Director Program Update, Divisional Update, Program Reports

Ms. Albee noted the discussion regarding the lack of environmental permits in place for Hillside Cemetery. She explained it was customary for projects to go completely through the planning phase and get all issues resolved prior to obtaining an air quality permit.

B. Community and Clinical Health Services, Steve Kutz, Director Program Report – Fetal Infant Mortality Review Program; Divisional Update – Medicaid and Marketplace Exchange Enrollment, Data & Metrics; Program Reports

Mr. Kutz stated he had nothing further to add but was available to answer questions.

C. Environmental Health Services, Bob Sack, Director EHS Division and Program Updates - Food, Land Development, Vector-Borne Disease, Waste Management and EHS Inspections / Permits / Plan Review

Mr. English stated he had nothing further to add but was available to answer questions.

D. Epidemiology and Public Health Preparedness, Dr. Randall Todd, Director Program Updates for Communicable Disease, Public Health Preparedness, and Emergency Medical Services.

Ms. Conti stated she had nothing further to add.

E. Office of the District Health Officer, Kevin Dick, District Health Officer District Health Officer Report – Prescription Drug Abuse, Regional License/Permit Program, Hillside Cemetery, Regional EMS Oversight, Legislature, Quality Improvement, Truckee Meadows Healthy Communities (TMHC), Community Health Improvement Plan, Other Events and Activities and Health District Media Contacts

Mr. Dick thanked the Board for adjusting the schedule of the meeting to accommodate the County safety drill.

Mr. Dick thanked Dr. Hess for attending the prescription drug abuse summit with him. He explained they had learned that the prescription drug abuse epidemic was very complex. Breakout groups were designed to receive recommendations from the audience for the Governor and his cabinet members to consider. The presentations are posted on the Governor's website and he anticipated a summary of the discussion and recommendations would be available there shortly.

Mr. Dick noted he had discussed the local public health role with the Nevada Health Authorities, and they had envisioned coordinating affected entities and conducting education and outreach. Dr. Hess opined the problem was predominantly driven by prescribers and health care staff, and opined the Health District could serve as a valuable education resource for the community. Additionally, he pointed out that the District and the hospitals collected a substantial amount of valuable data that could be reviewed for other aspects of the drug abuse challenge that was not currently being studied.

Chair Jung thanked Dr. Hess and Mr. Dick for representing the District.

Mr. Dick stated the new go-live date for the regional license and permit program was October 31. The oversight committee had made the determination to not extend it beyond that. Staff has expressed that they feel that date is achievable, particularly since it will be preceded by a three-day weekend which will allow the data sufficient time to transfer from the existing system. Staff will come in on Sunday, October 30, to test the conversion.

Mr. Dick stated he had provided a one-year extension for the Hillside Cemetery permit in accordance with Nevada Revised Statute 451.045. The permit had been issued based on assessment and the conclusion that the disinterment did not pose a public health threat to the community. The permit does not absolve the cemetery from any other responsibilities under the law. Mr. Dick recognized that there are a number of religious, spiritual, personal, cultural and historical issues involved with the situation. He explained his role was as the public health authority, complying with what the Statute requires.

Vice Chair Ratti stated she had a clear understanding of what the Health District's scope is regarding the cemetery, which is to protect the public health. She asked who the permit was issued to. Mr. Dick answered that it was issued to Sierra Memorial Gardens. Deputy District Attorney (DDA) Admirand noted they would be considered to be the cemetery authority.

Vice Chair Ratti opined this was a unique situation in which the families owned title to their plot. She asked if the permit had been issued to the correct entity, asking if they were eligible for a permit for activity on land they do not own. DDA Admirand stated she did not believe that had been reviewed.

Mr. Dick reiterated the permit had been issued to the cemetery authority based on the application provided. The law allows cemetery authorities to disinter. He stated there had not been a legal analysis of the parcels involved. Vice Chair Ratti opined that now that the Board and staff had been made aware that the plots were individually owned, the permit should be reviewed again with that in mind. Chair Jung asked DDA Admirand to look into it and report back to the Board.

Vice Chair Ratti opined the Reno-Sparks Indian Colony representative had brought up interesting questions regarding sovereign nations having different legal privileges, to include federal laws. She asked if that aspect had been reviewed. DDA Admirand stated the question had not been raised. Vice Chair Ratti asked that be looked at as well.

Chair Jung requested the legal opinion of the answers to those questions be sent to the Board in a report. An item on an agenda was not necessary.

10. *Board Comment

Vice Chair Ratti announced that she had submitted her name as an applicant to be appointed to fill the Senate seat vacated by the passing of Debbie Smith. On September 27th, the Board of County Commissioners will appoint an applicant to fill the vacancy. The Governor may call for a special session to confirm the appointment. If and when that occurs and Ms. Ratti is confirmed, it will be necessary for her to resign from both the Sparks City Council and the District Board of Health the day before she takes the Oath of Office.

Dr. Hess requested the draft minutes be listed as the first item under Consent.

Mr. Silverman wished Vice Chair Ratti good luck.

11. *Public Comment

Kathy Brandhorst discussed challenges faced by uninsured persons.

12. Adjournment

Chair Jung adjourned the meeting at 2:16 p.m.

Respectfully submitted,

tin f. Dil

Kevin Dick, District Health Officer Secretary to the District Board of Health

Dawn Spinola, Administrative Secretary Recording Secretary

Approved by Board in session on_____, 2016.

STAFF REPORT BOARD MEETING DATE: October 27, 2016

TO: District Board of Health

FROM: Steve Kutz, RN, MPH, Director, Community and Clinical Health Services 775-328-6159; <u>skutz@washoecounty.us</u>

Nancy Kerns Cummins, Fiscal Compliance Officer 775-328-2419; <u>nkcummins@washoecounty.us</u>

SUBJECT: Approve the modification of the Community and Clinical Health Services pharmaceutical fee schedule to add Cipro 500mg.

SUMMARY

The Washoe County District Board of Health must approve changes to the adopted fee schedule.

Community and Clinical Health Services (CCHS) is requesting approval to modify the fee schedule with the addition of Cipro 500mg.

Health District Strategic Priorities supported by this item:

Healthy Lives: Improve the health of our community by empowering individuals to live healthier lives.

Financial Stability: Enable the Health District to make long-term commitments in areas that will positively impact the community's health by growing reliable sources of income.

PREVIOUS ACTION

On August 25, 2016, the Board approved modifying the fee structure for prescription and non-prescription drugs, specifically codes J8499 and A9150.

On October 22, 2015, the Board approved revisions to the fee schedule for the CCHS Division and authorized yearly increases using the Consumer Price Index for the Western Region.

BACKGROUND

When the Board approved the revision of CCHS clinical fees in October 2015, Cipro 750mg was included in the fee schedule. The clinic has the need to prescribe Cipro 500mg, used in the treatment

Subject: Modify the CCHS Fee Schedule Date: October 27, 2016 Page **2** of **2**

of certain infections. The cost per dose of Cipro 750mg is \$.68 per dose; Cipro 500mg per dose fee will also be \$.68 utilizing the Relative Value System (RVS).

FISCAL IMPACT

There is no fiscal impact to the FY17 adopted budget based on the relatively low level of need to prescribe this medication.

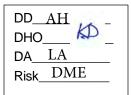

RECOMMENDATION

Approve the modification of the Community and Clinical Health Services pharmaceutical fee schedule to add Cipro 500mg.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be "move to approve the modification of the Community and Clinical Health Services pharmaceutical fee schedule to add Cipro 500mg."

STAFF REPORT BOARD MEETING DATE: October 27, 2016

- **TO:** District Board of Health
- FROM: Patsy Buxton, Fiscal Compliance Officer 775-328-2418, pbuxton@washoecounty.us
- **SUBJECT:** Approval of Notice of Subgrant Award from the Nevada Department of Health and Human Services, Division of Public and Behavioral Health, for the period November 1, 2016 through June 30, 2017 in the total amount of \$33,927 (with \$3,392.70 or 10% match) in support of the Centers for Disease Control and Prevention (CDC) Public Health Preparedness BP5 Carryover Program; and if approved authorize the District Health Officer to execute the Subgrant Award; Approval of Point of Dispensing (POD) supplies (signage kits) donation to POD partners; and if approved, authorize the District Health Officer to distribute supplies including signing all necessary paperwork.

SUMMARY

The Washoe County District Board of Health must approve and execute Interlocal Agreements. The District Health Officer is authorized to execute agreements on the Board of Health's behalf not to exceed a cumulative amount of \$50,000 per contractor; over \$50,000 up to \$100,000 would require the approval of the Chair or the Board designee.

The Washoe County Health District received the Notice of Subgrant Award from the Division of Public and Behavioral Health for the period November 1, 2016 through June 30, 2017 in the total amount of \$33,927 in support of the CDC Public Health Preparedness BP5 Carryover Grant Program, IO TBA. A copy of the Notice of Subgrant Award is attached.

The Washoe County Health District's Public Health Preparedness Program requests permission to provide POD supplies (signage kits) to our POD partners exercising POD plans to increase their preparedness. POD partners that may receive the signage kits include but is not limited to: Reno-Sparks Indian Colony, Incline Village, Washoe County Sheriff's Office, Circus Circus, and Life Care Center of Reno.

District Health Strategic Objective supported by this item:

- 1. **Impactful Partnerships:** Extend our impact by leveraging partnerships to make meaningful progress on health issues.
- 2. **Organizational Capacity:** Strengthen our workforce and increase operational capacity to support a growing population.

Subject: Approval of Notice of Subgrant Award – CDC Public Health Preparedness BP5 Carryover Program Date: October 27, 2016 Page 2 of 3

This item supports the Epidemiology and Public Health Preparedness (EPHP) Division's mission to strengthen the capacity of public health infrastructure to detect, assess, and respond decisively to control the public health consequences of bioterrorism events or any public health emergency.

PREVIOUS ACTION

The Board approved the Notice of Subgrant Award for the period July 1, 2016 through June 30, 2017 in the total amount of \$649,712 on August 25, 2016.

BACKGROUND/GRANT AWARD SUMMARY

Project/Program Name: CDC Public Health Preparedness BP5 Carryover Program

Scope of the Project: The Subgrant Award scope of work addresses the following capabilities:

- Emergency Public Information and Warning
- Fatality Management
- Mass Care
- Medical Countermeasure Dispensing
- Responder Safety and Health

Benefit to Washoe County Residents: This Award supports the Epidemiology and Public Health Preparedness (EPHP) Division's mission to strengthen the capacity of public health infrastructure to detect, assess, and respond decisively to control the public health consequences of bioterrorism events or any public health emergency.

On-Going Program Support: These funds support on-going activities in the Public Health Preparedness Program.

| Award Amount: | Total award is \$33,927 (\$30,843 direct/\$3,084 indirect) | | | | |
|--|--|--|--|--|--|
| Grant Period: | November 1, 2016 – June 30, 2017 | | | | |
| Funding Source: | Centers for Disease Control and Prevention (CDC) | | | | |
| Pass Through Entity: | State of Nevada, Department of Health and Human Services Division of Public & Behavioral Health | | | | |
| CFDA Number: | 93.069 | | | | |
| Grant ID Number: | 5NU90TP000534-05-00 | | | | |
| Match Amount and Type: expenditures | 10% match is required and is met through Shared Services | | | | |

Sub-Awards and Contracts: No Sub-Awards are anticipated.

Subject: Approval of Notice of Subgrant Award – CDC Public Health Preparedness BP5 Carryover Program Date: October 27, 2016 Page **3** of **3**

FISCAL IMPACT

The Board of County Commissioners will be requested to approve the following:

As this carryover was not anticipated in the FY17 budget, a budget amendment in the amount of \$30,843 is necessary to bring the Notice of Subgrant Award into alignment with the direct program budget.

No amendment is necessary for indirect revenue.

Should the BCC approve these budget amendments, the FY17 budget will be increased by \$30,843 in the following accounts:

| Account Number 2002-IO-TBA | -431100 | <u>Description</u> Federal Revenue Total Revenue | Amount of Increase/(Decrease) \$30,843.00 \$30,843.00 |
|-------------------------------|--------------------|--|--|
| 2002-IO-TBA | -710100 -710300 | Professional Services Operating Supplies Total Expenditures | \$ 5,900.00 \$24,943.00 \$30,843.00 |

RECOMMENDATION

Staff recommends that the District Board of Health approve the Notice of Subgrant Award from the Nevada Department of Health and Human Services, Division of Public and Behavioral Health, for the period November 1, 2016 through June 30, 2017 in the total amount of \$33,927 (with \$3,392.70 or 10% match) in support of the Centers for Disease Control and Prevention (CDC) Public Health Preparedness BP5 Carryover Program; and if approved authorize the District Health Officer to execute the Subgrant Award; Approve Point of Dispensing (POD) supplies (signage kits) donation to POD partners; and if approved, authorize the District Health Officer to distribute supplies including signing all necessary paperwork.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be "Move to approve the Notice of Subgrant Award from the Nevada Department of Health and Human Services, Division of Public and Behavioral Health, for the period November 1, 2016 through June 30, 2017 in the total amount of \$33,927 (with \$3,392.70 or 10% match) in support of the Centers for Disease Control and Prevention (CDC) Public Health Preparedness BP5 Carryover Program; and if approved authorize the District Health Officer to execute the Subgrant Award; Approve Point of Dispensing (POD) supplies (signage kits) donation to POD partners; and if approved, authorize the District Health Officer to distribute supplies including signing all necessary paperwork."

SECTION A

Assurances

As a condition of receiving subgranted funds from the Nevada State Division of Public and Behavioral Health, the Subgrantee agrees to the following conditions:

- 1. Grant funds may not be used for other than the awarded purpose. In the event Subgrantee expenditures do not comply with this condition, that portion not in compliance must be refunded to the Division.
- 2. To submit reimbursement requests only for expenditures approved in the spending plan. Any additional expenditure beyond what is allowable based on approved categorical budget amounts, without prior written approval by the Division, may result in denial of reimbursement.
- 3. Approval of subgrant budget by the Division constitutes prior approval for the expenditure of funds for specified purposes included in this budget. Unless otherwise stated in the Scope of Work the transfer of funds between budgeted categories without written prior approval from the Division is not allowed under the terms of this subgrant. Requests to revise approved budgeted amounts must be made in writing and provide sufficient narrative detail to determine justification.
- 4. Recipients of subgrants are required to maintain subgrant accounting records, identifiable by subgrant number. Such records shall be maintained in accordance with the following:
 - a. Records may be destroyed not less than three years (unless otherwise stipulated) after the final report has been submitted if written approval has been requested and received from the Administrative Services Officer (ASO) of the Division. Records may be destroyed by the Subgrantee five (5) calendar years after the final financial and narrative reports have been submitted to the Division.
 - b. In all cases an overriding requirement exists to retain records until resolution of any audit questions relating to individual subgrants.

Subgrant accounting records are considered to be all records relating to the expenditure and reimbursement of funds awarded under this subgrant award. Records required for retention include all accounting records and related original and supporting documents that substantiate costs charged to the subgrant activity.

- 5. To disclose any existing or potential conflicts of interest relative to the performance of services resulting from this subgrant award. The Division reserves the right to disqualify any subgrantee on the grounds of actual or apparent conflict of interest. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of funding.
- To comply with the requirements of the Civil Rights Act of 1964, as amended, and the Rehabilitation Act of 1973, P.L. 93-112, as amended, and any relevant program-specific regulations, and shall not discriminate against any employee or offeror for employment because of race, national origin, creed, color, sex, religion, age, disability or handicap condition (including AIDS and AIDS-related conditions).
- To comply with the Americans with Disability Act of 1990, P.L. 101-136, 42 U.S.C. 12101, as amended, and regulations adopted thereunder contained in 28 C.F.R. 26.101-36.999 inclusive and any relevant program-specific regulations
- 8. To comply with the requirements of the Health Insurance Portability and Accountability Act (HIPAA) of 1996, 45 C.F.R. 160, 162 and 164, as amended. If the subgrant award includes functions or activities that involve the use or disclosure of protected health information (PHI) then the subgrantee agrees to enter into a Business Associate Agreement with the Division as required by 45 C.F.R. 164.504(e). If PHI will not be disclosed then a Confidentiality Agreement will be entered into.
- 9. Subgrantee certifies, by signing this notice of subgrant award, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency. This certification is made pursuant to regulations implementing Executive Order 12549, Debarment and Suspension, 28 C.F.R. pr. 67 § 67.510, as published as pt. VII of May 26, 1988, Federal Register (pp. 19150-19211). This provision shall be required of every subgrantee receiving any payment in whole or in part from federal funds.

- 10. Sub-grantee agrees to comply with the requirements of the Title XII Public Law 103-227, the "PRO-KIDS Act of 1994," smoking may not be permitted in any portion of any indoor facility owned or regularly used for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments. Federal programs include grants, cooperative agreements, loans and loan guarantees, and contracts. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug and alcohol treatment.
- 11. Whether expressly prohibited by federal, state, or local law, or otherwise, that no funding associated with this subgrant will be used for any purpose associated with or related to lobbying or influencing or attempting to lobby or influence for any purpose the following:
 - a. Any federal, state, county or local agency, legislature, commission, council, or board;
 - b. Any federal, state, county or local legislator, commission member, council member, board member, or other elected official; or
 - c. Any officer or employee of any federal, state, county or local agency, legislature, commission, council or board.
- 12. Division subgrants are subject to inspection and audit by representative of the Division, Nevada Department of Health and Human Services, the State Department of Administration, the Audit Division of the Legislative Counsel Bureau or other appropriate state or federal agencies to:
 - a. Verify financial transactions and determine whether funds were used in accordance with applicable laws, regulations and procedures;
 - b. Ascertain whether policies, plans and procedures are being followed;
 - c. Provide management with objective and systematic appraisals of financial and administrative controls, including information as to whether operations are carried out effectively, efficiently and economically; and
 - d. Determine reliability of financial aspects of the conduct of the project.
- 13. Any audit of Subgrantee's expenditures will be performed in accordance with generally accepted government auditing standards to determine there is proper accounting for and use of subgrant funds. It is the policy of the Division, as well as federal requirement as specified in the Office of Management and Budget (2 CFR § 200.501(a)), revised December 26, 2013, that each grantee annually expending \$750,000 or more in federal funds have an annual audit prepared by an independent auditor in accordance with the terms and requirements of the appropriate circular. A COPY OF THE FINAL AUDIT REPORT MUST BE SENT TO:

Nevada State Division of Public and Behavioral Health Attn: Contract Unit 4150 Technology Way, Suite 300 Carson City, NV 89706-2009

This copy of the final audit must be sent to the Division within nine (9) months of the close of the subgrantee's fiscal year. To acknowledge this requirement, Section E of this notice of subgrant award must be completed.

THIS SPACE INTENTIONALLY LEFT BLANK

SECTION B

Description of Services, Scope of Work and Deliverables

Washoe County Health District, hereinafter referred to as Subgrantee, agrees to provide the following services and reports according to the identified timeframes:

- The attached Detailed Work Plan (Attachment 2) is for Budget Period 5 carryover, November 1, 2016 through June 30, 2017 and is broken down by capability, function and activity. The Detailed Work Plan contains the estimated funding, activity description, output documentation and estimated date of completion for each activity broken down by Capability.
- Achievements of Capability Objectives for this budget period are to be completed by June 30, 2017. Outcome of
 the funded Capabilities will be measured by Nevada State Division of Public and Behavioral Health (Division).
 Each funded capability requires substantial achievement and demonstration of completion as specified in the
 Detailed Work Plan of the funded functions and resource elements. If objectives are not met, Division may
 reduce the amount of this subgrant award and reallocate funding to other preparedness priorities within the state.
- Submit written Progress Reports to the Division electronically on or before:

| \triangleright | January 31, 2017 | 2 nd Quarter Progress Report | (For the period of 11/1/16 - 12/31/16) |
|------------------|------------------|---|--|
| \succ | April 30, 2017 | 3 rd Quarter Progress Report | (For the period of 11/1/16 – 3/31/17) |
| \triangleright | July 31, 2017 | Final Progress Report | (For the period of 11/1/16 – 6/30/17) |

- Submit written Quarterly Match Sharing Report to the Division electronically on or before:
 - ➢ January 31, 2017 2nd Quarter
 - > April 30, 2017 3rd Quarter
 - > July 31, 2017 4th Quarter

(For the period of 11/1/16 - 12/31/16) (For the period of 1/1/17 - 3/31/17) (For the period of 4/1/17 - 6/30/17)

Additional information may be requested by the Division, as needed, due to evolving state and federal reporting requirements.

SECTION C

Budget and Financial Reporting Requirements

Identify the source of funding on all printed documents purchased or produced within the scope of this subgrant, using a statement similar to: "This publication (journal, article, etc.) was supported by the Nevada State Division of Public and Behavioral Health through Grant Number 5NU90TP000534-05-00 from the Centers for Disease Control and Prevention (CDC). Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Division nor the CDC."

Any activities performed under this subgrant shall acknowledge the funding was provided through the Division by Grant Number 5NU90TP000534-05-00 from the CDC.

Subgrantee agrees to adhere to the following budget:

| Category | | Total cost | Detailed cost | Details of expected expenses |
|-------------------------------|----|------------|----------------------|---|
| 1. Personnel | \$ | 0 | | |
| | | | | |
| 2. Travel | \$ | 0 | | |
| | | | | |
| 3. Supplies | \$ | 23,043 | | |
| | | | \$ 6,000 | Powered Air Purifying Respirator (PAPR) |
| | | | ¢ 4.500 | \$1,200/PAPR x 5 PAPRs = \$6,000 |
| | | | \$ 4,500 | Bleeding Control Kits \$900/kit x 5 kits = \$4,500 |
| | | | ¢ 2,002 | $\frac{5900}{kll \times 5} = 54,500$ POD Signs |
| | | | \$ 2,002 \$ 5,720 | |
| | | | | McKesson Triage Supplies |
| | | | | BoundTree Medical Triage Supplies Mobile Medical Facility Supplies |
| | | | \$ 1,860 | Mobile Medical Facility Supplies |
| | ¢ | 0 | | |
| 4. Equipment | \$ | 0 | | |
| 5. Contractual/ Consultant | \$ | 5,900 | | |
| | • | | \$ 2,950 | Mobile Medical Facility Model and Plan Contractor |
| | | | * 0.050 | Contractor fee =\$2,950 |
| | | | \$ 2,950 | CMS-T332 radio training |
| | | | | Training fee = \$2,950 |
| 6. Other | \$ | 1,900 | | |
| | Ψ | 1,000 | \$ 1,900 | Regional Resource Guides |
| | | | φ 1,500 | \$12.26/guide x 155 guides = \$1,900 |
| | | | | φ12.20/guide x 100 guides = φ1,000 |
| 7. Indirect | \$ | 3,084 | | |
| | Ŧ | -, | \$ 3,084 | Indirect rate @ 10% |
| | | | | \$30,843 x 10% = \$3,084 |
| | | | | · · · · |
| Total Cost | \$ | 33,927 | | |
| | Φ | 33,921 | | |

Division of Public and Behavioral Health policy is to allow no more than 10% flexibility (no more than a cumulative amount of \$3,392.70), within approved Scope of Work, unless otherwise authorized. Upon reaching the 10% funding adjustment threshold, additional adjustments between categories cannot be made without prior written approval from the Division. Changes to the Scope of Work cannot be made without prior approval from the Division and the federal funding agency. Redirect requests may not be submitted within 60 days of the close of the subgrant period. Approval from Program Manager is required on all redirects.

- Meal/Food Costs: Subgrantee should continue to exercise due diligence in reviewing meals served at meetings, training exercises, and similar events to ensure that this activity has been included in their approved spend plans and budgets. The criteria for determining allowable expenses for upcoming meetings and conferences where meals will be served are:
 - Meals must be a necessary part of a working meeting (or training), integral to full participation in the business of the meeting, i.e., meals may not be taken elsewhere without attendees missing essential formal discussions, lectures, or speeches concerning the purpose of the meeting or training.
 - Meal costs are not duplicated in participants' per diem or subsistence allowances.
 - Meeting participants (majority) are traveling from a distance of more than 50 miles.
 - Guest meals (i.e., meals for non-essential attendees) are not allowable.
- Equipment purchased with these funds belongs to the federal program from which this funding was appropriated and shall be returned to the program upon termination of this agreement.
- Travel expenses, per diem, and other related expenses must conform to the procedures and rates allowed for State officers and employees. It is the Policy of the Board of Examiners to restrict contractors/Subgrantees to the same rates and procedures allowed State Employees. The State of Nevada reimburses at rates comparable to the rates established by the US General Services Administration, with some exceptions (State Administrative Manual 0200.0 and 0320.0).

Subgrantee agrees to request reimbursement according to the schedule specified below for the actual expenses incurred related to the Scope of Work during the subgrant period.

- Submit monthly Requests for Reimbursement no later than 30 days following the end of the month; submit a Request for Reimbursement for activities completed through the month of June no later than July 31, 2017. The final Request for Reimbursement date is subject to change upon direction from the Division.
- The maximum available through the subgrant is \$33,927.00.
- Requests for Reimbursement will be accompanied by supporting documentation, including a line item description of expenses incurred;
- Provide complete travel detail including purpose of travel and attach copies of travel claim summary (if available).
- Attached invoice copies for all items listed in Contract/Consultant and Equipment. Also attach invoices for all Supplies and Other purchases that are over \$500 per item. **NOTE:** Supplies are items which have a consumable life of less than 1 year and Equipment are items over \$5,000 per item OR have a consumable life of over 1 year (ie: laptops, iPads, printers, etc...).
- Costs associated with food or meals are NOT permitted unless included with per diem as a part of official travel. Meals cannot be claimed within 50 miles of the official workstation.
- Additional expenditure detail will be provided upon request from the Division.
- Subgrantee agrees to Match a nonfederal contribution in the amount of 10% (\$1 for each \$10 of federal funds provided in this subgrant). The Match for budget period will be \$3,392.70. This Match may be provided directly or through donations from public or private entities and may be in cash or in kind, fairly evaluated, including plant, equipment or services. Amounts provided by the federal government or services assisted or subsidized to any significant extent by the federal government may not be included in determining the amount of such nonfederal contributions. Documentation of match, including methods and sources must be available upon request of Division. Subgrantee will sign attached Match Certification (Attachment 1).

Additionally, the Subgrantee agrees to provide:

- Provide a copy of all plans developed and all After Action Reports (AAR) for exercises within 45 days of completion.
- A complete financial accounting of all expenditures to the Division within 30 days of the CLOSE OF THE SUBGRANT PERIOD. Any un-obligated funds shall be returned to the Division at that time, or if not already requested, shall be deducted from the final award.

The Division agrees:

- Review and approve activities through programmatic and fiscal reports and conduct annual site visits at the Subgrantee's physical site as necessary.
- Provide technical assistance, upon request from the Subgrantee.
- The Division reserves the right to hold reimbursement under this subgrant until any delinquent forms, reports, and expenditure documentation are submitted to and accepted by the Division.

Both parties agree:

- Based on the bi-annual narrative progress and financial reporting forms, as well as site visit findings, if it appears to the Nevada State Division of Public and Behavioral Health that activities will not be completed in time specifically designated in the Scope of Work, or project objectives have been met at a lesser cost than originally budgeted, the Nevada State Division of Public and Behavioral Health may reduce the amount of this subgrant award and reallocate funding to other preparedness priorities within the state. This includes but is not limited to:
 - o Reallocating funds between the subgrantee's categories, and
 - Reallocating funds to another subgrantee or funding recipient to address other identified PHP priorities, by removing it from this agreement through a subgrant amendment.
- The Subgrantee will, in the performance of the Detailed Work Plan specified in this subgrant, perform functions and/or activities that could involve confidential information; therefore, the Subgrantee is requested to fill out and sign Section F, which is specific to this subgrant, and will be in effect for the term of this subgrant.
- All reports of expenditures and requests for reimbursement processed by the Division are SUBJECT TO AUDIT.
- This subgrant agreement may be TERMINATED by either party prior to the date set forth on the Notice of Subgrant Award, provided the termination shall not be effective until <u>30 days</u> after a party has served written notice upon the other party. This agreement may be terminated by mutual consent of both parties or unilaterally by either party without cause. The parties expressly agree that this Agreement shall be terminated immediately if for any reason the Division, state, and/or federal funding ability to satisfy this Agreement is withdrawn, limited, or impaired.

Financial Reporting Requirements

- A Request for Reimbursement is due on a <u>monthly or quarterly</u> basis, based on the terms of the subgrant agreement, no later than the 30th of the month.
- Reimbursement is based on <u>actual</u> expenditures incurred during the period being reported.
- Payment will not be processed without all reporting being current.
- Reimbursement may only be claimed for expenditures approved within the Notice of Subgrant Award.

SECTION F

Business Associate Addendum

BETWEEN

Nevada Division of Public and Behavioral Health

Hereinafter referred to as the "Covered Entity"

and

Washoe County Health District

Hereinafter referred to as the "Business Associate"

PURPOSE. In order to comply with the requirements of HIPAA and the HITECH Act, this Addendum is hereby added and made part of the agreement between the Covered Entity and the Business Associate. This Addendum establishes the obligations of the Business Associate and the Covered Entity as well as the permitted uses and disclosures by the Business Associate of protected health information it may possess by reason of the agreement. The Covered Entity and the Business Associate shall protect the privacy and provide for the security of protected health information disclosed to the Business Associate pursuant to the agreement and in compliance with the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 ("HIPAA"), the Health Information Technology for Economic and Clinical Health Act, Public Law 111-5 ("the HITECH Act"), and regulation promulgated there under by the U.S. Department of Health and Human Services (the "HIPAA Regulations") and other applicable laws.

WHEREAS, the Business Associate will provide certain services to the Covered Entity, and, pursuant to such arrangement, the Business Associate is considered a business associate of the Covered Entity as defined in HIPAA, the HITECH Act, the Privacy Rule and Security Rule; and

WHEREAS, Business Associate may have access to and/or receive from the Covered Entity certain protected health information, in fulfilling its responsibilities under such arrangement; and

WHEREAS, the HIPAA Regulations, the HITECH Act, the Privacy Rule and the Security Rule require the Covered Entity to enter into an agreement containing specific requirements of the Business Associate prior to the disclosure of protected health information, as set forth in, but not limited to, 45 CFR Parts 160 & 164 and Public Law 111-5.

THEREFORE, in consideration of the mutual obligations below and the exchange of information pursuant to this Addendum, and to protect the interests of both Parties, the Parties agree to all provisions of this Addendum.

- I. DEFINITIONS. The following terms shall have the meaning ascribed to them in this Section. Other capitalized terms shall have the meaning ascribed to them in the context in which they first appear.
 - 1. **Breach** means the unauthorized acquisition, access, use, or disclosure of protected health information which compromises the security or privacy of the protected health information. The full definition of breach can be found in 42 USC 17921 and 45 CFR 164.402.
 - 2. **Business Associate** shall mean the name of the organization or entity listed above and shall have the meaning given to the term under the Privacy and Security Rule and the HITECH Act. For full definition refer to 45 CFR 160.103.
 - 3. **CFR** stands for the Code of Federal Regulations.
 - 4. **Agreement** shall refer to this Addendum and that particular agreement to which this Addendum is made a part.
 - 5. **Covered Entity** shall mean the name of the Division listed above and shall have the meaning given to such term under the Privacy Rule and the Security Rule, including, but not limited to 45 CFR 160.103.
 - 6. **Designated Record Set** means a group of records that includes protected health information and is maintained by or for a covered entity or the Business Associate that includes, but is not limited to, medical, billing, enrollment, payment, claims adjudication, and case or medical management records. Refer to 45 CFR 164.501 for the complete definition.
 - 7. **Disclosure** means the release, transfer, provision of, access to, or divulging in any other manner of information outside the entity holding the information as defined in 45 CFR 160.103.

- 8. Electronic Protected Health Information means individually identifiable health information transmitted by electronic media or maintained in electronic media as set forth under 45 CFR 160.103.
- 9. Electronic Health Record means an electronic record of health-related information on an individual that is created, gathered, managed, and consulted by authorized health care clinicians and staff. Refer to 42 USC 17921.
- 10. **Health Care Operations** shall have the meaning given to the term under the Privacy Rule at 45 CFR 164.501.
- 11. **Individual** means the person who is the subject of protected health information and is defined in 45 CFR 160.103.
- 12. **Individually Identifiable Health Information** means health information, in any form or medium, including demographic information collected from an individual, that is created or received by a covered entity or a business associate of the covered entity and relates to the past, present, or future care of the individual. Individually identifiable health information is information that identifies the individual directly or there is a reasonable basis to believe the information can be used to identify the individual. Refer to 45 CFR 160.103.
- 13. Parties shall mean the Business Associate and the Covered Entity.
- 14. **Privacy Rule** shall mean the HIPAA Regulation that is codified at 45 CFR Parts 160 and 164, Subparts A, D and E.
- 15. **Protected Health Information** means individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. Refer to 45 CFR 160.103 for the complete definition.
- 16. Required by Law means a mandate contained in law that compels an entity to make a use or disclosure of protected health information and that is enforceable in a court of law. This includes, but is not limited to: court orders and court-ordered warrants; subpoenas, or summons issued by a court; and statues or regulations that require the provision of information if payment is sought under a government program providing public benefits. For the complete definition refer to 45 CFR 164.103.
- 17. **Secretary** shall mean the Secretary of the federal Department of Health and Human Services (HHS) or the Secretary's designee.
- 18. **Security Rule** shall mean the HIPAA regulation that is codified at 45 CFR Parts 160 and 164 Subparts A and C.
- 19. **Unsecured Protected Health Information** means protected health information that is not rendered unusable, unreadable, or indecipherable to unauthorized individuals through the use of a technology or methodology specified by the Secretary in the guidance issued in Public Law 111-5. Refer to 42 USC 17932 and 45 CFR 164.402.
- 20. **USC** stands for the United States Code.

II. OBLIGATIONS OF THE BUSINESS ASSOCIATE.

- Access to Protected Health Information. The Business Associate will provide, as directed by the Covered Entity, an individual or the Covered Entity access to inspect or obtain a copy of protected health information about the Individual that is maintained in a designated record set by the Business Associate or, its agents or subcontractors, in order to meet the requirements of the Privacy Rule, including, but not limited to 45 CFR 164.524 and 164.504(e) (2) (ii) (E). If the Business Associate maintains an electronic health record, the Business Associate or, its agents or subcontractors shall provide such information in electronic format to enable the Covered Entity to fulfill its obligations under the HITECH Act, including, but not limited to 42 USC 17935.
- Access to Records. The Business Associate shall make its internal practices, books and records relating to the use and disclosure of protected health information available to the Covered Entity and to the Secretary for purposes of determining Business Associate's compliance with the Privacy and Security Rule in accordance with 45 CFR 164.504(e)(2)(ii)(H).
- 3. Accounting of Disclosures. Promptly, upon request by the Covered Entity or individual for an accounting of disclosures, the Business Associate and its agents or subcontractors shall make available to the Covered Entity or the individual information required to provide an accounting of disclosures in accordance with 45 CFR 164.528, and the HITECH Act, including, but not limited to 42 USC 17935. The accounting of disclosures, whether electronic or other media, must include the requirements as outlined under 45 CFR 164.528(b).
- 4. Agents and Subcontractors. The Business Associate must ensure all agents and subcontractors to whom it provides protected health information agree in writing to the same restrictions and conditions that apply to the Business Associate with respect to all protected health information accessed, maintained, created, retained, modified, recorded, stored, destroyed, or otherwise held, transmitted, used or disclosed by the agent or subcontractor. The Business Associate must implement and maintain sanctions against agents and

subcontractors that violate such restrictions and conditions and shall mitigate the effects of any such violation as outlined under 45 CFR 164.530(f) and 164.530(e)(1).

- 5. Amendment of Protected Health Information. The Business Associate will make available protected health information for amendment and incorporate any amendments in the designated record set maintained by the Business Associate or, its agents or subcontractors, as directed by the Covered Entity or an individual, in order to meet the requirements of the Privacy Rule, including, but not limited to, 45 CFR 164.526.
- 6. Audits, Investigations, and Enforcement. The Business Associate must notify the Covered Entity immediately upon learning the Business Associate has become the subject of an audit, compliance review, or complaint investigation by the Office of Civil Rights or any other federal or state oversight agency. The Business Associate shall provide the Covered Entity with a copy of any protected health information that the Business Associate provides to the Secretary or other federal or state oversight agency. The Business Associate and information to the Secretary or other federal or state oversight agency. The Business Associate and individuals associated with the Business Associate are solely responsible for all civil and criminal penalties assessed as a result of an audit, breach, or violation of HIPAA or HITECH laws or regulations. Reference 42 USC 17937.
- 7. Breach or Other Improper Access, Use or Disclosure Reporting. The Business Associate must report to the Covered Entity, in writing, any access, use or disclosure of protected health information not permitted by the agreement, Addendum or the Privacy and Security Rules. The Covered Entity must be notified immediately upon discovery or the first day such breach or suspected breach is known to the Business Associate or by exercising reasonable diligence would have been known by the Business Associate in accordance with 45 CFR 164.410, 164.504(e)(2)(ii)(C) and 164.308(b) and 42 USC 17921. The Business Associate must report any improper access, use or disclosure of protected health information by: the Business Associate or its agents or subcontractors. In the event of a breach or suspected breach of protected health information, the report to the Covered Entity must be in writing and include the following: a brief description of the incident; the date of the incident; the date the incident was discovered by the Business Associate: a thorough description of the unsecured protected health information that was involved in the incident; the number of individuals whose protected health information was involved in the incident; and the steps the Business Associate is taking to investigate the incident and to protect against further incidents. The Covered Entity will determine if a breach of unsecured protected health information has occurred and will notify the Business Associate of the determination. If a breach of unsecured protected health information is determined, the Business Associate must take prompt corrective action to cure any such deficiencies and mitigate any significant harm that may have occurred to individual(s) whose information was disclosed inappropriately.
- 8. **Breach Notification Requirements.** If the Covered Entity determines a breach of unsecured protected health information by the Business Associate has occurred, the Business Associate will be responsible for notifying the individuals whose unsecured protected health information was breached in accordance with 42 USC 17932 and 45 CFR 164.404 through 164.406. The Business Associate must provide evidence to the Covered Entity that appropriate notifications to individuals and/or media, when necessary, as specified in 45 CFR 164.404 and 45 CFR 164.406 has occurred. The Business Associate is responsible for all costs associated with notification to individuals, the media or others as well as costs associated with mitigating future breaches. The Business Associate must notify the Secretary of all breaches in accordance with 45 CFR 164.408 and must provide the Covered Entity with a copy of all notifications made to the Secretary.
- 9. **Breach Pattern or Practice by Covered Entity.** Pursuant to 42 USC 17934, if the Business Associate knows of a pattern of activity or practice of the Covered Entity that constitutes a material breach or violation of the Covered Entity's obligations under the Contract or Addendum, the Business Associate must immediately report the problem to the Secretary.
- 10. Data Ownership. The Business Associate acknowledges that the Business Associate or its agents or subcontractors have no ownership rights with respect to the protected health information it accesses, maintains, creates, retains, modifies, records, stores, destroys, or otherwise holds, transmits, uses or discloses.
- 11. Litigation or Administrative Proceedings. The Business Associate shall make itself, any subcontractors, employees, or agents assisting the Business Associate in the performance of its obligations under the agreement or Addendum, available to the Covered Entity, at no cost to the Covered Entity, to testify as witnesses, or otherwise, in the event litigation or administrative proceedings are commenced against the Covered Entity, its administrators or workforce members upon a claimed violation of HIPAA, the Privacy and Security Rule, the HITECH Act, or other laws relating to security and privacy.
- 12. **Minimum Necessary.** The Business Associate and its agents and subcontractors shall request, use and disclose only the minimum amount of protected health information necessary to accomplish the purpose of the request, use or disclosure in accordance with 42 USC 17935 and 45 CFR 164.514(d)(3).

- 13. **Policies and Procedures.** The Business Associate must adopt written privacy and security policies and procedures and documentation standards to meet the requirements of HIPAA and the HITECH Act as described in 45 CFR 164.316 and 42 USC 17931.
- 14. **Privacy and Security Officer(s).** The Business Associate must appoint Privacy and Security Officer(s) whose responsibilities shall include: monitoring the Privacy and Security compliance of the Business Associate; development and implementation of the Business Associate's HIPAA Privacy and Security policies and procedures; establishment of Privacy and Security training programs; and development and implementation of an incident risk assessment and response plan in the event the Business Associate sustains a breach or suspected breach of protected health information.
- 15. Safeguards. The Business Associate must implement safeguards as necessary to protect the confidentiality, integrity, and availability of the protected health information the Business Associate accesses, maintains, creates, retains, modifies, records, stores, destroys, or otherwise holds, transmits, uses or discloses on behalf of the Covered Entity. Safeguards must include administrative safeguards (e.g., risk analysis and designation of security official), physical safeguards (e.g., facility access controls and workstation security), and technical safeguards (e.g., access controls and audit controls) to the confidentiality, integrity and availability of the protected health information, in accordance with 45 CFR 164.308, 164.310, 164.312, 164.316 and 164.504(e)(2)(ii)(B). Sections 164.308, 164.310 and 164.312 of the CFR apply to the Business Associate of the Covered Entity in the same manner that such sections apply to the Covered Entity. Technical safeguards set forth by the guidelines of the National Institute of Standards and Technology (NIST). The Business Associate agrees to only use, or disclose protected health information as provided for by the agreement and Addendum and to mitigate, to the extent practicable, any harmful effect that is known to the Business Associate, of a use or disclosure, in violation of the requirements of this Addendum as outlined under 45 CFR 164.530(e)(2)(f).
- 16. Training. The Business Associate must train all members of its workforce on the policies and procedures associated with safeguarding protected health information. This includes, at a minimum, training that covers the technical, physical and administrative safeguards needed to prevent inappropriate uses or disclosures of protected health information; training to prevent any intentional or unintentional use or disclosure that is a violation of HIPAA regulations at 45 CFR 160 and 164 and Public Law 111-5; and training that emphasizes the criminal and civil penalties related to HIPAA breaches or inappropriate uses or disclosures of protected health information. Workforce training of new employees must be completed within 30 days of the date of hire and all employees must be trained at least annually. The Business Associate must maintain written records for a period of six years. These records must document each employee that received training and the date the training was provided or received.
- 17. Use and Disclosure of Protected Health Information. The Business Associate must not use or further disclose protected health information other than as permitted or required by the agreement or as required by law. The Business Associate must not use or further disclose protected health information in a manner that would violate the requirements of the HIPAA Privacy and Security Rule and the HITECH Act.
- III. PERMITTED AND PROHIBITED USES AND DISCLOSURES BY THE BUSINESS ASSOCIATE. The Business Associate agrees to these general use and disclosure provisions:

1. Permitted Uses and Disclosures:

- Except as otherwise limited in this Addendum, the Business Associate may use or disclose protected health information to perform functions, activities, or services for, or on behalf of, the Covered Entity as specified in the agreement, provided that such use or disclosure would not violate the HIPAA Privacy and Security Rule or the HITECH Act, if done by the Covered Entity in accordance with 45 CFR 164.504(e) (2) (i) and 42 USC 17935 and 17936.
- b. Except as otherwise limited by this Addendum, the Business Associate may use or disclose protected health information received by the Business Associate in its capacity as a Business Associate of the Covered Entity, as necessary, for the proper management and administration of the Business Associate, to carry out the legal responsibilities of the Business Associate, as required by law or for data aggregation purposes in accordance with 45 CFR 164.504(e)(2)(A), 164.504(e)(4)(i)(A), and 164.504(e)(2)(i)(B).
- c. Except as otherwise limited in this Addendum, if the Business Associate discloses protected health information to a third party, the Business Associate must obtain, prior to making any such disclosure, reasonable written assurances from the third party that such protected health information will be held confidential pursuant to this Addendum and only disclosed as required by law or for the purposes for which it was disclosed to the third party. The written agreement from the third party must include requirements to immediately notify the Business Associate of any breaches of confidentiality of protected health information to the extent it has obtained knowledge of such breach. Refer to 45 CFR 164.502 and 164.504 and 42 USC 17934.

d. The Business Associate may use or disclose protected health information to report violations of law to appropriate federal and state authorities, consistent with 45 CFR 164.502(j)(1).

2. Prohibited Uses and Disclosures:

- a. Except as otherwise limited in this Addendum, the Business Associate shall not disclose protected health information to a health plan for payment or health care operations purposes if the patient has required this special restriction, and has paid out of pocket in full for the health care item or service to which the protected health information relates in accordance with 42 USC 17935.
- b. The Business Associate shall not directly or indirectly receive remuneration in exchange for any protected health information, as specified by 42 USC 17935, unless the Covered Entity obtained a valid authorization, in accordance with 45 CFR 164.508 that includes a specification that protected health information can be exchanged for remuneration.

IV. OBLIGATIONS OF COVERED ENTITY

- 1. The Covered Entity will inform the Business Associate of any limitations in the Covered Entity's Notice of Privacy Practices in accordance with 45 CFR 164.520, to the extent that such limitation may affect the Business Associate's use or disclosure of protected health information.
- 2. The Covered Entity will inform the Business Associate of any changes in, or revocation of, permission by an individual to use or disclose protected health information, to the extent that such changes may affect the Business Associate's use or disclosure of protected health information.
- 3. The Covered Entity will inform the Business Associate of any restriction to the use or disclosure of protected health information that the Covered Entity has agreed to in accordance with 45 CFR 164.522 and 42 USC 17935, to the extent that such restriction may affect the Business Associate's use or disclosure of protected health information.
- 4. Except in the event of lawful data aggregation or management and administrative activities, the Covered Entity shall not request the Business Associate to use or disclose protected health information in any manner that would not be permissible under the HIPAA Privacy and Security Rule and the HITECH Act, if done by the Covered Entity.

V. TERM AND TERMINATION

1. Effect of Termination:

- a. Except as provided in paragraph (b) of this section, upon termination of this Addendum, for any reason, the Business Associate will return or destroy all protected health information received from the Covered Entity or created, maintained, or received by the Business Associate on behalf of the Covered Entity that the Business Associate still maintains in any form and the Business Associate will retain no copies of such information.
- b. If the Business Associate determines that returning or destroying the protected health information is not feasible, the Business Associate will provide to the Covered Entity notification of the conditions that make return or destruction infeasible. Upon a mutual determination that return or destruction of protected health information is infeasible, the Business Associate shall extend the protections of this Addendum to such protected health information and limit further uses and disclosures of such protected health information to those purposes that make return or destruction infeasible, for so long as the Business Associate maintains such protected health information.
- c. These termination provisions will apply to protected health information that is in the possession of subcontractors, agents, or employees of the Business Associate.
- 2. **Term**. The Term of this Addendum shall commence as of the effective date of this Addendum herein and shall extend beyond the termination of the contract and shall terminate when all the protected health information provided by the Covered Entity to the Business Associate, or accessed, maintained, created, retained, modified, recorded, stored, or otherwise held, transmitted, used or disclosed by the Business Associate on behalf of the Covered Entity, is destroyed or returned to the Covered Entity, or, if it not feasible to return or destroy the protected health information, protections are extended to such information, in accordance with the termination.
- 3. **Termination for Breach of Agreement**. The Business Associate agrees that the Covered Entity may immediately terminate the agreement if the Covered Entity determines that the Business Associate has violated a material part of this Addendum.

VI. MISCELLANEOUS

1. **Amendment.** The parties agree to take such action as is necessary to amend this Addendum from time to time for the Covered Entity to comply with all the requirements of the Health Insurance Portability and

Accountability Act (HIPAA) of 1996, Public Law No. 104-191 and the Health Information Technology for Economic and Clinical Health Act (HITECH) of 2009, Public Law No. 111-5.

- 2. **Clarification.** This Addendum references the requirements of HIPAA, the HITECH Act, the Privacy Rule and the Security Rule, as well as amendments and/or provisions that are currently in place and any that may be forthcoming.
- 3. **Indemnification.** Each party will indemnify and hold harmless the other party to this Addendum from and against all claims, losses, liabilities, costs and other expenses incurred as a result of, or arising directly or indirectly out of or in conjunction with:
 - a. Any misrepresentation, breach of warranty or non-fulfillment of any undertaking on the part of the party under this Addendum; and
 - b. Any claims, demands, awards, judgments, actions, and proceedings made by any person or organization arising out of or in any way connected with the party's performance under this Addendum.
- 4. Interpretation. The provisions of the Addendum shall prevail over any provisions in the agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved to permit the Covered Entity and the Business Associate to comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.
- 5. **Regulatory Reference.** A reference in this Addendum to a section of the HITECH Act, HIPAA, the Privacy Rule and Security Rule means the sections as in effect or as amended.
- 6. **Survival**. The respective rights and obligations of Business Associate under Effect of Termination of this Addendum shall survive the termination of this Addendum.

THIS SPACE INTENTIONALLY LEFT BLANK

STAFF REPORT BOARD MEETING DATE: October 27, 2016

- **TO:** District Board of Health
- FROM: Patsy Buxton, Fiscal Compliance Officer 775-328-2418, pbuxton@washoecounty.us
- **SUBJECT:** Approval of Notice of Subgrant Award from the Nevada Department of Health and Human Services, Division of Public and Behavioral Health, for the period November 1, 2016 through June 30, 2017 in the total amount of \$38,272 (with \$3,827.20 or 10% match) in support of the Assistant Secretary for Preparedness and Response (ASPR) Public Health Preparedness BP5 Carryover Program; and if approved authorize the District Health Officer to execute the Subgrant Award; Approval of emergency response supplies donation to Emergency Medical Services (EMS) partners; Approval of evacuation kits donation to skilled nursing and long-term care facilities; and if approved, authorize the District Health Officer to distribute the supplies including signing all necessary paperwork.

SUMMARY

The Washoe County District Board of Health must approve and execute Interlocal Agreements. The District Health Officer is authorized to execute agreements on the Board of Health's behalf not to exceed a cumulative amount of \$50,000 per contractor; over \$50,000 up to \$100,000 would require the approval of the Chair or the Board designee.

The Washoe County Health District received the Notice of Subgrant Award from the Division of Public and Behavioral Health for the period November 1, 2016 through June 30, 2017 in the total amount of \$38,272 in support of the ASPR Public Health Preparedness BP5 Carryover Grant Program, IO TBA. A copy of the Notice of Subgrant Award is attached.

The Washoe County Health District's Public Health Preparedness Program requests permission to provide emergency response supplies to our regional EMS partners. WCHD will improve medical surge capability by providing additional medical triage and response kits to be utilized during incidents that exceed the limits of the medical infrastructure within the community.

The program also requests permission to provide DMS evacuation kits to skilled nursing and longterm care facilities when such facilities become members of the Mutual Aid Evacuation Annex (MAEA) of the Multi-Casualty Incident Plan (MCIP). These supplies would be used in the event of an evacuation of their facility, or if they receive patients from an evacuating facility.

District Health Strategic Objective supported by this item:

Subject: Approval of Notice of Subgrant Award – ASPR Public Health Preparedness BP5 Carryover Program Date: October 27, 2016 Page 2 of 4

1. **Impactful Partnerships:** Extend our impact by leveraging partnerships to make meaningful progress on health issues.

This item supports the Epidemiology and Public Health Preparedness (EPHP) Division's mission to strengthen the capacity of public health infrastructure to detect, assess, and respond decisively to control the public health consequences of bioterrorism events or any public health emergency.

PREVIOUS ACTION

The Board approved the Notice of Subgrant Award for the period July 1, 2016 through June 30, 2017 in the total amount of \$259,817 on August 25, 2016.

BACKGROUND/GRANT AWARD SUMMARY

Project/Program Name: ASPR Public Health Preparedness BP5 Carryover Program

Scope of the Project: The Subgrant Award scope of work addresses the following capabilities:

- Healthcare System Preparedness
- Emergency Operations Coordination
- Medical Surge
- Volunteer Management

Benefit to Washoe County Residents: This Award supports the Epidemiology and Public Health Preparedness (EPHP) Division's mission to strengthen the capacity of public health infrastructure to detect, assess, and respond decisively to control the public health consequences of bioterrorism events or any public health emergency.

On-Going Program Support: These funds support on-going activities in the Public Health Preparedness Program.

| Award Amount: | Total award is \$38,272 (\$34,793 direct/\$3,479 indirect) | |
|------------------------|--|--|
| Grant Period: | November 1, 2016 – June 30, 2017 | |
| Funding Source: | Assistant Secretary for Preparedness and Response (ASPR) | |
| Pass Through Entity: | State of Nevada, Department of Health and Human Services Division of Public & Behavioral Health | |
| CFDA Number: | 93.889 | |
| Grant ID Number: | 5NU90TP000534-05-00 | |
| Match Amount and Type: | 10% match is required and is met through Shared Services | |

expenditures

Sub-Awards and Contracts: No Sub-Awards are anticipated.

The emergency response supplies will be distributed as follows:

Serlach Volunteer Fire Department: 1 command kit, 3 ribbon dispensers, 50 triage tags

Subject: Approval of Notice of Subgrant Award – ASPR Public Health Preparedness BP5 Carryover Program Date: October 27, 2016 Page **3** of **4**

- North Lake Tahoe Fire Protection District: 2 command kits, 1 rapid response kit
- > Pyramid Lake Fire and Rescue: 1 rapid response kit
- REMSA: 2 command kits, 10 ribbon dispensers
- Reno Fire Department: 1 command kit, 2 rapid response kits
- Renown Health: 150 triage tags
- Sparks Fire Department: 1 rapid response kit
- > Truckee Meadows Fire Protection District: 2 rapid response kits

DMS Evacuation kits to be distributed to those facilities becoming a member/signatory of the MAEA. Current facilities to receive a baseline number of tags:

- Arbors Memory Care
- Life Care Center of Reno
- Rosewood Skilled Nursing

FISCAL IMPACT

The Board of County Commissioners will be requested to approve the following:

As this carryover was not anticipated in the FY17 budget, a budget amendment in the amount of \$34,793 is necessary to bring the Notice of Subgrant Award into alignment with the direct program budget.

No amendment is necessary for indirect revenue.

Should the BCC approve these budget amendments, the FY17 budget will be increased by \$34,793 in the following accounts:

| Account Number 2002-IO-TBA | -431100 | Description Federal Revenue Total Revenue | Amount of Increase/(Decrease) \$34,793.00 \$34,793.00 |
|-------------------------------|-------------------------------|---|---|
| 2002-IO-TBA | -710100 -710300 -710546 | Professional Services Operating Supplies Advertising Total Expenditures | \$13,010.00 \$13,130.00 \$ 8,653.00 \$34,793.00 |

RECOMMENDATION

Staff recommends that the District Board of Health approve the Notice of Subgrant Award from the Nevada Department of Health and Human Services, Division of Public and Behavioral Health, for the period November 1, 2016 through June 30, 2017 in the total amount of \$38,272 (with \$3,827.20 or 10% match) in support of the Assistant Secretary for Preparedness and Response (ASPR) Public Health Preparedness BP5 Carryover Program; and if approved authorize the District Health Officer to execute the Subgrant Award; Approve emergency response supplies donation to Emergency Medical Services (EMS) partners; Approve evacuation kits donation to skilled nursing and long-term care facilities; and if approved, authorize the District Health Officer to distribute the supplies including signing all necessary paperwork.

Subject: Approval of Notice of Subgrant Award – ASPR Public Health Preparedness BP5 Carryover Program Date: October 27, 2016 Page **4** of **4**

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be "Move to approve the Notice of Subgrant Award from the Nevada Department of Health and Human Services, Division of Public and Behavioral Health, for the period November 1, 2016 through June 30, 2017 in the total amount of \$38,272 (with \$3,827.20 or 10% match) in support of the Assistant Secretary for Preparedness and Response (ASPR) Public Health Preparedness BP5 Carryover Program; and if approved authorize the District Health Officer to execute the Subgrant Award; Approve emergency response supplies donation to Emergency Medical Services (EMS) partners; Approve evacuation kits donation to skilled nursing and long-term care facilities; and if approved, authorize the District Health Officer to distribute the supplies including signing all necessary paperwork."

SECTION A

Assurances

As a condition of receiving subgranted funds from the Nevada State Division of Public and Behavioral Health, the Subgrantee agrees to the following conditions:

- 1. Grant funds may not be used for other than the awarded purpose. In the event Subgrantee expenditures do not comply with this condition, that portion not in compliance must be refunded to the Division.
- 2. To submit reimbursement requests only for expenditures approved in the spending plan. Any additional expenditure beyond what is allowable based on approved categorical budget amounts, without prior written approval by the Division, may result in denial of reimbursement.
- 3. Approval of subgrant budget by the Division constitutes prior approval for the expenditure of funds for specified purposes included in this budget. Unless otherwise stated in the Scope of Work the transfer of funds between budgeted categories without written prior approval from the Division is not allowed under the terms of this subgrant. Requests to revise approved budgeted amounts must be made in writing and provide sufficient narrative detail to determine justification.
- 4. Recipients of subgrants are required to maintain subgrant accounting records, identifiable by subgrant number. Such records shall be maintained in accordance with the following:
 - a. Records may be destroyed not less than three years (unless otherwise stipulated) after the final report has been submitted if written approval has been requested and received from the Administrative Services Officer (ASO) of the Division. Records may be destroyed by the Subgrantee five (5) calendar years after the final financial and narrative reports have been submitted to the Division.
 - b. In all cases an overriding requirement exists to retain records until resolution of any audit questions relating to individual subgrants.

Subgrant accounting records are considered to be all records relating to the expenditure and reimbursement of funds awarded under this subgrant award. Records required for retention include all accounting records and related original and supporting documents that substantiate costs charged to the subgrant activity.

- 5. To disclose any existing or potential conflicts of interest relative to the performance of services resulting from this subgrant award. The Division reserves the right to disqualify any subgrantee on the grounds of actual or apparent conflict of interest. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of funding.
- To comply with the requirements of the Civil Rights Act of 1964, as amended, and the Rehabilitation Act of 1973, P.L. 93-112, as amended, and any relevant program-specific regulations, and shall not discriminate against any employee or offeror for employment because of race, national origin, creed, color, sex, religion, age, disability or handicap condition (including AIDS and AIDS-related conditions).
- To comply with the Americans with Disability Act of 1990, P.L. 101-136, 42 U.S.C. 12101, as amended, and regulations adopted thereunder contained in 28 C.F.R. 26.101-36.999 inclusive and any relevant program-specific regulations
- 8. To comply with the requirements of the Health Insurance Portability and Accountability Act (HIPAA) of 1996, 45 C.F.R. 160, 162 and 164, as amended. If the subgrant award includes functions or activities that involve the use or disclosure of protected health information (PHI) then the subgrantee agrees to enter into a Business Associate Agreement with the Division as required by 45 C.F.R. 164.504(e). If PHI will not be disclosed then a Confidentiality Agreement will be entered into.
- 9. Subgrantee certifies, by signing this notice of subgrant award, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency. This certification is made pursuant to regulations implementing Executive Order 12549, Debarment and Suspension, 28 C.F.R. pr. 67 § 67.510, as published as pt. VII of May 26, 1988, Federal Register (pp. 19150-19211). This provision shall be required of every subgrantee receiving any payment in whole or in part from federal funds.

- 10. Sub-grantee agrees to comply with the requirements of the Title XII Public Law 103-227, the "PRO-KIDS Act of 1994," smoking may not be permitted in any portion of any indoor facility owned or regularly used for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments. Federal programs include grants, cooperative agreements, loans and loan guarantees, and contracts. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug and alcohol treatment.
- 11. Whether expressly prohibited by federal, state, or local law, or otherwise, that no funding associated with this subgrant will be used for any purpose associated with or related to lobbying or influencing or attempting to lobby or influence for any purpose the following:
 - a. Any federal, state, county or local agency, legislature, commission, council, or board;
 - b. Any federal, state, county or local legislator, commission member, council member, board member, or other elected official; or
 - c. Any officer or employee of any federal, state, county or local agency, legislature, commission, council or board.
- 12. Division subgrants are subject to inspection and audit by representative of the Division, Nevada Department of Health and Human Services, the State Department of Administration, the Audit Division of the Legislative Counsel Bureau or other appropriate state or federal agencies to:
 - a. Verify financial transactions and determine whether funds were used in accordance with applicable laws, regulations and procedures;
 - b. Ascertain whether policies, plans and procedures are being followed;
 - c. Provide management with objective and systematic appraisals of financial and administrative controls, including information as to whether operations are carried out effectively, efficiently and economically; and
 - d. Determine reliability of financial aspects of the conduct of the project.
- 13. Any audit of Subgrantee's expenditures will be performed in accordance with generally accepted government auditing standards to determine there is proper accounting for and use of subgrant funds. It is the policy of the Division, as well as federal requirement as specified in the Office of Management and Budget (2 CFR § 200.501(a)), revised December 26, 2013, that each grantee annually expending \$750,000 or more in federal funds have an annual audit prepared by an independent auditor in accordance with the terms and requirements of the appropriate circular. A COPY OF THE FINAL AUDIT REPORT MUST BE SENT TO:

Nevada State Division of Public and Behavioral Health Attn: Contract Unit 4150 Technology Way, Suite 300 Carson City, NV 89706-2009

This copy of the final audit must be sent to the Division within nine (9) months of the close of the subgrantee's fiscal year. To acknowledge this requirement, Section E of this notice of subgrant award must be completed.

THIS SPACE INTENTIONALLY LEFT BLANK

SECTION B

Description of Services, Scope of Work and Deliverables

Washoe County Health District (WCHD), hereinafter referred to as Subgrantee, agrees to provide the following services and reports according to the identified timeframes:

- The attached Detailed Work Plan (Attachment 2) is for Budget Period 5 carryover, November 1, 2016 through June 30, 2017 and is broken down by capability, function and activity. The Detailed Work Plan contains the estimated funding, activity description, output documentation and estimated date of completion for each activity broken down by Capability.
- Achievements of Capability Objectives for this budget period are to be completed by June 30, 2017. Outcome of
 the funded Capabilities will be measured by Nevada State Division of Public and Behavioral Health (Division).
 Each funded capability requires substantial achievement and demonstration of completion as specified in the
 Detailed Work Plan of the funded functions and resource elements. If objectives are not met, Division may
 reduce the amount of this subgrant award and reallocate funding to other preparedness priorities within the state.
- Submit written Progress Reports to the Division electronically on or before:

| \triangleright | January 31, 2017 | 2 nd Quarter Progress Report | (For the period of 11/1/16 - 12/31/16) |
|------------------|------------------|---|--|
| \succ | April 30, 2017 | 3 rd Quarter Progress Report | (For the period of 11/1/16 – 3/31/17) |
| \triangleright | July 31, 2017 | Final Progress Report | (For the period of 11/1/16 – 6/30/17) |

- Submit written Quarterly Match Sharing Report to the Division electronically on or before:
 - > January 31, 2017 2nd Quarter
 - > April 30, 2017 3rd Quarter
 - > July 31, 2017 4th Quarter

(For the period of 11/1/16 - 12/31/16) (For the period of 1/1/17 - 3/31/17) (For the period of 4/1/17 - 6/30/17)

Additional information may be requested by the Division, as needed, due to evolving state and federal reporting requirements.

SECTION C

Budget and Financial Reporting Requirements

Identify the source of funding on all printed documents purchased or produced within the scope of this subgrant, using a statement similar to: "This publication (journal, article, etc.) was supported by the Nevada State Division of Public and Behavioral Health through Grant Number 5NU90TP000534-05-00 from the Assistant Secretary for Preparedness and Response (ASPR). Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Division nor ASPR."

Any activities performed under this subgrant shall acknowledge the funding was provided through the Division by Grant Number 5NU90TP000534-05-00 from ASPR.

Subgrantee agrees to adhere to the following budget:

| Category | | Total cost | Detailed cost | Details of expected expenses |
|-------------------------------|----|------------|--|--|
| 1. Personnel | \$ | 0 | | |
| | | | | |
| 2. Travel | \$ | 0 | | |
| | | | | |
| 3. Supplies | \$ | 13,130 | | |
| | | | \$ 13,130 | Emergency response supplies such as EMS kits, triage, ribbon dispensers, evacuation tags, triage tags, rapid response damage control kits, supplies for the Medical Mobile Facility. |
| 4. Equipment | \$ | | | |
| | Ψ | | | |
| 5. Contractual/ Consultant | \$ | 13,010 | | |
| | | | \$ 3,500 | Hospital Incident Command System (HICS) Training for healthcare partners. |
| | | | \$ 3,500 | HICS Training. In-person. 2 sessions. 1) one generic training session for healthcare facilities; and 2) one specific for St. Mary's Regional Medical Center. |
| | | | \$ 3,980 | Online HICS Training. \$20/person x 199 people = \$3,980 |
| | | | \$ 2,030 | Functional Assessment Services Teams (FAST) Training |
| | • | | | |
| 6. Other | \$ | 8,653 | • • • • • • • • • • • • • • • • • • • | |
| | | | \$ 8,653 | Medical Reserve Corp media buy |
| 7. Indirect | \$ | 3,479 | | |
| | Ψ | 3,479 | \$ | Indirect Rate @ 10% \$34,793 x 10% = \$3,479 |
| Total Cost | \$ | 38,272 | | |

- Division of Public and Behavioral Health policy is to allow no more than 10% flexibility (no more than a cumulative amount of \$3,827.20), within approved Scope of Work, unless otherwise authorized. Upon reaching the 10% funding adjustment threshold, additional adjustments between categories cannot be made without prior written approval from the Division. Changes to the Scope of Work cannot be made without prior approval from the Division and the federal funding agency. Redirect requests may not be submitted within 60 days of the close of the subgrant period. Approval from Program Manager is required on all redirects.
- Meal/Food Costs: Subgrantee should continue to exercise due diligence in reviewing meals served at meetings, training exercises, and similar events to ensure that this activity has been included in their approved spend plans and budgets. The criteria for determining allowable expenses for upcoming meetings and conferences where meals will be served are:

- Meals must be a necessary part of a working meeting (or training), integral to full participation in the business of the meeting, i.e., meals may not be taken elsewhere without attendees missing essential formal discussions, lectures, or speeches concerning the purpose of the meeting or training.
- Meal costs are not duplicated in participants' per diem or subsistence allowances.
- Meeting participants (majority) are traveling from a distance of more than 50 miles.
- Guest meals (i.e., meals for non-essential attendees) are not allowable.
- Equipment purchased with these funds belongs to the federal program from which this funding was appropriated and shall be returned to the program upon termination of this agreement.
- Travel expenses, per diem, and other related expenses must conform to the procedures and rates allowed for State officers and employees. It is the Policy of the Board of Examiners to restrict contractors/Subgrantees to the same rates and procedures allowed State Employees. The State of Nevada reimburses at rates comparable to the rates established by the US General Services Administration, with some exceptions (State Administrative Manual 0200.0 and 0320.0).

Subgrantee agrees to request reimbursement according to the schedule specified below for the actual expenses incurred related to the Scope of Work during the subgrant period.

- Submit monthly Requests for Reimbursement no later than 30 days following the end of the month; submit a Request for Reimbursement for activities completed through the month of June no later than July 31, 2017. The final Request for Reimbursement date is subject to change upon direction from the Division.
- The maximum available through the subgrant is \$38,272.00
- Requests for Reimbursement will be accompanied by supporting documentation, including a line item description
 of expenses incurred;
- Provide complete travel detail including purpose of travel and attach copies of travel claim summary (if available).
- Attached invoice copies for all items listed in Contract/Consultant and Equipment. Also attach invoices for all Supplies and Other purchases that are over \$500 per item. **NOTE:** Supplies are items which have a consumable life of less than 1 year and Equipment are items over \$5,000 per item OR have a consumable life of over 1 year (ie: laptops, iPads, printers, etc...).
- Costs associated with food or meals are NOT permitted unless included with per diem as a part of official travel. Meals cannot be claimed within 50 miles of the official workstation.
- Additional expenditure detail will be provided upon request from the Division.
- Subgrantee agrees to Match a nonfederal contribution in the amount of 10% (\$1 for each \$10 of federal funds provided in this subgrant). The Match for budget period will be \$3,827.20. This Match may be provided directly or through donations from public or private entities and may be in cash or in kind, fairly evaluated, including plant, equipment or services. Amounts provided by the federal government or services assisted or subsidized to any significant extent by the federal government may not be included in determining the amount of such nonfederal contributions. Documentation of match, including methods and sources must be available upon request of Division. Subgrantee will sign attached Match Certification (Attachment 1).

Additionally, the Subgrantee agrees to provide:

- Provide a copy of all plans developed and all After Action Reports (AAR) for exercises within 45 days of completion.
- A complete financial accounting of all expenditures to the Division within 30 days of the CLOSE OF THE SUBGRANT PERIOD. Any un-obligated funds shall be returned to the Division at that time, or if not already requested, shall be deducted from the final award.

The Division agrees:

- Review and approve activities through programmatic and fiscal reports and conduct annual site visits at the Subgrantee's physical site as necessary.
- Provide technical assistance, upon request from the Subgrantee.
- The Division reserves the right to hold reimbursement under this subgrant until any delinquent forms, reports, and expenditure documentation are submitted to and accepted by the Division.

Both parties agree:

- Based on the bi-annual narrative progress and financial reporting forms, as well as site visit findings, if it appears to the Nevada State Division of Public and Behavioral Health that activities will not be completed in time specifically designated in the Scope of Work, or project objectives have been met at a lesser cost than originally budgeted, the Nevada State Division of Public and Behavioral Health may reduce the amount of this subgrant award and reallocate funding to other preparedness priorities within the state. This includes but is not limited to:
 - o Reallocating funds between the subgrantee's categories, and
 - Reallocating funds to another subgrantee or funding recipient to address other identified PHP priorities, by removing it from this agreement through a subgrant amendment.
- The Subgrantee will, in the performance of the Detailed Work Plan specified in this subgrant, perform functions and/or activities that could involve confidential information; therefore, the Subgrantee is requested to fill out and sign Section F, which is specific to this subgrant, and will be in effect for the term of this subgrant.
- All reports of expenditures and requests for reimbursement processed by the Division are SUBJECT TO AUDIT.
- This subgrant agreement may be TERMINATED by either party prior to the date set forth on the Notice of Subgrant Award, provided the termination shall not be effective until <u>30 days</u> after a party has served written notice upon the other party. This agreement may be terminated by mutual consent of both parties or unilaterally by either party without cause. The parties expressly agree that this Agreement shall be terminated immediately if for any reason the Division, state, and/or federal funding ability to satisfy this Agreement is withdrawn, limited, or impaired.

Financial Reporting Requirements

- A Request for Reimbursement is due on a <u>monthly or quarterly</u> basis, based on the terms of the subgrant agreement, no later than the 30th of the month.
- Reimbursement is based on <u>actual</u> expenditures incurred during the period being reported.
- Payment will not be processed without all reporting being current.
- Reimbursement may only be claimed for expenditures approved within the Notice of Subgrant Award.

SECTION F

Business Associate Addendum

BETWEEN

Nevada Division of Public and Behavioral Health

Hereinafter referred to as the "Covered Entity"

and

Washoe County Health District

Hereinafter referred to as the "Business Associate"

PURPOSE. In order to comply with the requirements of HIPAA and the HITECH Act, this Addendum is hereby added and made part of the agreement between the Covered Entity and the Business Associate. This Addendum establishes the obligations of the Business Associate and the Covered Entity as well as the permitted uses and disclosures by the Business Associate of protected health information it may possess by reason of the agreement. The Covered Entity and the Business Associate shall protect the privacy and provide for the security of protected health information disclosed to the Business Associate pursuant to the agreement and in compliance with the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 ("HIPAA"), the Health Information Technology for Economic and Clinical Health Act, Public Law 111-5 ("the HITECH Act"), and regulation promulgated there under by the U.S. Department of Health and Human Services (the "HIPAA Regulations") and other applicable laws.

WHEREAS, the Business Associate will provide certain services to the Covered Entity, and, pursuant to such arrangement, the Business Associate is considered a business associate of the Covered Entity as defined in HIPAA, the HITECH Act, the Privacy Rule and Security Rule; and

WHEREAS, Business Associate may have access to and/or receive from the Covered Entity certain protected health information, in fulfilling its responsibilities under such arrangement; and

WHEREAS, the HIPAA Regulations, the HITECH Act, the Privacy Rule and the Security Rule require the Covered Entity to enter into an agreement containing specific requirements of the Business Associate prior to the disclosure of protected health information, as set forth in, but not limited to, 45 CFR Parts 160 & 164 and Public Law 111-5.

THEREFORE, in consideration of the mutual obligations below and the exchange of information pursuant to this Addendum, and to protect the interests of both Parties, the Parties agree to all provisions of this Addendum.

- I. DEFINITIONS. The following terms shall have the meaning ascribed to them in this Section. Other capitalized terms shall have the meaning ascribed to them in the context in which they first appear.
 - 1. **Breach** means the unauthorized acquisition, access, use, or disclosure of protected health information which compromises the security or privacy of the protected health information. The full definition of breach can be found in 42 USC 17921 and 45 CFR 164.402.
 - 2. **Business Associate** shall mean the name of the organization or entity listed above and shall have the meaning given to the term under the Privacy and Security Rule and the HITECH Act. For full definition refer to 45 CFR 160.103.
 - 3. **CFR** stands for the Code of Federal Regulations.
 - 4. **Agreement** shall refer to this Addendum and that particular agreement to which this Addendum is made a part.
 - 5. **Covered Entity** shall mean the name of the Division listed above and shall have the meaning given to such term under the Privacy Rule and the Security Rule, including, but not limited to 45 CFR 160.103.
 - 6. **Designated Record Set** means a group of records that includes protected health information and is maintained by or for a covered entity or the Business Associate that includes, but is not limited to, medical, billing, enrollment, payment, claims adjudication, and case or medical management records. Refer to 45 CFR 164.501 for the complete definition.
 - 7. **Disclosure** means the release, transfer, provision of, access to, or divulging in any other manner of information outside the entity holding the information as defined in 45 CFR 160.103.

- 8. Electronic Protected Health Information means individually identifiable health information transmitted by electronic media or maintained in electronic media as set forth under 45 CFR 160.103.
- 9. Electronic Health Record means an electronic record of health-related information on an individual that is created, gathered, managed, and consulted by authorized health care clinicians and staff. Refer to 42 USC 17921.
- 10. **Health Care Operations** shall have the meaning given to the term under the Privacy Rule at 45 CFR 164.501.
- 11. **Individual** means the person who is the subject of protected health information and is defined in 45 CFR 160.103.
- 12. **Individually Identifiable Health Information** means health information, in any form or medium, including demographic information collected from an individual, that is created or received by a covered entity or a business associate of the covered entity and relates to the past, present, or future care of the individual. Individually identifiable health information is information that identifies the individual directly or there is a reasonable basis to believe the information can be used to identify the individual. Refer to 45 CFR 160.103.
- 13. Parties shall mean the Business Associate and the Covered Entity.
- 14. **Privacy Rule** shall mean the HIPAA Regulation that is codified at 45 CFR Parts 160 and 164, Subparts A, D and E.
- 15. **Protected Health Information** means individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. Refer to 45 CFR 160.103 for the complete definition.
- 16. Required by Law means a mandate contained in law that compels an entity to make a use or disclosure of protected health information and that is enforceable in a court of law. This includes, but is not limited to: court orders and court-ordered warrants; subpoenas, or summons issued by a court; and statues or regulations that require the provision of information if payment is sought under a government program providing public benefits. For the complete definition refer to 45 CFR 164.103.
- 17. **Secretary** shall mean the Secretary of the federal Department of Health and Human Services (HHS) or the Secretary's designee.
- 18. **Security Rule** shall mean the HIPAA regulation that is codified at 45 CFR Parts 160 and 164 Subparts A and C.
- 19. **Unsecured Protected Health Information** means protected health information that is not rendered unusable, unreadable, or indecipherable to unauthorized individuals through the use of a technology or methodology specified by the Secretary in the guidance issued in Public Law 111-5. Refer to 42 USC 17932 and 45 CFR 164.402.
- 20. **USC** stands for the United States Code.

II. OBLIGATIONS OF THE BUSINESS ASSOCIATE.

- Access to Protected Health Information. The Business Associate will provide, as directed by the Covered Entity, an individual or the Covered Entity access to inspect or obtain a copy of protected health information about the Individual that is maintained in a designated record set by the Business Associate or, its agents or subcontractors, in order to meet the requirements of the Privacy Rule, including, but not limited to 45 CFR 164.524 and 164.504(e) (2) (ii) (E). If the Business Associate maintains an electronic health record, the Business Associate or, its agents or subcontractors shall provide such information in electronic format to enable the Covered Entity to fulfill its obligations under the HITECH Act, including, but not limited to 42 USC 17935.
- Access to Records. The Business Associate shall make its internal practices, books and records relating to the use and disclosure of protected health information available to the Covered Entity and to the Secretary for purposes of determining Business Associate's compliance with the Privacy and Security Rule in accordance with 45 CFR 164.504(e)(2)(ii)(H).
- 3. Accounting of Disclosures. Promptly, upon request by the Covered Entity or individual for an accounting of disclosures, the Business Associate and its agents or subcontractors shall make available to the Covered Entity or the individual information required to provide an accounting of disclosures in accordance with 45 CFR 164.528, and the HITECH Act, including, but not limited to 42 USC 17935. The accounting of disclosures, whether electronic or other media, must include the requirements as outlined under 45 CFR 164.528(b).
- 4. Agents and Subcontractors. The Business Associate must ensure all agents and subcontractors to whom it provides protected health information agree in writing to the same restrictions and conditions that apply to the Business Associate with respect to all protected health information accessed, maintained, created, retained, modified, recorded, stored, destroyed, or otherwise held, transmitted, used or disclosed by the agent or subcontractor. The Business Associate must implement and maintain sanctions against agents and

subcontractors that violate such restrictions and conditions and shall mitigate the effects of any such violation as outlined under 45 CFR 164.530(f) and 164.530(e)(1).

- 5. Amendment of Protected Health Information. The Business Associate will make available protected health information for amendment and incorporate any amendments in the designated record set maintained by the Business Associate or, its agents or subcontractors, as directed by the Covered Entity or an individual, in order to meet the requirements of the Privacy Rule, including, but not limited to, 45 CFR 164.526.
- 6. Audits, Investigations, and Enforcement. The Business Associate must notify the Covered Entity immediately upon learning the Business Associate has become the subject of an audit, compliance review, or complaint investigation by the Office of Civil Rights or any other federal or state oversight agency. The Business Associate shall provide the Covered Entity with a copy of any protected health information that the Business Associate provides to the Secretary or other federal or state oversight agency. The Business Associate and information to the Secretary or other federal or state oversight agency. The Business Associate and individuals associated with the Business Associate are solely responsible for all civil and criminal penalties assessed as a result of an audit, breach, or violation of HIPAA or HITECH laws or regulations. Reference 42 USC 17937.
- 7. Breach or Other Improper Access, Use or Disclosure Reporting. The Business Associate must report to the Covered Entity, in writing, any access, use or disclosure of protected health information not permitted by the agreement, Addendum or the Privacy and Security Rules. The Covered Entity must be notified immediately upon discovery or the first day such breach or suspected breach is known to the Business Associate or by exercising reasonable diligence would have been known by the Business Associate in accordance with 45 CFR 164.410, 164.504(e)(2)(ii)(C) and 164.308(b) and 42 USC 17921. The Business Associate must report any improper access, use or disclosure of protected health information by: the Business Associate or its agents or subcontractors. In the event of a breach or suspected breach of protected health information, the report to the Covered Entity must be in writing and include the following: a brief description of the incident; the date of the incident; the date the incident was discovered by the Business Associate: a thorough description of the unsecured protected health information that was involved in the incident; the number of individuals whose protected health information was involved in the incident; and the steps the Business Associate is taking to investigate the incident and to protect against further incidents. The Covered Entity will determine if a breach of unsecured protected health information has occurred and will notify the Business Associate of the determination. If a breach of unsecured protected health information is determined, the Business Associate must take prompt corrective action to cure any such deficiencies and mitigate any significant harm that may have occurred to individual(s) whose information was disclosed inappropriately.
- 8. **Breach Notification Requirements.** If the Covered Entity determines a breach of unsecured protected health information by the Business Associate has occurred, the Business Associate will be responsible for notifying the individuals whose unsecured protected health information was breached in accordance with 42 USC 17932 and 45 CFR 164.404 through 164.406. The Business Associate must provide evidence to the Covered Entity that appropriate notifications to individuals and/or media, when necessary, as specified in 45 CFR 164.404 and 45 CFR 164.406 has occurred. The Business Associate is responsible for all costs associated with notification to individuals, the media or others as well as costs associated with mitigating future breaches. The Business Associate must notify the Secretary of all breaches in accordance with 45 CFR 164.408 and must provide the Covered Entity with a copy of all notifications made to the Secretary.
- 9. **Breach Pattern or Practice by Covered Entity.** Pursuant to 42 USC 17934, if the Business Associate knows of a pattern of activity or practice of the Covered Entity that constitutes a material breach or violation of the Covered Entity's obligations under the Contract or Addendum, the Business Associate must immediately report the problem to the Secretary.
- 10. Data Ownership. The Business Associate acknowledges that the Business Associate or its agents or subcontractors have no ownership rights with respect to the protected health information it accesses, maintains, creates, retains, modifies, records, stores, destroys, or otherwise holds, transmits, uses or discloses.
- 11. Litigation or Administrative Proceedings. The Business Associate shall make itself, any subcontractors, employees, or agents assisting the Business Associate in the performance of its obligations under the agreement or Addendum, available to the Covered Entity, at no cost to the Covered Entity, to testify as witnesses, or otherwise, in the event litigation or administrative proceedings are commenced against the Covered Entity, its administrators or workforce members upon a claimed violation of HIPAA, the Privacy and Security Rule, the HITECH Act, or other laws relating to security and privacy.
- 12. **Minimum Necessary.** The Business Associate and its agents and subcontractors shall request, use and disclose only the minimum amount of protected health information necessary to accomplish the purpose of the request, use or disclosure in accordance with 42 USC 17935 and 45 CFR 164.514(d)(3).

- 13. **Policies and Procedures.** The Business Associate must adopt written privacy and security policies and procedures and documentation standards to meet the requirements of HIPAA and the HITECH Act as described in 45 CFR 164.316 and 42 USC 17931.
- 14. **Privacy and Security Officer(s).** The Business Associate must appoint Privacy and Security Officer(s) whose responsibilities shall include: monitoring the Privacy and Security compliance of the Business Associate; development and implementation of the Business Associate's HIPAA Privacy and Security policies and procedures; establishment of Privacy and Security training programs; and development and implementation of an incident risk assessment and response plan in the event the Business Associate sustains a breach or suspected breach of protected health information.
- 15. Safeguards. The Business Associate must implement safeguards as necessary to protect the confidentiality, integrity, and availability of the protected health information the Business Associate accesses, maintains, creates, retains, modifies, records, stores, destroys, or otherwise holds, transmits, uses or discloses on behalf of the Covered Entity. Safeguards must include administrative safeguards (e.g., risk analysis and designation of security official), physical safeguards (e.g., facility access controls and workstation security), and technical safeguards (e.g., access controls and audit controls) to the confidentiality, integrity and availability of the protected health information, in accordance with 45 CFR 164.308, 164.310, 164.312, 164.316 and 164.504(e)(2)(ii)(B). Sections 164.308, 164.310 and 164.312 of the CFR apply to the Business Associate of the Covered Entity in the same manner that such sections apply to the Covered Entity. Technical safeguards set forth by the guidelines of the National Institute of Standards and Technology (NIST). The Business Associate agrees to only use, or disclose protected health information as provided for by the agreement and Addendum and to mitigate, to the extent practicable, any harmful effect that is known to the Business Associate, of a use or disclosure, in violation of the requirements of this Addendum as outlined under 45 CFR 164.530(e)(2)(f).
- 16. Training. The Business Associate must train all members of its workforce on the policies and procedures associated with safeguarding protected health information. This includes, at a minimum, training that covers the technical, physical and administrative safeguards needed to prevent inappropriate uses or disclosures of protected health information; training to prevent any intentional or unintentional use or disclosure that is a violation of HIPAA regulations at 45 CFR 160 and 164 and Public Law 111-5; and training that emphasizes the criminal and civil penalties related to HIPAA breaches or inappropriate uses or disclosures of protected health information. Workforce training of new employees must be completed within 30 days of the date of hire and all employees must be trained at least annually. The Business Associate must maintain written records for a period of six years. These records must document each employee that received training and the date the training was provided or received.
- 17. Use and Disclosure of Protected Health Information. The Business Associate must not use or further disclose protected health information other than as permitted or required by the agreement or as required by law. The Business Associate must not use or further disclose protected health information in a manner that would violate the requirements of the HIPAA Privacy and Security Rule and the HITECH Act.
- III. PERMITTED AND PROHIBITED USES AND DISCLOSURES BY THE BUSINESS ASSOCIATE. The Business Associate agrees to these general use and disclosure provisions:

1. Permitted Uses and Disclosures:

- a. Except as otherwise limited in this Addendum, the Business Associate may use or disclose protected health information to perform functions, activities, or services for, or on behalf of, the Covered Entity as specified in the agreement, provided that such use or disclosure would not violate the HIPAA Privacy and Security Rule or the HITECH Act, if done by the Covered Entity in accordance with 45 CFR 164.504(e) (2) (i) and 42 USC 17935 and 17936.
- b. Except as otherwise limited by this Addendum, the Business Associate may use or disclose protected health information received by the Business Associate in its capacity as a Business Associate of the Covered Entity, as necessary, for the proper management and administration of the Business Associate, to carry out the legal responsibilities of the Business Associate, as required by law or for data aggregation purposes in accordance with 45 CFR 164.504(e)(2)(A), 164.504(e)(4)(i)(A), and 164.504(e)(2)(i)(B).
- c. Except as otherwise limited in this Addendum, if the Business Associate discloses protected health information to a third party, the Business Associate must obtain, prior to making any such disclosure, reasonable written assurances from the third party that such protected health information will be held confidential pursuant to this Addendum and only disclosed as required by law or for the purposes for which it was disclosed to the third party. The written agreement from the third party must include requirements to immediately notify the Business Associate of any breaches of confidentiality of protected health information to the extent it has obtained knowledge of such breach. Refer to 45 CFR 164.502 and 164.504 and 42 USC 17934.

d. The Business Associate may use or disclose protected health information to report violations of law to appropriate federal and state authorities, consistent with 45 CFR 164.502(j)(1).

2. Prohibited Uses and Disclosures:

- a. Except as otherwise limited in this Addendum, the Business Associate shall not disclose protected health information to a health plan for payment or health care operations purposes if the patient has required this special restriction, and has paid out of pocket in full for the health care item or service to which the protected health information relates in accordance with 42 USC 17935.
- b. The Business Associate shall not directly or indirectly receive remuneration in exchange for any protected health information, as specified by 42 USC 17935, unless the Covered Entity obtained a valid authorization, in accordance with 45 CFR 164.508 that includes a specification that protected health information can be exchanged for remuneration.

IV. OBLIGATIONS OF COVERED ENTITY

- 1. The Covered Entity will inform the Business Associate of any limitations in the Covered Entity's Notice of Privacy Practices in accordance with 45 CFR 164.520, to the extent that such limitation may affect the Business Associate's use or disclosure of protected health information.
- 2. The Covered Entity will inform the Business Associate of any changes in, or revocation of, permission by an individual to use or disclose protected health information, to the extent that such changes may affect the Business Associate's use or disclosure of protected health information.
- 3. The Covered Entity will inform the Business Associate of any restriction to the use or disclosure of protected health information that the Covered Entity has agreed to in accordance with 45 CFR 164.522 and 42 USC 17935, to the extent that such restriction may affect the Business Associate's use or disclosure of protected health information.
- 4. Except in the event of lawful data aggregation or management and administrative activities, the Covered Entity shall not request the Business Associate to use or disclose protected health information in any manner that would not be permissible under the HIPAA Privacy and Security Rule and the HITECH Act, if done by the Covered Entity.

V. TERM AND TERMINATION

1. Effect of Termination:

- a. Except as provided in paragraph (b) of this section, upon termination of this Addendum, for any reason, the Business Associate will return or destroy all protected health information received from the Covered Entity or created, maintained, or received by the Business Associate on behalf of the Covered Entity that the Business Associate still maintains in any form and the Business Associate will retain no copies of such information.
- b. If the Business Associate determines that returning or destroying the protected health information is not feasible, the Business Associate will provide to the Covered Entity notification of the conditions that make return or destruction infeasible. Upon a mutual determination that return or destruction of protected health information is infeasible, the Business Associate shall extend the protections of this Addendum to such protected health information and limit further uses and disclosures of such protected health information to those purposes that make return or destruction infeasible, for so long as the Business Associate maintains such protected health information.
- c. These termination provisions will apply to protected health information that is in the possession of subcontractors, agents, or employees of the Business Associate.
- 2. **Term**. The Term of this Addendum shall commence as of the effective date of this Addendum herein and shall extend beyond the termination of the contract and shall terminate when all the protected health information provided by the Covered Entity to the Business Associate, or accessed, maintained, created, retained, modified, recorded, stored, or otherwise held, transmitted, used or disclosed by the Business Associate on behalf of the Covered Entity, is destroyed or returned to the Covered Entity, or, if it not feasible to return or destroy the protected health information, protections are extended to such information, in accordance with the termination.
- 3. **Termination for Breach of Agreement**. The Business Associate agrees that the Covered Entity may immediately terminate the agreement if the Covered Entity determines that the Business Associate has violated a material part of this Addendum.

VI. MISCELLANEOUS

1. **Amendment.** The parties agree to take such action as is necessary to amend this Addendum from time to time for the Covered Entity to comply with all the requirements of the Health Insurance Portability and

Accountability Act (HIPAA) of 1996, Public Law No. 104-191 and the Health Information Technology for Economic and Clinical Health Act (HITECH) of 2009, Public Law No. 111-5.

- 2. **Clarification.** This Addendum references the requirements of HIPAA, the HITECH Act, the Privacy Rule and the Security Rule, as well as amendments and/or provisions that are currently in place and any that may be forthcoming.
- 3. **Indemnification.** Each party will indemnify and hold harmless the other party to this Addendum from and against all claims, losses, liabilities, costs and other expenses incurred as a result of, or arising directly or indirectly out of or in conjunction with:
 - a. Any misrepresentation, breach of warranty or non-fulfillment of any undertaking on the part of the party under this Addendum; and
 - b. Any claims, demands, awards, judgments, actions, and proceedings made by any person or organization arising out of or in any way connected with the party's performance under this Addendum.
- 4. Interpretation. The provisions of the Addendum shall prevail over any provisions in the agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved to permit the Covered Entity and the Business Associate to comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.
- 5. **Regulatory Reference.** A reference in this Addendum to a section of the HITECH Act, HIPAA, the Privacy Rule and Security Rule means the sections as in effect or as amended.
- 6. **Survival**. The respective rights and obligations of Business Associate under Effect of Termination of this Addendum shall survive the termination of this Addendum.

THIS SPACE INTENTIONALLY LEFT BLANK

IN WITNESS WHEREOF, the Business Associate and the Covered Entity have agreed to the terms of the above written agreement as of the effective date set forth below.

STAFF REPORT BOARD MEETING DATE: October 27, 2016

TO: District Board of Health

- **FROM:** Anna Heenan, Administrative Health Services Officer 328-2417, <u>aheenan@washoecounty.us</u>
- **SUBJECT:** Acknowledge receipt of the Health Fund Financial Review for September, Fiscal Year 2017

SUMMARY

The first quarter of fiscal year 2017 (FY17) ended with a cash balance of \$2,752,379. Total revenues were \$4,640,387 up \$433,076 or 10.3% over fiscal year 2016 (FY16) and 22.0% of budget. The revenue increase is mainly due to the fee increases approved for FY16. With 25.0% of the fiscal year completed the expenditures totaled \$5,154,249 up \$235,429 or 4.8% compared to FY16 and was 23.1% of budget.

District Health Strategic Objective supported by this item: Financial Stability: Enable the Health District to make long-term commitments in areas that will positively impact the community's health by growing reliable sources of income.

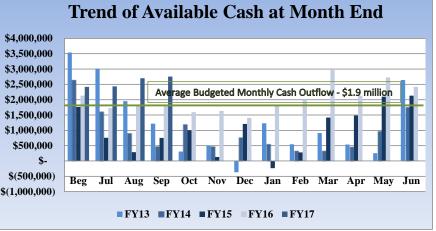

PREVIOUS ACTION

Fiscal Year 2017 Budget was adopted May 17, 2016.

BACKGROUND

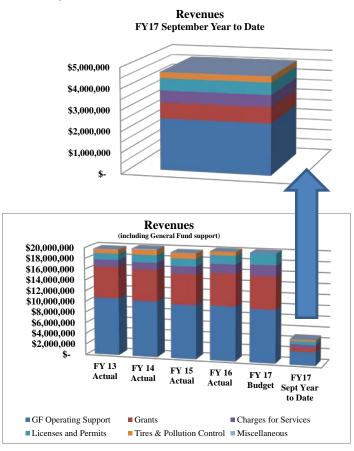

Review of Cash

The available cash at the end of September, FY17, was \$2,752,379 which was 148.1% of the average budgeted monthly cash outflow of \$1,858,992 for the fiscal year and up 54.0% or \$964,903 compared to the same time in FY16. The encumbrances and other liability portion of the cash balance totals \$1.363 million; the portion of cash restricted as to use is approximately \$929,000 (e.g. Air Quality and the Solid Waste Management programs restricted cash); leaving a balance of approximately \$460,000.

Note: December FY13 negative cash is due to 50%, \$1.3million, of the County Overhead being charged in December with just 8.3%, \$719,000, of the County Support being transferred to the fund. January FY15 no County General Fund support was transferred to the Health Fund leading to a negative cash situation.

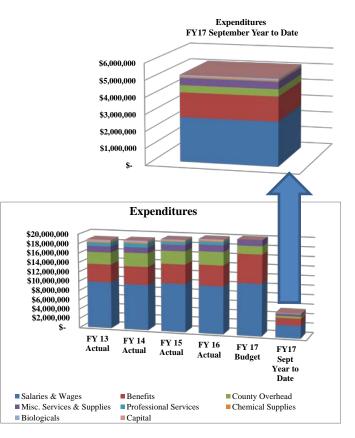

Review of Revenues (including transfers from General Fund) and Expenditures by category

The total date **expenditures** of year to \$5,154,249 increased by \$235,429 or 4.8% compared to the same time frame in FY16. Salaries and benefits expenditures for the fiscal year were \$4,122,419 up \$557,674 or 15.6% over the prior year. The total services and supplies expenditures of \$1,031,830 were down \$322,245 which was a 23.8% decrease mainly due to the chemicals needed for the Vector program that were purchased in July of FY16 but due to sufficient inventory has yet to be purchased in FY17. The major expenditures included in the services and supplies are: the professional services which totaled \$24,814 were down \$14,724 or 37.2% over the prior year; chemical supplies were down 67.8% or \$158,645 over last year for a total of \$75,314 spent; the biologicals of \$83,263 were up \$36,070 or 76.4%; and, County overhead charges of \$425,199 were down 39.2% or \$273,771 over last year due to the shift of \$295,365 of retiree health benefits charges reallocated from overhead to the benefits category.

Total year to date revenues of \$4,640,387 were up \$433,076 which was an increase of 10.3% over the same time last fiscal year and was 22.0% of budget. The revenue categories that were up over last fiscal year are as follows: licenses and permits of \$578,592 were up \$224,605 or 63.5% mainly due to fee increases effective July 1, 2016 and an increase in the work load associated with the fees; tire and pollution control revenues of \$282,958 were up \$6,164 or 2.2%; federal and state grant reimbursements of \$756,672 were up \$124,637 or 19.7%; and, charges for services of \$566,334 were up \$149,720 or 35.9%. The revenue categories that were down compared to FY16 include: fines and forfeitures for illegal dumping was down \$500; miscellaneous revenues of \$6,617 were down \$1,551 or 19.0%; and the County General Fund transfer of \$2,449,214 was down \$70,000 or 2.8% due to the transfer reduction related to the subsidy for overhead that is no longer required due to the fee increases.

Date: DBOH meeting October 27, 2016 Subject: Fiscal Year 2016, September Financial Review Page **3** of **4**

Review of Revenues and Expenditures by Division

AQM has received \$636,322 or 23.7% of budget and up \$134,249 in revenue compared to FY16. CCHS received \$418,769 in revenue or 10.9% of budget and down \$60,354 over FY16. EHS has received \$780,171 which is 26.8% of budget and up \$247,181 over FY16. EPHP has received \$355,912 in revenue and is up \$182,062 or 104.7% over last year due to the timing of receiving the grant reimbursements. The County General Fund support is the single largest source of revenue and totaled \$2,449,214 or 25.0% of budget.

The total expenditures for FY17 were \$5,154,249 which is 23.1% of budget and up \$235,429 over last fiscal year. ODHO spent \$162,581 up \$37,088 or 29.6% over FY16 mainly due to the increase in County overhead and employee benefit costs. AHS has spent \$284,441 up \$37,895 or 15.4% over last year mainly due to the utilities for the Health District previously being part of the County indirect cost allocation that is now directly charged to Administration. AQM spent \$728,036 of the division budget and has increased \$108,137 or 17.4% over last fiscal year due to costs for the regional permitting system; advertisement campaign; increased County benefit charges; and, dues for the Reno-Tahoe Clean Cities Coalition. CCHS has spent \$1,731,666 year to date and is up \$89,113 or 5.4% over last year mainly due to an increase in base salaries associated with filling of vacant positions. EHS spent \$1,618,766 and has decreased \$90,403 or 5.3% over last year due to the delay in purchasing chemicals for the Vector program. EPHP expenditures were \$628,761 and were \$53,600 or 9.3% over FY16 mainly due to accrued benefits payout for an employee that terminated employment with the Health District and an increase in the County benefits costs.

Staff Report Board Meeting Date: October 27, 2016

- **TO:** District Board of Health
- **FROM:** Charlene Albee, Director, Air Quality Management Division (775) 784-7211, calbee@washoecounty.us
- SUBJECT: Review, discussion and possible adoption of the Business Impact Statements regarding Proposed Revisions to the District Board of Health Regulations Governing Air Quality Management, Section 030.600 Prevention of Significant Deterioration (PSD) with a finding that the revised regulations do not impose a direct and significant economic burden on a business; nor do the revised regulations directly restrict the formation, operation or expansion of a business; and set a public hearing for possible adoption of the proposed revisions to the Regulations for November 17, 2016 at 1:00 pm.

SUMMARY

The Washoe County District Board of Health must adopt any changes to the District Board of Health Regulations (Regulations) Governing Air Quality Management. Per NRS 237, Business Impact Statements "must be considered by the governing body at its regular meeting next preceding any regular meeting held to adopt" the Proposed revisions.

District Health Strategic Objective supported by this item: #2 - Healthy Environment: Create a healthier environment that allows people to safely enjoy everything Washoe County has to offer.

PREVIOUS ACTION

Section 030.600 of the Regulations was last revised on May 24, 2007. That revision brought the Regulations into compliance with the significant revisions made by EPA in December 2002 to the Prevention of Significant Deterioration (PSD) Program. Because of the numerous lawsuits filed against the EPA regarding the new PSD requirements, the Air Quality Management Division (AQMD) delayed requesting adoption of these revisions until EPA achieved a compromise with those lawsuits.

BACKGROUND

Prevention of Significant Deterioration applies to new major sources or major modifications at existing sources for pollutants where the area the source is located is in attainment or unclassifiable with the National Ambient Air Quality Standards. The AQMD has been delegated the authority to implement the PSD regulations contained in Title 40 of the Code of Federal Regulations Part 52.21 (40 CFR 52.21) since May 9, 1985.

Subject: Approval and Adoption of BIS Regarding Revisions to the District Board of Health Regulations Governing Air Quality Management, Section 030.600 Prevention of Significant Deterioration (PSD) Date: October 27, 2016 Page 2 of 3

On June 23, 2014, the U.S. Supreme Court invalidated a portion of the U.S. Environmental Protection Agency's Greenhouse Gas (GHG) Tailoring Rule. The determination was made that a facility should not be subject to the PSD regulations if greenhouse gases are the only pollutants that may be emitted above the major source thresholds. The proposed amendments to Section 030.600 reflect that decision and eliminate unnecessary consideration of GHG Tailoring Rule requirements in the PSD program. Since this is a federal regulation that is adopted by reference, AQMD staff has consulted with EPA Region IX in San Francisco and incorporated their comments.

If the revisions to these regulations are adopted, they will be submitted to EPA through the Nevada Division of Environmental Protection as a revision to the Truckee Meadows portion of the Nevada CO and PM_{10} State Implementation Plans.

NRS 237.080 requires that before the Board adopts any rule, that the Board "make a concerted" effort to determine whether the proposed rule will impose a direct and significant economic burden upon a business or directly restrict the formation, operation or expansion of a business. The proposed revisions to the regulations qualify as a rule under NRS 237.060 as the standards established will affect new major stationary sources and major modifications at existing sources. NRS 237.080 requires notification be made to trade associations or owners and officers of businesses about the proposed rule and that they may submit data or arguments about whether the proposed rule will impose a direct and significant economic burden upon a business or directly restrict the formation, operation or expansion of a business.

Public notice for the revisions to these Regulations was published in the Reno Gazette-Journal on September 21, October 5, and October 24, 2016. The proposed revisions were also made available in the "Current Topics" section of the AQMD website (www.OurCleanAir.com). There are only three (3) businesses that could be directly affected by the proposed regulation changes, including RR Donnelley & Sons (rotogravure printing), SFPP (Sparks Tank Farm), and Apple Inc. (Sparks Data Farm). Each of the affected businesses was contacted and provided with a copy of the notification and a solicitation for comments. Due to the limited number of affected businesses, the published notification included instructions that a request must be made to the AQMD by October 7 for a public workshop to be scheduled to address any questions or concerns should there be any. No such request was received by close of business on October 7. No comments were received from any of the affected businesses.

FISCAL IMPACT

There are no fiscal impacts resulting from the Board adopting the revisions to the regulations as the changes will not require any modifications to the existing administrative duties associated with the implementation of the program.

Subject: Approval and Adoption of BIS Regarding Revisions to the District Board of Health Regulations Governing Air Quality Management, Section 030.600 Prevention of Significant Deterioration (PSD) Date: October 27, 2016 Page **3** of **3**

RECOMMENDATION

Staff recommends the District Board of Health approve and adopt the Business Impact Statement for the proposed revisions to the Health District Regulations Governing Air Quality Management, Section 030.600 Prevention of Significant Deterioration (PSD) and set a public hearing for possible adoption of said revisions for November 17, 2016 at 1:00 pm.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be:

"Move to approve and adopt the Business Impact Statement for the proposed revisions to the District Board of Health Regulations Governing Air Quality Management, Section 030.600 Prevention of Significant Deterioration (PSD). Further move to set a public hearing for possible adoption of the District Board of Health Regulations Governing Air Quality Management, Section 030.600 Prevention of Significant Deterioration (PSD) for November 17, 2016 at 1:00 pm. The following business impact statement was prepared pursuant to NRS 237.090 to address the proposed impact of <u>the</u> revision to the DBOH Regulations Governing Air Quality Management, Section 030.600 Prevention of Significant Deterioration (PSD) to comply with the U.S. EPA's revised regulations.

1. The following constitutes a description of the manner in which comment was solicited from affected businesses, a summary of their response and an explanation of the manner in which other interested persons may obtain a copy of the summary. (*List all trade association or owners and officers of businesses likely to be affected by the proposed rule that have been consulted*).

Notification of the proposed regulation changes was published on September 21, October 5 and 24 in the Reno Gazette-Journal. There are only three (3) businesses that could be directly affected by the proposed regulation changes, including RR Donnelley & Sons (rotogravure printing), SFPP (Sparks Tank Farm), and Apple Inc. (Sparks data farm). Each of the affected businesses was contacted and provided with a copy of the notification and a solicitation for comments. Due to the limited number of affected businesses, the published notification included instructions that a request must be made to the Air Quality Management Division by October 7 for a public workshop to be scheduled to address any questions or concerns should there be any. No such request was received by close of business on October 7. No comments were received from any of the affected businesses.

2. The estimated economic effect of the proposed rule on businesses, including, without limitation, both adverse and beneficial effects, and both direct and indirect effects:

Adverse effects: None.

Beneficial effects: <u>The regulation has been amended to reflect the U.S. Supreme Court decision to invalidate a portion</u> of the U.S. Environmental Protection Agency's Greenhouse Gas Tailoring Rule. The applicability of the regulation has been clarified and an overall reorganization will make it easier for the regulated communities to read and understand.

Direct effects: <u>Eliminate permitting requirements included in the Tailoring Rule that were invalidated by the Supreme</u> <u>Court decision.</u>

Indirect effects: Time saved from ease of reading and understanding the revised and reorganized regulations.

3. The following constitutes a description of the methods the local government considered to reduce the impact of the proposed rule on businesses and a statement regarding whether any, and if so, which of these methods were used: (Include whether the following was considered: simplifying the proposed rule; establishing different standards of compliance for a business; and if applicable, modifying a fee or fine set forth in the rule so that business could pay a lower fee or fine).

<u>There should be minimal financial impact on business owners as the proposed regulation changes will eliminate</u> <u>unnecessary consideration of Greenhouse Gas Tailoring Rule requirements.</u>

- 4. The governing body estimates the annual cost to the local government for enforcement of the proposed rule is: <u>There</u> is no increase in anticipated annual cost as the work is already being conducted.
- 5. The proposed rule provides for a new fee or increases and existing fee and the total annual amount expected to be collected is: <u>N/A</u>.
- 6. The money generated by the new fee or increase in existing fee will be used by the local government to: <u>N/A.</u>
- 7. The proposed rule includes provisions that duplicate or are more stringent than federal, state or local standards regulating the same activity. The following explains when such duplicative or more stringent provisions are necessary:

The proposed change is not duplicative, nor more stringent than existing federal, state or local standards.

8. The following constitutes an explanation of the reasons for the conclusions regarding the impact of the proposed rule on businesses:

The proposed rule will have a negligible impact on existing businesses in Washoe County as none of them are classified as major sources of greenhouse gas emissions. Future expansions of existing businesses or new business that may be interested in establishing operations in Washoe County will be subject to the same federal standards that are applicable nationwide.

To the best of my knowledge or belief, the information contained in this statement is prepared properly and is accurate.

#22

9/30/16, I spoke with XXXX, she is a RN, very nice but appeared confused on the events of her transport on 8/18/16. Pt told me she had a seizure and the paramedic's did not listen to her. Daughter called as pt was acting abnormal and had unusually large and watery bowel movements with cramping. XXXX also said she was alone in the back of the ambulance during transport, when she looked into the drivers area there were 3 people up front. Pt was slow and not sure of her answers, following up with her DR next month. I apologized to XXXX, assured her she was not alone in the back during transport. I will have the EMT-I Z Lukas, (in the back with the pt) complete an occurrence report ASAP. Stacie

REMSA and Renown Health Announce Innovative Partnership

On Monday, September 12, Renown Health and REMSA announced the formation of their innovative new partnership to improve the overall health of the region through a yearlong, financial contract to sustain the Community Health Programs. The programs are focused on doing the most good for the most people at the least amount of cost. REMSA predicts that continuing these innovative programs will have an economic impact of \$1.6 million over the next year through savings to the community. By minimizing and avoiding costly ways of accessing healthcare such as unnecessary emergency room visits, hospital admissions, hospital readmissions, and ambulance transports, there is more opportunity to provide proactive and necessary healthcare. With the aligned goal of promoting health by expanding access to the right level of healthcare at the right time, these programs reinforce Renown's and REMSA's work to improve the overall health of the community.

The event featured a co-announcement from Dean Dow and Anthony D. Slonim, MD, DrPH, president and CEO, Renown Health. The event also included grant highlights presented by Brenda Staffan, Director of New Ventures at REMSA, population health management information presented by Kirk Gillis, Vice President of Accountable Care, Renown Health, verification of the program data and a testimonial about the importance of the programs from Trudy Larson, MD, University of Nevada Reno, and proclamations from Washoe County Commissioner Bob Lucey and City of Reno Mayor Hillary Schieve. Other appointed and elected officials attending the event included Reno City Council Member David Bobzien, Reno City Council Member Oscar Delgado, Reno City Council Member Naomi Duerr and Kevin Dick, Washoe District Health Officer.

Preliminary outcomes from the Community Health Programs show that they continue to facilitate healthcare access and reduce costs with more than 6,200 emergency room visits avoided, over 1,000 ambulance transports avoided and more than \$9.6 million in savings to patients and the healthcare system.

Since the Community Health Programs launched in 2012, a variety of community partners contributed to their success including hospitals, clinics, fire services, EMS oversight entities, urgent cares, health centers, and non-profit and community groups.

The announcement attracted local and national media coverage including the following:

STAFF REPORT BOARD MEETING DATE: October 27, 2016

| TO: | District Board of Health |
|----------|--|
| FROM: | Christina Conti, Preparedness & EMS Program Manager 775-326-6042, <u>cconti@washoecounty.us</u> |
| Subject: | Regional Emergency Medical Services Advisory Board October Meeting Summary |

The Regional EMS Advisory Board (Board) held its quarterly meeting on October 6, 2016. Below is a summary of items discussed.

- Updates to the EMSAB: The Board heard updates on several projects the EMS Oversight Program (Program) is working on, to include a full-scale hospital evacuation exercise that will occur on October 19, the development of a dispatch working group that will meet quarterly, and a CAD-to-CAD update in the form of a staff report by City of Reno staff.
- HeartSafe Designation: The EMS Oversight Program was honored to announce that Washoe County's application to become a HeartSafe Community was approved. This designation recognizes regional agencies have taken steps to strengthen the "chain of survival" and improve the system for preventing sudden cardiac arrest.
- **Prehospital Medical Advisory Committee (PMAC) Update:** The Board heard a brief presentation by Dr. Michaelson about the topics discussed at the September PMAC meeting and the integration with the EMSAB and DBOH. Additionally, the PMAC has a website that tells about the role of the committee.
- **5-Year Strategic Plan:** The Board was provided a final draft of the regional 5-year strategic plan. Discussion included the item that had not reached consensus, which related to defining a jurisdictional EMS Tier 1 response measurement. The Board directed Program staff to include March 31, 2017 as the identified date for that objective and present the final draft to the District Board of Health.
- EMS Oversight Program FY 15/16 Annual Report: The Board was provided a copy of the FY 15/16 Annual Report, which is designed to be to be an educational and informational resource highlighting the work and achievements of the region as it related to EMS. The Board made minor revisions to the document and approved the report for distribution. (Attached to this report in the approved FY 15/16 Annual Report.)
- **EMS Advisory Board Bylaws Revision:** The Board reviewed the update and possible revisions to the Board Bylaws. Developed recommendations came from staff through researching bylaws of similar advisory boards. The Board approved the proposed Bylaws with a minor edit to article 1, section 2.

Introduction

The Emergency Medical Services (EMS) Oversight Program Annual Report contains a summary of the Washoe County regional EMS system from July 1, 2015 through June 30, 2016 (FY 15-16). Within the report there are seven sections highlighting the EMS system within Washoe County, to include EMS response agencies and their jurisdictional boundaries, regional performance data, and regional EMS accomplishments and goals for fiscal year 16-17.

Section 1: About the Washoe County EMS Oversight Program

An assessment of the Washoe County EMS system was conducted in 2012 by a public safety consulting firm, TriData; this study resulted in 36 recommendations to the region for the improvement of EMS services, including the establishment of a Regional EMS Oversight Program (Program). On August 26, 2014 an Interlocal Agreement (ILA) for Emergency Medical Services Oversight was fully executed between the City of Reno (Reno), City of Sparks (Sparks), Washoe County Board of Commissioners (Washoe), Washoe County Health District, and Truckee Meadows Board of Fire Commissioners (Fire). The ILA created the Program, the purpose of which is to provide oversight of all emergency medical services provided by Reno, Sparks, Washoe, Fire, and Regional Emergency Medical Services Authority (REMSA). The Program is staffed with 2.5 full-time employees; a full-time Program Manager, a full-time Program Coordinator, and a part-time Program Statistician. Additionally, the establishment of the ILA and the Program, and seven duties of the signatories. A summary of the eight duties of the Program, and seven duties of the signatory partners, as designated per the ILA, are provided below.

The Program is tasked with the following:

- 1. Monitoring the response and performance of each agency providing EMS in the region
- 2. Coordinate and integrate medical direction
- 3. Recommending regional standards and protocols
- 4. Measure performance, system characteristics, data and outcomes for EMS to result in recommendations
- Collaboration with partners on analyses of EMS response data and formulation of recommendations for modifications or changes of the regional Emergency Medical Response Map
- 6. Identification on sub-regions to be analyzed and evaluated for recommendations regarding EMS response
- 7. Provide an annual report on the state of EMS to contain measured performance of each agency and compliance with performances measures established by the Program for each agency

8. Create and maintain a five-year strategic plan to ensure continued improvement in EMS to include standardized equipment, procedures, technology training and capital investments

The signatory partners are tasked with the following:

- 1. Provide information, records and data on EMS dispatch and response for review, study and evaluation by the EMS Program
- 2. Participate in working groups for coordination, review, evaluation and continued improvement of EMS
- Participate in the establishment and utilization of computer-aided-dispatch (CAD)-to-CAD interface¹
- 4. Work cooperatively with the EMS Program to provide input on the five-year strategic plan and ensure two-way communication and coordination of EMS system as future technologies, equipment, systems and protocols evolve
- 5. Participate in the EMS Advisory board
- 6. Strive to implement recommendations of the EMS Program or submit recommendations to their respective governing bodies for consideration and possible action
- 7. Submitting recommendations regarding the EMS system to the EMS Program for implementation or consideration and possible action by the District Board of Health

The ILA also created an Emergency Medical Services Advisory Board (EMSAB), comprised of the following members:

- a. City Manager, Reno
- b. City Manager, Sparks
- c. County Manager, Washoe County
- d. District Health Officer
- e. Emergency Room Physician (DBOH Appointment²)
- f. Hospital Continuous Quality Improvement (CQI) Representative (DBOH Appointment²)

The EMSAB was established to provide a concurrent review of topics within the EMS system. The purpose of the EMSAB is to review reports, evaluations and recommendations of the Program, discuss issues related to regional emergency medical services and make recommendations to the respective jurisdictional Boards.

¹ CAD-to-CAD is a two-way interface with allows for call-related information to be transferred between all agencies involved with an incident to have access to live updates and incident status information

² DBOH is the Washoe County District Board of Health; the governing board which oversees health-related issues within Washoe County

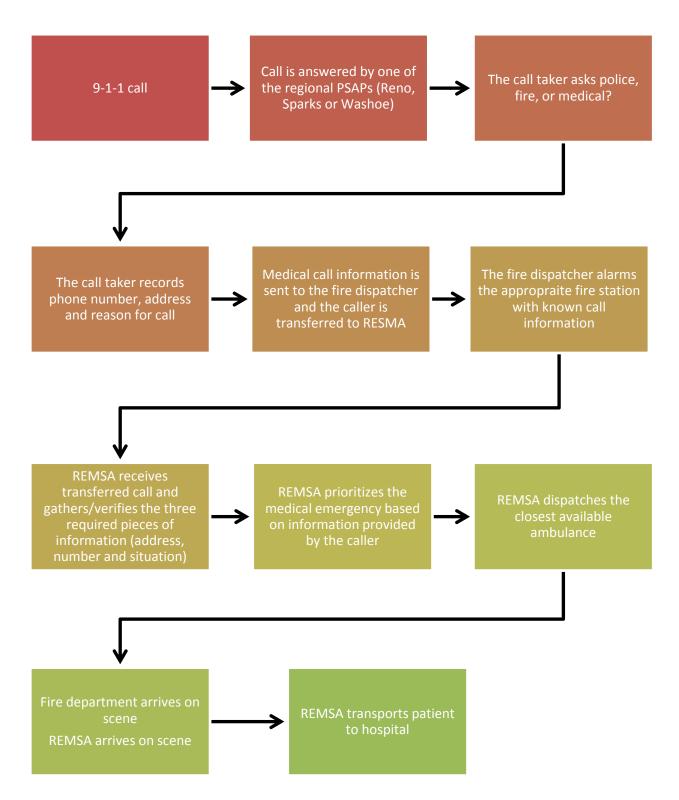

Section 2: How Washoe County's 9-1-1 and EMS systems are designed

Washoe County has a two-tiered response system to emergency medical calls. A 9-1-1 call is routed through the Public Safety Answering Point (PSAP), to determine if a caller is requesting police, medical or fire response; and if medical is requested or needed, the caller is forwarded to REMSA for Emergency Medical Dispatch (EMD).

The two-tiered system is designed so that a fire agency is dispatched first to a medical EMS incident in their jurisdiction, since fire stations are located within neighborhoods throughout the region. While fire is being dispatched, the call taker is questioned by REMSA to determine the call priority, and the subsequent dispatching of an ambulance. The performance of the EMS System within Washoe County is dependent on all parties working together.

Figure 1 illustrates how a 9-1-1 call is transferred through the EMS system. Starting from the initial call coming into the PSAP, to the call taker questioning, dispatch of fire, transferring the 9-1-1 call to REMSA, REMSA dispatching an ambulance, EMS (Fire and REMSA) responders arriving on scene, and REMSA transporting the patient to a hospital.

Section 3: Washoe County EMS Partner Agencies

The EMS system within Washoe County is comprised of multiple partner agencies. These agencies work together daily to ensure the needs of the community are met. These EMS partner agencies include:

- City of Reno³
- City of Reno Fire Department
- City of Reno Public Safety Dispatch (Reno ECOMM)
- City of Sparks³
- City of Sparks Fire Department
- City of Sparks Public Safety Answering Point
- Gerlach Volunteer Fire Department
- North Lake Tahoe Fire Protection District
- Pyramid Lake Fire and Rescue
- Reno-Tahoe Airport Authority Fire Department
- REMSA
- Truckee Meadows Fire Protection District³
- Washoe County³
- Washoe County Health District³
- Washoe County Sheriff's Office

Jurisdictional Response and Station Maps

Emergency Medical Services in Washoe County are provided by the following career fire agencies: Reno Fire Department, Sparks Fire Department, Truckee Meadows Fire Protection District, North Lake Tahoe Fire Protection District and Pyramid Lake Fire and Rescue. The City of Reno and City of Sparks Fire Departments' jurisdictions encompass the city limits of their respective cities (Figure 2), while Truckee Meadows Fire Protection District's jurisdiction encompasses the more rural areas of unincorporated Washoe County (Figure 3) up to the Rural Fire Boundary (Figure 4). The southwest corner of Washoe County falls under the jurisdiction of North Lake Tahoe Fire Protection District (NLTFPD). NLTFPD provides fire and ambulance coverage and transport for the residents of Incline Village, Crystal Bay and surrounding communities. Pyramid Lake Fire and Rescue's jurisdiction includes the Pyramid Lake Tribal Land reservation boundaries.

³ signatory of the ILA

Washoe County citizens also are served by the following volunteer fire agencies: EMS coverage north of the Rural Fire Boundary is covered by Gerlach Volunteer Ambulance and Fire Department, their jurisdiction includes the towns of Gerlach, Empire, and surrounding rural region. The Red Rock Volunteer Fire Department serves a rural area north of Reno supplemented by Truckee Meadows Fire Protection District.

The private ambulance company, REMSA, is responsible for the transport of patients within their designated Franchise response area. REMSA's response area extends from the southern border of Washoe County, north to the border of the Pyramid Lake Paiute tribal lands, east to Wadsworth and west to the border of California (Figure 3).

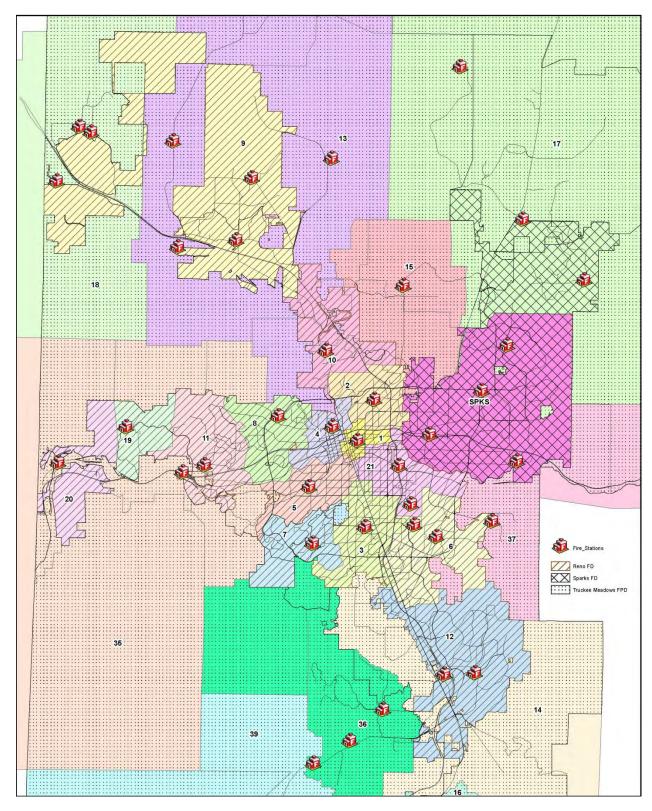

Figure 2: Jurisdictional Boundaries and Fire Station Locations for Reno Fire Department, Sparks Fire Department and Truckee Meadows Fire Protection District

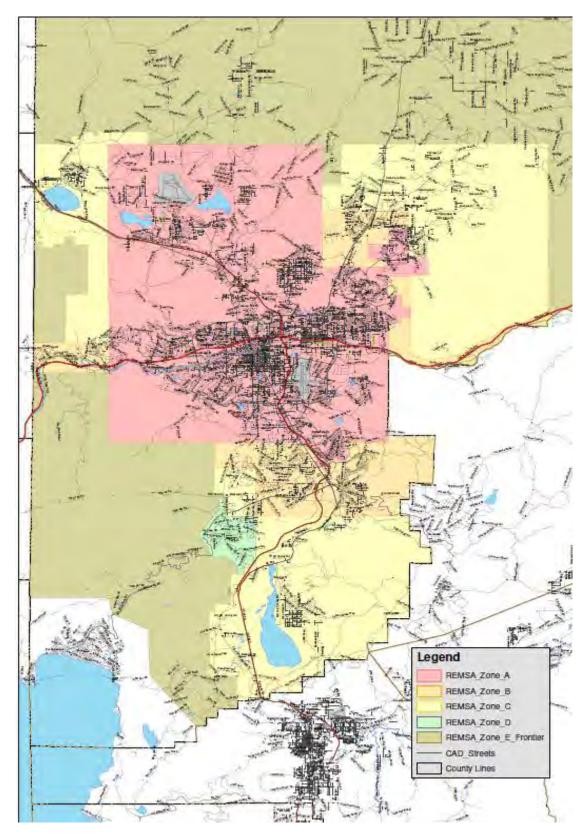

Figure 3: REMSA Franchise Response Map through June 30, 2016

Section 4: Regional EMS Performance Analyses

EMS related calls are reported by three fire agencies in Washoe County: City of Sparks, City of Reno, and the Truckee Meadows Fire Protection District (unincorporated Washoe County), all of which are signatories of the Interlocal Agreement, as well as REMSA. The reported EMS related fire calls are matched to REMSA calls for service to allow for an evaluation of system performance on EMS incident response, from the initial 9-1-1 call through each agency arriving on scene. The purpose of matching fire call data with REMSA call data is to better understand how the EMS system is functioning in our region and determine if implemented protocols are impacting response times and patient outcomes. Additionally it allows the region to review if there are opportunities for improvement.

The analyses presented in this section are representative of the EMS calls for service during July 1, 2015-June 30, 2016. The calls utilized in these analyses are those which matched between fire partners and REMSA.

Table 1 Total number of Fire calls which matched to REMSA calls by REMSA priority. The number used in each analysis is dependent on the time stamp validity for time stamps used in each table.

| Priority | # | % |
|----------|--------|--------|
| 1 | 21,498 | 47.5% |
| 2 | 17,149 | 37.9% |
| 3 | 5,954 | 13.2% |
| 9 | 693 | 1.5% |
| Total | 45,294 | 100.0% |

Table 2 The proportion of calls when PSAP received notification of an EMS call prior toREMSA. SFD was able to provide PSAP data starting October 26, 2015. Calls which occurredprior to October 26 from SFD do not have PSAP data.

| Agency | # | % | |
|--|--------|-------|--|
| REMSA First | 5,237 | 12.4% | |
| PSAP First | 36,880 | 87.6% | |
| Total Matched N =45,294, Used N = 42,117 | | | |

Table 3 The median time intervals from the initial call (IC) to responding agency's dispatch and arrival on scene.

The initial call (IC) time was calculated using either REMSA call pick up time or PSAP Created Time, depending on which was first. Those calls excluded from the analysis were missing PSAP Created Time or did not have an arrival on scene time stamp for either a fire partner or REMSA.

| REMSA Priority | Median Time from Initial Call (IC) to Dispatch and Arrival On Scene | | | | | |
|-----------------------|---|---|---------|--|--|--|
| REIVISA PRIORILY | IC to REMSA Dispatch | IC to REMSA Dispatch IC to Fire Arrival IC to REMSA | | | | |
| 1 | 0:01:12 | 0:06:46 | 0:06:56 | | | |
| 2 | 0:01:16 | 0:07:05 | 0:07:27 | | | |
| 3 | 0:01:14 0:07:00 | | 0:09:04 | | | |
| 9 | 0:01:17 | 0:07:15 | 0:10:03 | | | |
| All | 0:01:14 | 0:06:55 | 0:07:19 | | | |
| Total matched N = 45, | 294, Used N = 30,481 | | | | | |

The median time from the initial call to REMSA dispatch (clock start) is 01:14 minutes, to Fire arrival is 06:55 minutes, and REMSA arrives 07:19 minutes after the initial call.

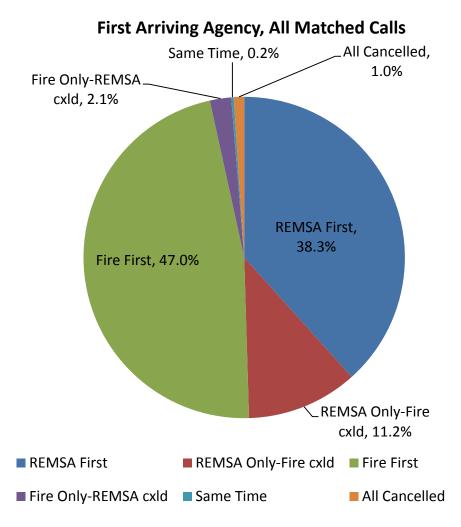

Table 4 The median travel time (time from when fire agency goes en route to fire agency arrival on scene). Median, Mean (average), and 90th percentile.

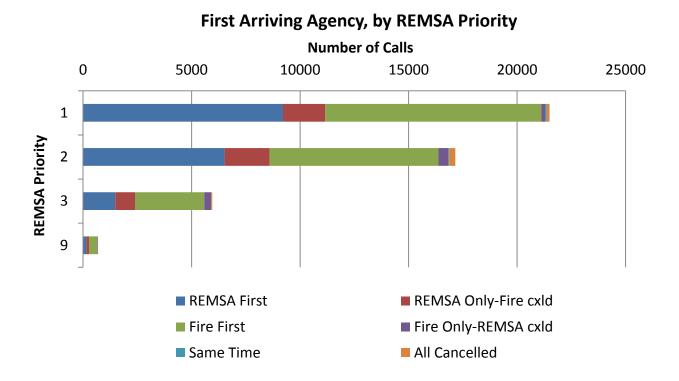

| Fire Travel Time: En route to Arrival | | | | | |
|---------------------------------------|---------|-----------------|--|--|--|
| Median | Mean | 90th Percentile | | | |
| 0:03:57 | 0:04:27 | 0:07:22 | | | |
| Used N= 38,980 | | | | | |

Of the 38,980 fire calls with an en route and arrival time stamp, the median travel time was 03:57 minutes, the mean or average travel time was 04:27 minutes and the 90th percentile, meaning 90% of the calls, were 07:22 minutes or less.

| First on | Priority REMSA | | | | | | | | | |

Section 5: EMS Oversight Program Accomplishments FY 15-16

Regional Omega Protocol

An Omega call is a type of 9-1-1 call which when evaluated through the Emergency Medical Dispatch (EMD) process, is deemed as low-acuity non-emergent and an ambulance response is not the most appropriate level of care. In 2011, the International Academy of Emergency Dispatch (IAED) approved 200 Omega EMD determinant codes, these are calls with a chief complaint such as a spider bite, headache, hiccups, cannot sleep, splinter, or nosebleed without any other life-threatening symptoms present. About 150 of the 9-1-1 calls in this region are categorized as Omega each month. The region recognized this was not best-practice or an appropriate utilization of EMS resources. In June of 2015 the region's EMS agencies met to discuss the response protocol for Omega calls. After additional research, including discussions with other jurisdictions that adopted alternative responses for Omega calls, and multiple revisions to draft policy, the region's Omega protocol was accepted by the EMS Advisory Board on April 7, 2016 and approved by the District Board of Health on April 28, 2016 with an implementation date of July 1, 2016.

The protocol approves 52 Omega EMD determinant codes to be transferred from the 9-1-1 system to the Nurse Health Line (NHL) for further assessment and evaluation to determine the appropriate level of care for the patient. This increases the availability of the region's EMS resources allowing them to respond to higher acuity calls and reduces the burden on emergency rooms, while still providing assessment and recommendations to the patient.

Revised REMSA Franchise Response Map

The REMSA Franchise response map delineates the time expectations for REMSA to respond to 9-1-1 calls in the Franchise service area. The process of reviewing and revising the REMSA map began in February 2015, with regional meetings starting April 2015. EMS staff utilized a contractor to assist the region in the development of a sound methodology and process for developing a new REMSA Franchise response map. The methodology adopted by the region was based on population density models with an overlay of call volume data for a 12 month period of time. After incorporating quantitative data elements and evaluating several map revisions, the regional EMS partner agencies met consensus on the newly developed REMSA response map (Figure 4). The new map was approved by the EMS Advisory Board January, 2016, followed by approval from the District Board of Health February, 2016 effective July 1, 2016.

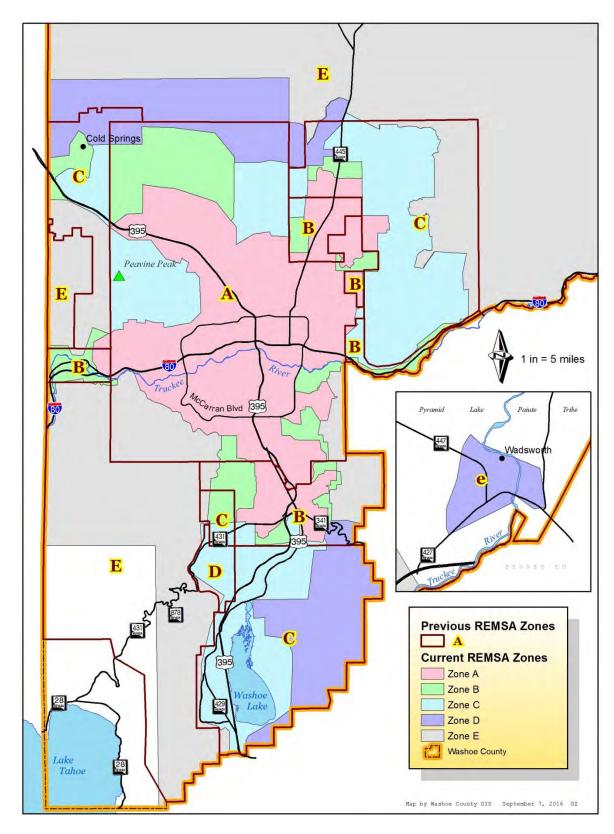

Figure 5: Map of REMSA's Previous and Current Franchise Response Zones

HeartSafe Community Designation

In 1991 the American Heart Association brought forth the concept of "Chain of Survival", the intention of which was to increase the survival rate of persons who are victims of sudden cardiac arrest. Nevada Project Heartbeat developed a HeartSafe Community Program to recognize the collaborative efforts of organizations and agencies to enhance and improve their pre-hospital system's response to cardiac events.

The Washoe County EMS Oversight Program has been working with several partner agencies, since November 2015, to develop a HeartSafe program and apply for Washoe County to be a HeartSafe Community. Agencies involved include Renown, Reno-Tahoe Airport Authority Fire Department, Reno Fire Department, Sparks Fire Department, Truckee Meadows Fire Protection District, Washoe County Sherriff's Office, REMSA, American Red Cross, Reno Police Department, and North Lake Tahoe Fire Protection District. Although Incline Village had previously been recognized as a HeartSafe Community, the partners thought it was prudent to submit an application on behalf of the County.

The process of developing a HeartSafe Program involved assessing the number of and access to automated external defibrillators (AED) and the number of residents who are trained and certified in CPR. The HeartSafe Program works to improve all aspects of the 9-1-1 system, so that pre-hospital care for a sudden cardiac arrest, including the initiation of CPR and defibrillation by bystanders, can begin prior to the arrival of EMS providers.

Multi-Casualty Incident Plan (MCIP) Update

The MCIP was first created in 1986 in response to the Galaxy Airlines crash in Reno. The MCIP is designed to provide the community with the District Board of Heath's polices and guidelines for response to an MCI. Since its inception, the MCIP has gone through seven revision cycles to enhance the plan; the most recent occurred during fiscal year 2015-2016. For several months EMS staff worked with regional agencies to update plan elements. The larger revisions included:

- The development of a section on EMS Coverage for Mass Gatherings as mitigation planning
- The addition of American Burn Association information as an appendix (general location of burn beds and burn bed criteria)
- The creation of a Family Service Center (FSC) Annex
- The development of a pre-built communications plan (ICS 205)
- The enhancement of the section on mental health and stress management
- The creation of an executive level training on the MCIP

The District Board of Health heard a presentation on the revisions and approved the updates on April 28, 2016 with an effective date of July 1, 2016.

MCIP Executive Training

As part of the MCIP revision process, regional agencies identified a gap in regional training on the MCIP: most executive level personnel are familiar with the MCIP, but could benefit from a brief training that covers the operational details of the plan. Program staff began development of the MCIP executive level training to be offered during Fiscal Year 16-17. This training is intended to be offered on an annual basis.

Nevada Statewide Medical Surge Plan

The Nevada Statewide Medical Surge plan was first written in 2008 and is an all-hazards response plan that applies to all planned and unexpected events that may necessitate a surge of hospital and other healthcare resources within Nevada. During Fiscal Year 2015-2016 stakeholders deemed it necessary to update the plan content as well as add regional/multi-county response annexes. The West region plans include three annexes: medical surge, MCIs and healthcare evacuation.

The West region annexes were developed with the intention of having additional organization when a response requires multiple counties and jurisdictions. The framework of the annexes was based off Washoe County plans, but the content was modified for regional response and coordination. The annex development culminated with a tabletop exercise to test capabilities, strengths and possible improvements.

Section 6: Partner Agency EMS Highlights & Accomplishments FY 15-16

Partner agencies provided their EMS related highlights for FY 15-16, which include accomplishments such as increased capacity in terms of scope of work, increased staffing levels, newly hired personnel, updates to protocol and equipment upgrades. These are instrumental in assuring the best level of care is provided to the citizens and visitors of Washoe County.

City of Reno Fire Department Highlights for FY 15-16

The Reno Fire Department responds to about 36,000 calls annually. Of those calls about 75% are EMS.

In January 2016 Reno Fire Department hired EMS Chief Dennis Nolan to handle the EMS Division, and was able to establish a standing EMS committee with a Department EMS training center located at Station 11.

On January 8, 2016 Reno Fire Department began delivering ALS service for the first time in the 128 year history of the Department.

The Reno Fire Department hired 32 new recruits spread over two recruit academies. The first academy started on January 4, 2016 and the second academy started April 18, 2016. All recruit graduates are now line firefighters working for the Reno Fire Department.

The Department participated in the National Reading Month in March, reading to over 1,500 school children in the classroom.

The Reno Fire Department continued its participation with local charitable organizations including Muscular Dystrophy Association (the Fill-the-Boot program), Northern Nevada Children's Cancer Foundation with the charitable fundraising dinner we call Natalia's night and Mom's on the Run, a local charitable organization that supports families and individuals impacted by breast cancer.

The Department raised money for Breast Cancer awareness during October through the sale of pink RFD duty shirts. The shirts were approved uniform shirts to be worn on-duty during October.

At Christmas the Department again delivered the Sam Saibini Food Basket program which provides food, free of charge, to underprivileged families in the region and also held the Children's Christmas Party for homeless children in Reno.

In early 2016, the Reno Fire Department began delivering EMS service utilizing a Medical Response Unit (MRU) which provides an additional resource for the Department and allows for flexible staffing.

The Department put two new fire engines in service during March 2016, with a third scheduled to go into service.

The Department chaplain continued to deliver trauma intervention, resources and spiritual care to employees and the public.

Along with the region, the Reno Fire Department completed the application to become a HeartSafe Community.

City of Sparks Fire Department Highlights for FY 15-16

REMSA Response Map: the entire City of Sparks is now within the 8-minute response zone after the Response Map revisions.

Implemented the Omega Response Protocols: In conjunction with regional partners, developed the Omega response protocols allowing Ambulance and Fire Resources to discontinue response to low acuity priority 3 medical complaints.

Developed a Refusal of Medical Assistance (RMA): Developed, delivered required training, and implemented a Refusal of Medical Assistance procedure. This provides for better resource management and proper patient refusal in minor vehicle accidents and falls resulting in lift assists.

Completed Protocol Update: Updated protocols to reflect the recent changes in American Heart Association guidelines, scope of practice changes that came with the transition to Advanced EMT and other changes per medical direction.

Acquired and Renewed POD Endorsement for Numerous Personnel: The majority of SFD personnel attended vaccination administration training in conjunction with the Washoe County Health District. This cooperative effort allows SFD personnel to gain an additional endorsement on their EMS license that permits them to assist the County in delivering needed vaccines during public health emergencies. SFD personnel, in addition to other first responders, exponentially expand the resource availability to the Health District during a time of need.

Implemented the NEV CORD Radio Frequency: Programed department radios to include the NEV CORD frequency to be used to communicate with Air Ambulance resources.

Participated in NAC 45OB Workshops and Hearings

Completed Comprehensive Study on the Need for Paramedic First-Tier Resources Within the City of Sparks

Truckee Meadows Fire Protection District Highlights for FY 15-16

Acquired Chest Compression Devices: Thanks to Commissioner Hartung, a chest compression device was purchased with County funds and placed on the engine in Spanish Springs to enhance cardiac arrest survival rates in that District. The District subsequently budgeted for additional units to be placed on all 11 TMFPD engines in FY 16/17.

Staffed Gerlach and developed EMS transport procedures: Due to the resignation of several volunteers in Gerlach, TMFPD assumed operations of that area on an interim basis until a long-term plan could be developed and implemented. With approximately 2 weeks' notice, TMFPD was able to equip and staff a rescue and ambulance to service the region and provide ALS ambulance transport. The service was successfully transferred to new County staff on 7/1/16.

Approved Division Chief of EMS for FY 16/17 Budget: With a growing demand for EMS services and program support needs, the District created and funded a new Division Chief of EMS & Training, approved May 2016. The District will recruit for the position in mid FY 16/17.

Acquired fiber optic intubation scopes: To enhance success rates during critical, advanced airway placements, the District acquired fiber-optic video laryngoscopes. These tools allow for Paramedics to more easily visualize the placement of advanced airways, leading to better patient outcomes when successful.

Acquired intubation manikins for all stations: To further enhance advanced airway placement success rates, every TMFPD station was provided with an advanced airway training manikin. This allows crews to practice these critical skills on a daily basis.

Trained numerous personnel in vaccination administration: The majority of TMFPD personnel attended vaccination administration training in conjunction with the Washoe County Health District. This cooperative effort allows TMFPD personnel to gain an additional endorsement on their EMS license that allows them to assist the County in delivering needed vaccines during public health emergencies. TMFPD personnel, in addition to other first responders, exponentially expand the resource availability to the Health District during a time of need.

65 Certified Paramedics now on staff: Over the course of the last several years, TMFPD has continued to hire ALS personnel while existing ALS personnel have promoted to higher rank positions. During March 2016 TMFPD hired six additional firefighter paramedics, bringing the total to over 65 certified Paramedics on staff in various ranks which helps the District in all levels of its ALS EMS service.

Developed a mutual aid agreement with REMSA for TMFPD's ambulance: REMSA and TMFPD have developed a mutual aid agreement that will utilize the TMFPD ambulance stationed in Washoe Valley during MCI's and/or when REMSA needs assistance in providing transport in the South Valley's.

REMSA's Agency Highlights for FY 15-16

Hours Added: Analysis of demand and implementation of the new response zone map led to the addition of 240 Advanced Life Support unit hours per week. These additional hours have been added to the system to increase the number of shift lines and staff available to the system throughout the week.

Inter-facility System Growth: Growing demand and a dedication to utilizing appropriate resources based on patient condition led to REMSA adding 144 Intermediate Life Support unit hours. This increase ensured BLS and ILS transfers can be completed by an ILS transport staff, increasing the availability of ALS units in the 911 system.

New Dedicated Posts: Two dedicated posts have been added to outlying areas in an effort to provide services to growing and expanding population centers in the region. A 16-hour dedicated post at Wedge Parkway and a 16-hour dedicated post in Spanish Springs were implemented to better serve the expanding geographical population base of the Truckee Meadows

Community Health: Began transitioning CHP programs from grant-based to sustainable models with new Healthcare Partners and strategic relationships.

Omega Protocols: Implemented Omega Protocols with approval from all three jurisdictions as well as the EMS Advisory Board and the District Board of Health. This agreement is part of REMSA's Community Health initiatives to get the right care to the right patients.

Communication Staff: Communication staff added to support the increase of requests specific to handling Inter-facility transfers and to help ensure efficiency of the ILS transport systems.

Communication Center Accreditation: Successful reaccreditation of the REMSA Communication Center by the International Academy of Emergency Dispatch Center of Excellence. This is REMSA's 15th year being an accredited Center of Excellence. **Mutual Aid:** Initiated a new Mutual Aid Review Policy to ensure agreements are reviewed more frequently. A Mutual Aid Agreement with Truckee Meadows Fire Protection District was also completed and signed on June 28, 2016. Additionally, work began on establishing agreements with Reno Fire Department and Pyramid Volunteer Fire and Rescue.

National Visitors: Hosted multiple tours of key external decision makers; Dean Heller, Reid's staff, State Legislators, and representatives from the Center for Medicare Innovation.

New Technology: Implemented Mobile Data Terminals in ambulances and supervisor vehicles for improved routing, information sharing and digital communications. This new technology allows crews access to more information about calls and increased communications with the Communications Center.

Mission Life Line Silver Award: Awarded the Silver Mission Life Line Recognition in 2016 for successfully managing and caring for STEMI patients in collaboration with all local hospitals based on national criteria, see below.

| Core Measures | Quarter 1 | Quarter 2 | Quarter 3 | Quarter 4 | Overall |
|--|-----------|-----------|-----------|-----------|---------|
| Percentage of pts with non- traumatic chest pain <u>></u> 35 treated and transported who received a pre-hospital 12 lead: | 95% | 95% | 95% | 92% | 94.7% |
| Percentage of STEMI pts treated/transported to PCI facility with first medical contact to device <u><</u> 90 minutes: | 100% | 90% | 80% | 95.7% | 92.2% |

Gerlach Volunteer Fire Department Highlights for FY 15-16

Gerlach Fire and EMS: The small department remained active in FFY-2016, thanks to assistance from the Truckee Meadows Fire Protection District (TMFPD). Due to a variety of factors, the department was in transition. The first half of the year the station was staffed by volunteers and the second half of the year the station was staffed by TMFPD.

However, it emerged stronger and more sustainable as a Combination Fire Department with two full-time employees and two Intermittent Employees to form the nucleus of the revitalized Department.

Volunteers are being recruited, and regular service calls are being conducted by the two ambulances stationed at the Gerlach Department. The coverage area remains almost 5,000 square miles and the department averages about 50 calls per year, with call spikes during the annual Burning Man festival.

Calls for service: During FFY-2016 the Gerlach Volunteer Fire Department or TMFPD, responded to 71 calls for service within the Gerlach response area, of which 48% (34) were EMS.

Section 7: Goals for Next Fiscal Year

The following goals are areas which the EMS Oversight Program has been working towards for a several months, however, they are expected to be in effect within the next fiscal year. The Five-year Strategic Plan is a duty assigned by the ILA and was developed over much of FY 15-16 in collaboration with partner EMS agencies. The Program will also be working with EMS partner agencies and regional hospitals to develop best practice methodology to evaluate patient outcome data for future data reports.

Five-Year Strategic Plan

The Washoe County EMS Five-Year Strategic Plan began in August 2015 to guide the future direction of the Washoe County EMS System. The strategic plan began with a collaborative assessment to examine strengths, weaknesses, opportunities and threats facing the EMS System from national, regional and local influences. The information obtained through the analysis helped formulate goals to optimize the structure, processes, and outcomes of the EMS Five-Year Strategic Plan, focusing on: 1) maintaining or improving clinical care and patient satisfaction; and 2) improving operational efficiency and collaboration across the region.

The strategic plan provides Washoe County's EMS System's mission, vision, values, goals and objectives to be accomplished by 2021. The following six goals are outlined in the plan and are as follows:

Goal 1: Enhance utilization of EMS resources by matching the appropriate services, as defined by the call for service, through alternative protocols, service options and transportation options by October 7, 2021.

Goal 2: Improve pre-hospital EMS performance by reducing system response times through the use of technology and the development of regional response policies by December 31, 2022.

Goal 3: Improve communications between EMS partners through enhanced usage of technology and the development of regional guidelines by June 30, 2021.

Goal 4: Improve continuity of care through regional processes that ensure patient information transfers from the scene to the hospital by December 31, 2018.

Goal 5: Design an enhanced EMS response system through effective regional protocols and quality assurance by December 31, 2018.

Goal 6: Continue collaborative models with regional EMS agencies, health organizations and public safety stakeholders.

Patient Outcome Data

As identified in the Program's FY 14-15 Annual Report, focusing on the relationship between the two-tiered response system is an isolated review of the EMS system performance and patient outcome data should be included for evaluating performance of prehospital care. Promoting a high-quality level of patient care is a priority of all EMS partner agencies. Currently our region's EMS providers are not formally informed of patient outcomes after the responders are cleared from the scene or complete the patient transport to the emergency room.

While all 9-1-1 calls are deemed important, there are a few select conditions which national guidelines recommend a rapid response time from emergency responders; these include the following types of calls:

Cardiac arrest: An electrical malfunction of the heart, resulting in an ineffective heartbeat, or complete lack of heart beat. Often occurs without an early onset of warning symptoms. When the heart's electrical pulse is disrupted, the blood flow to the rest of the body stops, this causes the victim to become unconscious, resulting in death within minutes.

ST-elevation myocardial infarction (STEMI): Specific type of heart attack in which the blood flow to a portion of the heart is blocked. The heart is a muscle and if an artery providing oxygen-rich blood is blocked for prolonged periods of time that section of the heart will begin to die. Heart attack symptoms may occur suddenly, however many heart attacks occur slowly over a period of days or even weeks.

Stroke: Occurs when a blood vessel carrying blood to the brain is blocked or ruptures, resulting in lack of blood to that area of the brain which in turn causes brain tissue and cells to die. Strokes impact people differently depending on which area of the brain the blockage or rupture occurred and the extent of tissue death.

Obtaining patient outcomes from regional hospitals allows EMS providers, including dispatchers, to effectively evaluate dispatch pre-arrival instructions as well as patient care provided on scene and en route to the hospital. This will help to ensure an accurate patient assessment is occurring and the prehospital treatment is appropriate. Measuring patient outcomes is instrumental to evaluate the effectiveness of prehospital protocol and procedures. The Program's goal is to work with the EMS partner agencies and hospitals to further identify patient conditions to analyze and ensure the appropriate data are gathered to effectively assess pre-hospital patient care.

STAFF REPORT BOARD MEETING DATE: October 27, 2016

TO: District Board of Health

FROM:Christina Conti, Preparedness & EMS Program Manager775-326-6042, cconti@washoecounty.us

SUBJECT: Presentation, discussion and possible approval of the five-year EMS Strategic Plan, a requirement of the Interlocal Agreement for Emergency Medical Services Oversight.

SUMMARY

The purpose of this agenda item is to review and approve the draft five-year strategic plan for EMS in the region, as required by the Inter Local Agreement for Emergency Medical Services Oversight.

District Health Strategic Objective supported by this item:

- 1. **Healthy Environment:** Create a healthier environment that allows people to safely enjoy everything Washoe County has to offer.
- 2. **Impactful Partnerships:** Extend our impact by leveraging partnerships to make meaningful progress on health issues.

PREVIOUS ACTION

During the EMS Advisory Board on June 4, 2015, the Board approved the development of the five year strategic plan.

A regional SWOT (Strength, Weaknesses, Opportunities, and Threats) Analysis was conducted on August 31, 2015 during an EMS Advisory Board meeting.

During the EMS Advisory Board on April 7, 2016, the Board approved the update on the development of the five year strategic plan

During the EMS Advisory Board on July 7, 2016, the Board approved the update on the development of the five year strategic plan.

During the EMS Advisory Board meeting on October 6, 2016, the Board provided direction to staff on a strategy relating to a tier 1 measurement and approved the strategic plan for presentation and possible acceptance by the District Board of Health.

Subject: Five Year Strategic Plan Date: October 27, 2016 Page **2** of **3**

BACKGROUND

The EMS Oversight Program was created through an Inter Local Agreement (ILA) signed by the City of Reno (RENO), City of Sparks (SPARKS), Washoe County (WASHOE), Truckee Meadows Fire Protection District (FIRE), and the Washoe County Health District. Within the ILA there are eight duties specifically outlined for the EMS Oversight Program. One of the items explicitly tasked the EMS Oversight Program to "Maintain a Five-Year Strategic Plan to ensure the continuous improvement of Emergency Medical Services in the area of standardized equipment, procedures, technology training, and capital investments to ensure that proper future operations continue to perform including Dispatching Systems, Automated Vehicle Locations Systems, Records Management Systems, Statistical Analysis, Regional Medical Supply and Equipment, and other matters related to strategic and ongoing Emergency Medical Services and approved by RENO, SPARKS, WASHOE and FIRE."

At the June 4, 2015 EMS Advisory Board meeting, through discussion with the Board, the purpose of the strategic plan was identified as a document that would create milestones, furthering the EMS system in Washoe County. It was determined that a workshop should be held with the Board members to kick off the discussion and might provide some specific deliverables and desired outcomes.

On August 31, 2015 an EMS Advisory Board meeting was held with members of the EMS Working Group in attendance. The primary focus of the meeting was to hold the SWOT analysis. Manager Steve Driscoll facilitated the process and representatives from the Board, jurisdictional dispatch centers, fire partners, REMSA, and communications discipline participated.

The EMS Program Manager then began working with regional partners to develop the regional strategic plan. The stakeholders participating in the developing of plan included representatives from each jurisdiction and REMSA from dispatch and operations, as well as a regional communications representative. Over the course of 11 months the workgroup identified the components that would be included in the strategic plan. The first meetings were used to review the SWOT analysis and to identify goals for the region. Subsequent meetings reviewed the individual goals and the objectives within.

To ensure the process was efficient, each meeting had an identified objective to accomplish. All items drafted by the EMS Oversight Program remained in red and turned to black once the group has discussed and reached consensus on the draft.

The attached final draft of the strategic plan shows the efforts of the region in taking the SWOT analysis results and creating a path forward to improve the EMS system within Washoe County.

FISCAL IMPACT

There is no fiscal impact to the Board on this agenda item.

RECOMMENDATION

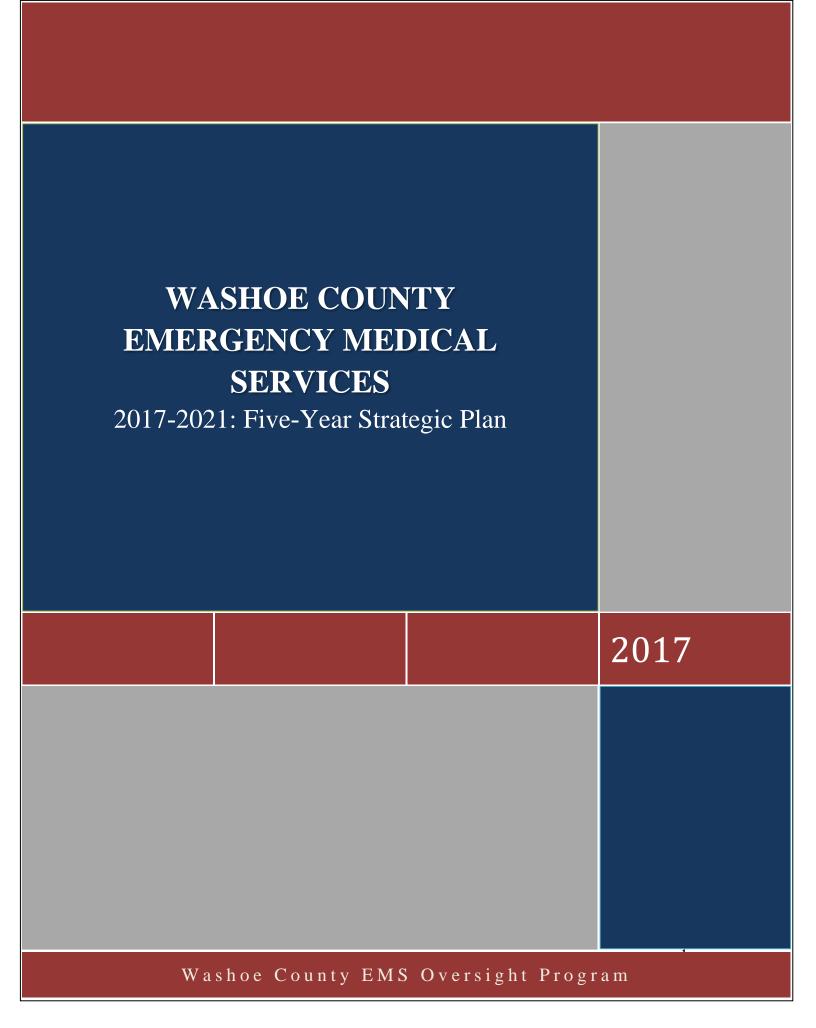

Staff recommends the Board approve the presentation and the five-year Strategic Plan, a requirement of the Interlocal Agreement for Emergency Medical Services Oversight.

Subject: Five Year Strategic Plan Date: October 27, 2016 Page **3** of **3**

POSSIBLE MOTION

Should the Board agree with staff's recommendation a possible motion would be:

"Move to approve the presentation and the five-year Strategic Plan to the District Board of Health."

The Washoe County EMS System

The Washoe County Emergency Medical Services (EMS) Five- Year strategic plan was created with EMS Advisory Board support and reviewed by:

Executive Summary

Washoe County is the second largest EMS region in the state of Nevada. It is 6,551 square miles in size and has approximately 433,000 residents. Washoe County is diverse geographically in its mountainous, urban, suburban, rural and wilderness/frontier terrain.

There are many EMS system stakeholder organizations including police and fire agencies, dispatch centers, healthcare organizations, and a contracted ambulance provider. The current ambulance contractor provides service to Washoe County; excluding the Gerlach Volunteer Fire Department service area and the North Lake Tahoe Fire Protection District.

The Washoe County EMS Five-Year Strategic Plan was created between August 2015 and October 2016 to guide the future direction of the Washoe County EMS System. The assessment process evaluated the strengths and weaknesses, as well as the opportunities and threats facing the EMS system from national, regional and local influences. The information obtained through the analysis created goals to optimize the structure, processes, and outcomes of the EMS Five-Year Strategic Plan, focusing on: 1) maintaining or improving clinical care and patient satisfaction; and 2) improving operational efficiency and collaboration across the region.

The best EMS systems are based on collaborations among the diverse organizations that comprise the EMS system. When these organization's strengths are emphasized by system-wide integration and a culture of trust, the EMS system can more effectively capitalize on new opportunities and mitigate threats to the system. The planning process for Washoe County was supported by and involved EMS stakeholder leadership.

The strategic planning process was collaborative and included consensus building processes within the region and provided periodic updates to the EMS Advisory Board and District Board of Health. The results of this process were the EMS System's Mission, Vision, Values, Goals and Objectives. The EMS Five-Year Strategic Plan was approved by the EMS Advisory Board on October 6, 2016 and approved by the *District Board of Health on October 27, 2016*.

The six goals within Washoe County EMS Five-Year Strategic Plan are most relevant to the EMS system's ability to adapt to the changing healthcare environment, specifically focusing on pre-hospital care. There are three goals within the strategic plan to ensure maintenance and improvements related to clinical care and patient satisfaction. The remaining three goals focus on improving operational efficiencies within the region, both internally and externally through collaboration. These include proposed changes to existing processes that will positively impact the EMS System in its entirety.

Emergency Medical Services Regional Mission, Vision and Values

It is the mission of the Washoe County EMS System to coordinate the delivery of efficient and effective emergency medical services to the citizens, businesses and visitors of Washoe County through collaboration with EMS providers.

Vision:

The Washoe County EMS system will provide high quality patient care through collaborative efforts and integrated healthcare providing evidence-based prehospital medicine exceeding the expectations of the community.

The values of the Washoe County EMS System are:

- Respectful: To be open-minded of all stakeholder's views and ideas.
- Customer Service Oriented: To be responsive to our customers' needs striving to provide high quality services in a respectful and courteous manner.
- Accountable: To be responsible for our behaviors, actions and decisions.
- Professional: To be dedicated in our service to the region and ourselves through adherence of recognized policies, rules and regulations. This includes maintaining the highest moral and ethical standards.
- Responsive: To rapidly identify emerging issues and respond appropriately.
- Quality Improvement/Assurance: To continuously evaluate operations, procedures and practices to ensure the EMS system is meeting the needs of our patients and stakeholders.
- Collaborative: To work together towards delivering efficient and effective emergency medical services to the citizens, businesses, and visitors of Washoe County.

Emergency Medical Services Authority

Washoe County is comprised of three political jurisdictions, the City of Reno, City of Sparks and unincorporated Washoe County. In addition to the political bodies and their operational policy decisions, the State Division of Public and Behavioral Health also oversees EMS licensing and certifications within Washoe County.

There are multiple regulations that impact how the EMS system operates in Washoe County. At the State level, Nevada Revised Statute 450B is the overarching legislation that identifies minimum requirements for EMS services. In addition, the Nevada Administrative Code also includes codified regulations for EMS personnel and agencies.

At the local government level, by the authority established through Nevada Revised Statute (NRS 439.370 et seq.) and the 1986 Interlocal Agreement (last amended 1993), the Washoe County Health District has jurisdiction over all public health matters in Reno, Sparks, and Washoe County through the policy-making Washoe County District Board of Health (DBOH). Through this authority the DBOH established an

exclusive ambulance franchise in August 1986 in Washoe County, excluding Gerlach and the North Lake Tahoe Fire Protection District. This Franchise was awarded to the Regional Emergency Medical Services Authority (REMSA) in May 1987. Through a regional process, the agreement was amended, restated and approved by the DBOH in May 2014. As part of the regional process, one recommendation for improvement of the delivery of patient care and outcomes and the delivery of emergency medical services was the creation of a Regional Emergency Medical Oversight Program through an Inter Local Agreement (ILA).

The ILA was fully executed in August 2014 and is an agreement between five political jurisdictions; City of Sparks¹, City of Reno², Washoe County Board of County Commissioners³, District Board of Health⁴, and Truckee Meadows Board of Fire Commissioners⁵. The ILA establishes an Emergency Medical Services Advisory Board (EMS Advisory Board).

The EMS Advisory Board is comprised of the following members:

- a. City Manager, Reno
- b. City Manager, Sparks
- c. County Manager, Washoe County
- d. District Health Officer
- e. Emergency Room Physician (DBOH Appointment)
- f. Hospital Continuous Quality Improvement (CQI) Representative (DBOH Appointment)

The purpose of the EMS Advisory Board is to review reports, evaluations and recommendations of the Regional Emergency Medical Services Oversight Program and to discuss issues related to regional emergency medical services. The function of the EMS Advisory Board is to thoroughly discuss changes within the regional EMS system prior to making recommendations to the respective Board(s), of the five signatories, and placing items on an agenda for possible approval and implementation.

Additionally, the EMS Advisory Board can make recommendations to the District Health Officer and/or the District Board of Health related to performance standards and attainment of those standards, medical protocols, communication, coordination, and other items of importance to a high performing Regional Emergency Medical Services System, and providing for concurrent review and approval by the Managers of the City of Reno, City of Sparks and Washoe County, striving to have a uniform system maintained for the region whenever possible.

The ILA also established the Regional Emergency Medical Services Oversight Program (Program). The purpose of the Program is to provide oversight of all emergency medical services provided by the EMS personnel within the signatory jurisdictions, as well as REMSA. Additionally, the Program is expected to achieve the duties outlined within the ILA. The program consists of a Program Manager, Program Coordinator and Statistician.

¹ Referred to as "SPARKS" within the ILA

² Referred to as "RENO" within the ILA

³ Referred to as "WASHOE" within the ILA

⁴ Referred to as "DISTRICT" within the ILA

⁵ Referred to as "FIRE" within the ILA

The eight duties specifically detailed within the ILA are:

- 1. Monitor the response and performance of each agency providing Emergency Medical Services and provide recommendations to each agency for the maintenance, improvement, and long-range success of the Emergency Medical Services;
- 2. Coordinate and integrate provision of Medical Direction for RENO, SPARKS, WASHOE, FIRE and REMSA providing emergency medical services;
- 3. Recommend regional standards and protocols for RENO, SPARKS, WASHOE, FIRE and REMSA;
- 4. Measure performance, analysis of system characteristics, data and outcomes of the Emergency Medical Services and provide performance measurement and recommendations to RENO, SPARKS, WASHOE, FIRE and REMSA;
- Collaborate with REMSA, RENO, SPARKS, WASHOE, FIRE and DISTRICT on analysis of EMS response data and formulation of recommendations for modifications or changes to the Regional Emergency Medical Response Map;
- 6. Identify sub-regions as may be requested by RENO, SPARKS, WASHOE, FIRE or the DISTRICT to be analyzed and evaluated for potential recommendations regarding EMS response services in order to optimize the performance of system resources;
- 7. Provide a written Annual Report on the State of Emergency Medical Services to RENO, SPARKS, WASHOE, FIRE and REMSA covering the preceding fiscal year (July 1st to June 30th), containing measured performance in each agency including both ground and rotary wing air ambulance services provided by REMSA in Washoe County; the compliance with performance measures established by the District Emergency Medical Services Oversight Program in each agency, and audited financial statements and an annual compliance report by REMSA as required in the exclusive Emergency Medical Ambulance Service Franchise;
- 8. Maintain a Five-Year Strategic Plan to ensure the continuous improvement of Emergency Medical Services in the area of standardized equipment, procedures, technology training, and capital investments to ensure that proper future operations continue to perform including Dispatching Systems, Automated Vehicle Locations Systems, Records Management Systems, Statistical Analysis, Regional Medical Supply and Equipment, and other matters related to strategic and ongoing Emergency Medical Services and approved by RENO, SPARKS, WASHOE and FIRE.

The ILA also outlines the duties of the signatories, which support the expectation that the strategic planning objectives will be achieved. Those duties are:

a. Providing information, records, and data on Emergency Medical Services dispatch and response from their respective Public Safety Answering Points (PSAPs) and Fire Services for review, study and evaluation by DISTRICT.

b. Participating in working groups established by DISTRICT for coordination, review, evaluation, and continuous improvement of Emergency Medical Services.

c. Participating in establishing and utilizing a Computer Aided Dispatch (CAD) - to - CAD two-way interface with REMSA which provides for the instantaneous and simultaneous transmission of call-related information for unit status updates;

d. Working cooperatively with DISTRICT to provide input to the development of the Five Year Strategic Plan and to ensure consistent two-way communication and coordination of the Emergency Medical Services System between RENO, SPARKS, WASHOE, FIRE, and REMSA in the future as technologies, equipment, systems, and protocols evolve;

e. Participating on the Regional Emergency Medical Services Advisory Board;

f. Striving to implement recommendations of DISTRICT, or submitting those recommendations to their governing bodies for consideration and possible action if determined necessary and appropriate by the respective managers; and

g. Submitting recommendations regarding the Emergency Medical Services System to DISTRICT for implementation or for consideration and possible action by the District Board of Health if determined necessary and appropriate by the District Health Officer.

Regional Strategic Plan Process, Objectives and Implementation

Washoe County has a two tiered system response to emergency medical calls. When an individual dials 9-1-1 the call routes through one of three Public Safety Answering Points (PSAPs): Reno, Sparks or Washoe County. Jurisdictional fire departments are dispatched to a medical call by PSAP personnel. If appropriate, the caller is then transferred to REMSA's communications center for Emergency Medical Dispatch (EMD). EMD allows REMSA dispatch to prioritize the caller's chief complaint to dispatch appropriate resources and provide pre-arrival instruction to the caller.

There are several agencies and organizations involved in the response to an emergency medical call. The EMS Advisory Board recognizes the need to provide optimal emergency care under the varied conditions throughout Washoe County. Therefore, the EMSAB strives to influence the coordination of all stakeholders as it develops and sustains a system to ensure appropriate and adequate emergency medical services. With this in mind, the Five-Year EMS strategic plan was constructed.

To ensure the objectives of the entire region were considered, the EMS Working Group convened and participated in a SWOT analysis. The SWOT analysis looks at the strengths (internal), weaknesses (internal), opportunities (external), and threats (external) for the regional EMS system.

Representatives from both dispatch and operations for the EMS agencies provided input and feedback on the development of the strategic plan. The EMS Oversight Program frequently met with the representatives to review the goals, objectives, and strategies while discussing realistic timelines for implementation. These meetings were an integral part of the process to ensure the regional planning goals mirrored the jurisdictional strategic planning goals of the individual EMS agencies. This culminated in the development of a regional strategic plan for the EMS Advisory Board's consideration.

The Five-Year EMS strategic plan includes goals, objectives and strategies. The six goals of the strategic plan are broad statements to identify future achievements of the Washoe County EMS system. Each goal includes objectives designed to measure progress towards the attainment of the goal. The strategies for each goal describe a major approach or method for attaining the objectives.

Additionally, the strategic plan outlines the method to achieve effective and efficient solutions to system-wide challenges. The strategic plan calls for maximum collaboration to achieve the objectives and strategies within the five year planning period (2017-2021). Through continued collaboration, the strategic plan can be updated to capitalize on new opportunities or to mitigate threats to the system. This process will ensure key stakeholders remain involved in regional emergency medical services planning activities.

| by the call for service, through options by October 7, 2021. | Goal #1 – sources by matching the appropriate services, as defined a alternative protocols, service options and transportation |
|---|--|
| Objective 1.1. Develop appropriate protocols to determine service level for Omega calls by January 5, 2017. | Strategy 1.1.1. Resolve legal issues impacting fire partners by March 30, 2016. Strategy 1.1.2. Develop regional Standard Operating Procedures to address response to Omega calls by June 21, 2016. Strategy 1.1.3. Approval by the EMS Advisory Board of protocols determining service levels for Omega calls by July 7, 2016. Strategy 1.1.4. Determine data elements required for process verification by September 30, 2016. Strategy 1.1.5. Analyze, interpret and report data elements to EMS Advisory Board and partner agencies quarterly beginning January 5, 2017. |
| Objective 1.2. Implement appropriate protocols to determine service level through EMD process to low acuity Priority 3 calls by February 5, 2017. | Strategy 1.2.1. Resolve regional concerns (operational, legal, and patient care) relating to protocols to determine service level through EMD process to low acuity Priority 3 calls by June 30, 2016. Strategy 1.2.2. Develop Standard Operating Procedures to determine service level through EMD process to low acuity Priority 3 calls by October 28, 2016. Strategy 1.2.3. Determine data elements required for process verification by December 16, 2016. Strategy 1.2.4. Review by the EMS Advisory Board of the protocols that determine service levels through EMD process to low acuity Priority 3 calls by January 5, 2017. |

- Goal #1 Continued -

Enhance utilization of EMS resources by matching the appropriate services, as defined by the call for service, through alternative protocols, service options and transportation options by October 7, 2021.

| Objective 1.3. Develop standardized procedures for eligible patients to receive funded alternative | Strategy 1.3.1. Conduct research on alternative transportation options utilized across the United States by October 31, 2020. |
|--|---|
| transportation to obtain medical care at an alternative destination by October 7, 2021. | Strategy 1.3.2. If applicable, develop processes for dispatch centers to select eligible patients to receive funded alternative transport to facilities that accept patients who meet alternative destination criteria (e.g. urgent care, physician's office criteria) by August 31, 2021. |
| | Strategy 1.3.3. If applicable, obtain approval by the EMS Advisory Board of standardized procedures for patients to receive funded alternative transportation to obtain medical care by October 7, 2021. |

- Goal #2 -

Improve pre-hospital EMS performance by reducing system response times through the use of technology and the development of regional response policies by December 21, 2022.

| Objective 2.1. Implement regional usage of Automatic Vehicle Locator (AVL) | Strategy 2.1.1. Complete a regional assessment to identify and understand existing AVL capabilities to dispatch the closest EMS responder by June 30, 2021. |
|--|---|
| technology to dispatch closest available unit by December 31, 2022. | Strategy 2.1.2. Approval to utilize AVL to dispatch the closest available unit to EMS calls by individual Councils/Boards and EMS Advisory Board by December 31, 2021. |
| | Strategy 2.1.3. Develop regional dispatching process that will utilize the AVL technology to dispatch the closest unit to EMS calls for service by June 30, 2022. |
| | Strategy 2.1.4. Purchase and install additional AVL equipment to increase capabilities in region by December 31, 2022. |
| Objective 2.2. Establish ambulance franchise response map review methodology by September | Strategy 2.2.1. Develop standardized methodology for the annual review of the ambulance franchise response map by June 30, 2016. |
| 30, 2016. | Strategy 2.2.2. Develop standardized methodology for the five and ten year review for the ambulance franchise response map by September 30, 2016. |
| | Strategy 2.2.3. Approval by the EMS Advisory Board of the standardized methodology for the annual, five and ten year reviews by October 6, 2016. |
| | Strategy 2.2.4 Analyze and report franchise map reviews annually including any recommended modifications to the EMS Advisory Board, beginning July 6, 2017. |
| Objective 2.3. Increase | Strategy 2.3.1. Identification of operational |
| depth of resources able to respond to EMS calls for service in Washoe County by December 31 st annually. | opportunities by WC EMS agencies through a review of mutual aid agreements (MAA) and/or memorandum of understanding (MOU) that include EMS services for Washoe County by June 30 th annually. |
| | |

- Goal #2 Continued -

Improve pre-hospital EMS performance by reducing system response times through the use of technology and the development of regional response policies by December 31, 2022.

| Objective 2.3. Increase depth of resources able to respond to EMS calls for service in Washoe County by December 31 st annually. | Strategy 2.3.2. Enter into or modify MAAs/MOUs with partner agencies as necessarily by December 31st annually. Strategy 2.3.3. Provide an update to EMS Advisory Board on all MA/MOU process changes or additional agreements being utilized in region by January 31st annually, beginning in January 2017. |
|--|--|
| Objective 2.4. Define a measurement for EMS Tier 1 response agencies, to support recommendations for system improvements, by March 31, 2017. | Strategy 2.4.1. Jurisdictional fire response measurement identified by March 31, 2017. Strategy 2.4.2. Review defined jurisdictional measurement with EMS Oversight Program by March 31, 2017. Strategy 2.4.3. Monitor and report to the EMS Advisory Board the performance of the regional EMS system utilizing the jurisdictional fire measurement and ambulance franchise response map by the 15th of the month, following the fiscal year quarter. Strategy 2.4.4. Provide recommendations for improvements based on defined performance measures to EMS Advisory Board as needed. |

- Goal #3 -

Improve communications between EMS partners through enhanced usage of technology and the development of regional guidelines by June 30, 2021.

| Objective 3.1. Enhance radio communication systems within Washoe County by June 30, 2021. | Strategy 3.1.1. REMSA will ensure interoperability between UHF and 800 MHz through a gateway connection between REMSA and Washoe County Regional Communication System by December 31, 2016. |
|---|--|
| | Strategy 3.1.2. Obtain clarification from District Board of Health regarding Amended and Restated Franchise section 5.1 by June 30, 2017. |
| | Strategy 3.1.3. Develop a comprehensive migration interoperability plan for WCRCS that outlines the enhancement of the radio communication system to include completion of upgrades, maintenance of REMSA gateway connection and identified equipment needs by December 31, 2018. |
| | Strategy 3.1.4. REMSA and regional public safety partners will develop a plan to upgrade system based on jurisdictional analysis, in alignment with WCRCS target date of June 30, 2021. |
| Objective 3.2. Establish a CAD-to-CAD (computer aided dispatch) interface between the primary PSAP and REMSA dispatch center | Strategy 3.2.1. Create a regional workgroup to design the elements of the CAD-to-CAD interface increasing interoperability between dispatch centers by January 31, 2016. |
| by December 31, 2017. | Strategy 3.2.2. Complete configuration process that includes development of the data exchange overview document and implementation by December 31, 2017. |
| | Strategy 3.2.3. Provide process updates to EMS Advisory Board quarterly, beginning April 7, 2016. |
| Objective 3.3. Establish a two-way interface to provide visualization of AVL for all EMS vehicles for the primary | Strategy 3.3.1. Complete a regional assessment to identify and understand AVL existing capabilities by December 31, 2016. |
| PSAPs and REMSA dispatch center by December 31, 2017. | Strategy 3.3.2. Develop regional process that will utilize the AVL technology to visualize EMS vehicles in both the primary PSAPs and REMSA dispatch center by December 31, 2017. |
| | Strategy 3.3.3. If applicable, purchase and install additional AVL equipment to increase capabilities in region by December 31, 2017. |

- Goal #4 -

Improve continuity of care through regional processes that ensure patient information transfers from the scene to the hospital by December 31, 2018.

| Objective 4.1. Develop a process to improve the flow of patient information throughout the prehospital setting by December 31, 2018. | Strategy 4.1.1. Identify the electronic patient care reporting (ePCR) software being utilized or purchased for use in the region by June 30, 2016. Strategy 4.1.2. Evaluate how to transfer information between the ePCR from the fire response unit to the REMSA response unit by December 31, 2016. Strategy 4.1.3. Evaluate existing processes for transferring all prehospital care information to hospital personnel and implement process improvement by June 30, 2018. Strategy 4.1.4. Create and conduct training on regional policy, to include pertinent information required for seamless transfer of patient care from agency to agency by December 31, 2018. |
|---|--|
| Objective 4.2. Produce an annual report on EMS system performance that includes hospital outcome data by December 31, 2018. | Strategy 4.2.1. Collaborate with hospital partners on data available for submission to the EMS Oversight Program for cardiac, stroke and stemi patients by October 31, 2016. Strategy 4.2.2. Pilot the annual report with hospital outcome data with one regional hospital by March 31, 2017. Strategy 4.2.3. Draft for distribution an annual report with relevant regional hospital partner data included by June 30, 2017. Strategy 4.2.4. Review annual report with ePCR implementation and determine enhancements available for hospital outcome data by October 31, 2018. Strategy 4.2.5. Draft for distribution of an annual report with enhanced data included by December 31, 2018. |

- Goal #5 -Design an enhanced EMS response system through effective regional protocols and quality assurance by December 31, 2018. **Objective 5.1.** Develop a Strategy 5.1.1. Review current protocols for each regional regional set of protocols for agency to determine differences and opportunities for the delivery of prehospital improvement by October 31, 2016. patient care by July 2017. **Strategy 5.1.2.** Coordinate with PMAC⁶ to develop regional protocols based on national standards and recent clinical studies, by June 30, 2017, amend as needed with a minimum annual review. Strategy 5.1.3. Presentation to the EMS Advisory Board of the regional protocols and conflict resolution procedure for prehospital care by July 2017 Strategy 5.1.4. Create and conduct training on regional protocols for prehospital care by December 31, 2017. **Objective 5.2.** Establish a **Strategy 5.2.1.** Create a regional team, including regional process that PMAC representation, which would work to improve continuously examines the system through examination of system performance of the EMS performance by December 31, 2018. system by December 31, 2018. Strategy 5.2.2. Determine team goals and identify initial performance measures to be utilized to continuously improve processes by December 31, 2018. Strategy 5.2.3. Acceptance by the EMS Advisory Board of the performance initiatives to be used during the review process by January 2019. **Strategy 5.2.4.** Present information from the quarterly meeting to the appropriate entity, beginning April 2019.

|--|--|
| Continue collaborative models public safety stakeholders. | with regional EMS agencies, health organizations and |
| Objective 6.1. Coordinate and report on strategic planning objectives quarterly through June 2021. | Strategy 6.1.1. Create a Gantt chart for the regional partners with the details of the goals by October 31, 2016. Strategy 6.1.2. Develop structured feedback loops for the current initiatives of the strategic plan goals. Strategy 6.1.3. Provide progress reports to the EMS Advisory Board quarterly, beginning January 2017. |
| Objective 6.2. Promote the EMS Oversight Program through regional education of the strategic plan's goals and initiatives by January 31, 2017. | Strategy 6.2.1. Create a reporting structure for the signatories of the Inter-Local Agreement and ambulance franchisee Board to receive updates on the status of the regional EMS system, biannually, beginning January 2017. |

Strategic Plan Evaluation and Update

In an effort to ensure the successful implementation of the strategies and objectives of the EMS Advisory Board strategic plan, the EMS Oversight Program will develop a Gantt chart. The chart will be distributed to the regional partners upon approval of the strategic plan by the District Board of Health. The chart will be reviewed semi-annually to ensure all projected timelines remain achievable. Progress on the strategic planning strategies and objectives will be included in the EMS Oversight Program "Program and Performance Data Update" staff report at the EMS Advisory Board meeting.

Every two years, beginning in October 2018, the regional partners will convene to review the status of the current strategies and objectives. During the October 2018 review, the EMS Oversight Program will begin to develop the draft goals, strategies and objectives for years 2022-2023. Upon completion the EMS Oversight Program will bring an updated 5-year strategic plan to the EMS Advisory Board for review, input and approval.

STAFF REPORT BOARD MEETING DATE: October 27, 2016

- **TO:** District Board of Health
- **FROM:** Kevin Dick, District Health Officer (775) 328-2416, kdick@washoecounty.us
- SUBJECT: Presentation, Discussion, and Possible Direction to Staff regarding a Progress Report on the 2016-2018 Strategic Plan, and completion of the Fundamental Review implementation. Take action to direct staff to continue with implementation of the 2016-2018 Strategic Plan as presented *or* direct staff to make changes as discussed.

SUMMARY

The Health District Staff has developed an Action Plan to achieve implementation of the 2016-2018 Strategic Plan, has proposed to modify some of the outcome measures identified in the 2016-2018 Strategic Plan, and is proposing to close out tracking of the implementation of Recommendations from the 2014 Fundamental Review.

This Item addresses all Health District Strategic Priorities.

PREVIOUS ACTION

The Washoe County Health District Fundamental Review was presented to the District Board of Health on February 27, 2014. On March 27, 2014 the DBOH approved an implementation plan for the recommendations provided in the Fundamental Review. The last semi-annual report on the Fundamental Review implementation and direction from the Board occurred on March 24, 2016.

On April 14, 2016, the DBOH conducted a Strategic Planning Meeting to discuss and provide input for the development of a 2016-2018 Strategic Plan. On June 23, 2016 the DBOH approved the 2016-2018 Strategic Plan which was developed from the input and direction provided during the April 14, 2016 DBOH meeting. Quarterly progress reports on the Strategic Plan are to be provided to DBOH

BACKGROUND

The 2016-2018 Strategic Plan includes Strategic Priorities, District Goals under these Priorities, and Community Outcomes for each of these objectives. An Action Plan of specific initiatives or actions, which will be taken to achieve these outcomes, has been developed by Health District Staff in order to guide implementation and assess progress in implementing the plan. The Action Plan is provided as Attachment A for review.

When developing the Action Plan, staff realized that the Health District lacks capacity to conduct meaningful activities and initiatives under each of the Community Outcomes that had been identified in the Plan approved on June 23, 2016. Therefore, staff is proposing to remove some of the Community Outcomes from the Strategic Plan. Other Community Outcomes are proposed to be restated in a more meaningful manner regarding the outcomes desired. These proposed changes are included in Attachment B.

Subject: Fundamental Review Quarterly Report Date: October 27, 2015 Page **2** of **2**

In addition to the development of the Action Plan, staff also worked with OnStrategy to configure their tracking software to be used to track and report on progress made under the Strategic Plan. A summary report of progress during the first quarter will be provided.

Staff received direction regarding completing the implementation of the Fundamental Review recommendation during the March update. Staff has addressed these items and proposes to close out reporting on the Fundamental Review as we now move forward with implementation and reporting on progress of the 2016-2018 Strategic Plan. A summary of outstanding items since the March 24, 2016 meeting is included as Attachment C.

FISCAL IMPACT

There is no additional fiscal impact to the FY16 budget should the Board accept the 2016-2018 Strategic Plan Progress Report.

RECOMMENDATION

Staff recommends the District Board of Health direct staff to continue with implementation of the 2016-2018 Strategic Plan as presented *or* direct staff to make changes as discussed.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be "Move to direct staff to continue with implementation of the 2016-2018 Strategic Plan as presented *or* direct staff to make changes as discussed."

The term "activities" will be used to describe both activities and exercise. |
|--|-----|---|
| Revised Outcome: Number of activities to prepare and respond to potential impacts due to drought, climate change, and natural disasters. | | |

ATTACHMENT C

Fundamental Review: Closeout of remaining recommendations.

4. Clinical Services

• Recommendation from March 2016 DBOH not to expand service hours.

5. Fee Schedules

• Fee Schedules revised and increases being implemented through FY 2017/2018. DBOH direction to monitor and update as necessary.

6. Explore and vet a tiered level of series of environmental health and regulatory programs and inspections.

• Health District staff proposes not to implement a tiered level of service for environmental health regulatory programs. This tiered service level structure is not considered necessary, nor supported by representatives of the local jurisdictions, or the Builders Association of Northern Nevada. Staff is available for initial pre-plan meeting. Maintaining procedures that provide timely plan review is the preferred approach, rather than establishing a system that might provide enhanced service to some, but cause a reduced service level to others.

8. Develop Infrastructure to Support the District Health Officer

• Program Coordinator position staffed. Future Health District resource investments directed through Strategic Plan implementation.

11. Assessment of needed Administrative and Fiscal staff

• Administrative Assistant Position staffed in CCHS. Additional adjustments may occur through Strategic Plan implementation.

13. Align programs and services with public demand for services to reflect burden of disease and effective public health intervention

- Staff adjustments made in FY 17 budget.
- Further actions will result from Strategic Plan
- 15. Develop metrics for organizational success and improved community health
 - Goes with #20. See below.

19. Undertake an organizational Strategic Plan.

- Completed in June 2016. Plan implementation underway.
- 20. Implement a performance management system
 - Moving forward Strategic Plan and Community Health Improvement Plan will be used to identify metrics and implement a performance management system. Further work to meet accreditation requirements for a performance management system will occur as part of the accreditation preparation process.
- 22. Take a greater leadership role to enhance the strong current State/Local collaboration.
 - Ongoing coordination with NDPBH and local health authorities (LHAs) is occurring through monthly conference calls. LHAs are coordinating to address legislative priorities and a State Association of City and County Health Officials (SACCHO) organization has been established, the Nevada Association of Local Health Officials (NALHO).
- 23. Develop an organizational culture to support quality by taking visible leadership steps.
 - The Quality Improvement Initiative is included and progress will continue to be tracked through the Strategic Plan.
- 24. Seek Public Health Accreditation Board (PHAB) accreditation
 - The DBOH decided in June to seek accreditation through PHAB.

STAFF REPORT BOARD MEETING DATE: October 27, 2016

- **TO:** District Board of Health
- FROM: Laurie Griffey, Admin Assist I/HR Rep 775-328-2403, lgriffey@washoecounty.us
- THROUGH: Kitty Jung, DBOH Chair
- **SUBJECT:** Recommend to approve a 3% Cost of Living Adjustment (COLA) retroactive to July 1, 2016, a 3.5% COLA effective July 1, 2017, and a 2.5% COLA effective July 1, 2018 in base wage; and updated sick leave/bereavement calculations, holidays and health plans to keep the District Health Officer's position in alignment with the other Unclassified Management positions

SUMMARY

The Washoe County District Board of Health approves all wage and salary adjustments, including Cost of Living Adjustments for the District Health Officer position. Recommend to approve a 3% Cost of Living Adjustment (COLA) in base wage for the District Health Officer position, retroactive to July 1, 2016, a 3.5% COLA effective July 1, 2017, and a 2.5% COLA effective July 1, 2018 in base wages; and update sick leave/bereavement calculations, holidays and health plans; to keep the District Health Officer position in alignment with other County Unclassified Management positions who were granted these same items by the Board of County Commissioners on September 13, 2016.

District Health Strategic Objective supported by this item: Organizational Capacity: Strengthen our workforce and increase operational capacity to support a growing population.

Washoe County Strategic Objective supported by this item: Valued, engaged employee workforce.

PREVIOUS ACTION

• On <u>September 13, 2016</u>, the Board of County Commissioners approved a 3% Cost of Living Adjustment (COLA) retroactive to July 1, 2016, a 3.5% COLA in base wages effective July 1, 2017, a 2.5% COLA effective July 1, 2018; and updated sick leave/bereavement calculations, holidays and health plans for Unclassified Management and Non-Represented Confidential employees, District Court employees, Justice Courts employees, Juvenile Serves employees, and Truckee River Flood Management authority's Executive Director and General Counsel.

- On <u>September 24, 2015</u>, the District Board of Health approved a 3% Cost of Living Adjustment (COLA) in the base wage for the District Health Officer position, retroactive to July 1, 2015; to bring the District Health Officer position into alignment with other unclassified management employees of Washoe County.
- On <u>August 11, 2015</u>, the Board of County Commissioners approved a 3% Cost of Living Increase to base wages for Unclassified Management, Non-Represented Confidential employees, District Court employees, Justice Courts employees (excluding Justices of the Pease), and Juvenile Services employees effective July 1, 2015.
- On July 24, 2014, the District Board of Health approved a 1.5% Cost of Living Adjustment (COLA) in base wage, retroactive to July 1, 2014; and a 1% Cost of Living Adjustment in base wage effective January 1, 2015, for the District Health Officer, to bring him into alignment with other unclassified management of Washoe County.
- The District Board of Health has, over the years, mirrored Cost of Living Adjustments and Wage/Insurance Reductions for the District Health Officer positions equal to what is approved by the Board of County Commissioners for the Unclassified Management positions. This process keeps the District Health Officer position in alignment with other Unclassified Management position.

BACKGROUND

• The District Board of Health has the ability to determine salary/compensation for the District Health Officer position. The employment agreement between the District Board of Health and Mr. Kevin Dick, approved and signed at the January, 23, 2014 meeting, states under Section 4 Item B: <u>Employee's annual salary may be adjusted as follows, by a vote of the Board, pursuant to the provisions of Section 9</u>:

a) A cost of living adjustment consistent with any cost-of-living adjustment provided to other unclassified management employees of Washoe County; and/or,

b) The Board may adjust the annual salary of the Employee by increasing the base salary until the maximum of the salary range is reached."

- The Board of County Commissioners approved a 3% Cost of Living Adjustment (COLA) retroactive to July 1, 2016, a 3.5% COLA effective July 1, 2017, and a 2.5% COLA effective July 1, 2018 in base wage; and updated sick leave/bereavement calculations, holidays and health plans; for Unclassified Management at their September 13, 2016 meeting.
- To ensure the District Health Officer is granted the same benefits and compensation provided to other Washoe County Unclassified Management; the District Board of Health is requested to approve the same Cost of Living increases for the District Health Officer as approved for the Unclassified Management by the Board of County Commissioners.
- Upon approval, a letter will be sent to Washoe County Human Resources authorizing the necessary adjustments to Mr. Dick's wages, to align them with the COLA adjustments granted Unclassified Management by the BCC September 13, 2016.

Subject: 2016 DHO COLA Date: October 13, 2016 Page **3** of **4**

FISCAL IMPACT

Should the Board approve the 3% Cost of Living Adjustment (COLA) for the District Health Officer position, the fiscal impact to the FY17 budget would be approximately \$6,074, which will be managed within the Health Fund. The 3.5% Cost of Living Adjustment (COLA) for July 1, 2017 and the 2.5% COLA will be included in the FY18 and FY19 budgets.

RECOMMENDATION

Recommend to approve a 3% Cost of Living Adjustment (COLA) retroactive to July 1, 2016, a 3.5% COLA effective July 1, 2017, and a 2.5% COLA effective July 1, 2018 in base wage; and updated sick leave/bereavement calculations, holidays and health plans to keep the District Health Officer's position in alignment with the other Unclassified Management positions.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be "Move to approve a 3% Cost of Living Adjustment (COLA) retroactive to July 1, 2016, a 3.5% COLA effective July 1, 2017, and a 2.5% COLA effective July 1, 2018 in base wage; and updated sick leave/bereavement calculations, holidays and health plans to keep the District Health Officer's position in alignment with the other Unclassified Management positions."

Staff Report Board Meeting Date: October 27, 2016

| TO: | District Board of Health |
|----------|--|
| FROM: | Laurie Griffey, Admin Assist I/HR Rep 775-328-2403, <u>lgriffey@washoecounty.us</u> |
| THROUGH: | Kitty Jung, DBOH Chair |
| SUBJECT: | Review and Approval of the District Health Officer's Annual Performance Evaluation Results and Possible Approval of a 2% Wage Increase, retroactive to his annual |

evaluation date of October 24, 2016.

SUMMARY

The Washoe County District Board of Health conducts an annual performance evaluation of the Washoe County District Health Officer prior to, or as near as possible to, the anniversary / evaluation dates of October 24th, as approved by the District Board of Health meeting on April 24, 2014; and approves all wage and salary adjustments for the District Health Officer position. We recommend the approval of the 2016 District Health Officer's Performance Evaluation as presented and approval of a negotiated two percent (2%) wage increase retroactive to his evaluation date of October 24, 2016.

A wage (merit) increase compensates employees for the additional knowledge and experience gained over the year. Regular County employees (up to and including Unclassified Division Directors) receive an annual five percent (5%) merit increase until they reach the top of their pay range. Mr. Dick would reach the top of the District Health Officer pay range with an increase of 3.63%, but is only requesting a 2% increase this year.

District Health Strategic Objective supported by this item: Strengthen WCHD as an innovative, high-performing organization by ensuring equitable treatment of staff.

Washoe County Strategic Objective supported by this item: Valued, engaged employee workforce.

PREVIOUS ACTION

On <u>September 22, 2016</u>, the District Board of Health approved the use of the electronic 360 evaluation process for the District Health Officer's 2016 Performance Evaluation, as well as the questions to be used and the list of 30 individuals to be invited to participate in the District Health Officer's annual performance evaluation.

On November 19, 2015, the Washoe County District Board of Health confirmed they had reviewed the results of the Washoe County District Health Officer's (Mr. Dick) annual

Subject: 2015 DHO Evaluation and Compensation Date: October 27, 2016 Page **2** of **3**

performance evaluation at the October 22, 2015 meeting. The Board approved a five percent (5%) wage increase effective October 24, 2015.

On <u>October 22, 2015</u>, the Washoe County District Board of Health conducted the Washoe County District Health Officer's (Mr. Dick) annual performance evaluation; reviewing the results of the 360 survey conducted in September/October 2015. The Board accepted the performance evaluation as presented, and voted to continue the approval of a five percent (5%) merit increase until the November board meeting when the Chair person would be present and could provide input and support for the action.

On <u>September 24, 2015</u>, the District Board of Health approved the use of the electronic 360 evaluation process for the District Health Officer's 2015 Performance Evaluation, as well as the questions to be used and the list of 30 individuals to be invited to participate in the District Health Officer's annual performance evaluation.

On <u>October 23, 2014</u>, the Washoe County District Board of Health conducted the Washoe County District Health Officer's (Mr. Dick) annual performance evaluation. The Board accepted the performance evaluation as presented, set goals for the coming year and approved a five percent (5%) wage increase effective October 24, 2014.

BACKGROUND

The Washoe County District Board of Health conducts the annual performance evaluation of the Washoe County District Health Officer, prior to, or as near as possible to, the anniversary / evaluation dates of October 24th, as approved by the District Board of Health at their meeting of April 24, 2014. The District Board of Health reviews and discusses the performance evaluation information and the previous year's goals. The District Board of Health eithers approves and accepts the evaluation results as is, or asks the District Health Officer additional clarifying questions. Upon completion of the evaluation review the District Board of Health votes to accept the performance evaluation as presented, or as adjusted by the board; adjustments are noted in the record. Upon approval and acceptance of the Performance Evaluation, the District Board of Health discusses possible goals for the coming year and possible adjustments to the compensation package of the District Health Officer. The Chair and District Health Officer usually discuss possible compensation adjustments prior to the performance evaluation meeting and the Chair presents the recommendation to the Board. The Board discusses the proposed compensation adjustments and votes to accept the proposed compensation or an adjusted compensation as determined by the Board.

The District Board of Health has the ability to determine salary/compensation for the District Health Officer position. The employment agreement between the District Board of Health and Mr. Kevin Dick, approved at the January, 23, 2014, regularly scheduled meeting; states under Section 4 Item B – "Employee's annual salary may be adjusted as follows, by a vote of the Board:

A) A cost of living adjustment consistent with any cost-of-living adjustment provided to other unclassified management employees of Washoe County; and/or,

Subject: 2015 DHO Evaluation and Compensation Date: October 27, 2016 Page **3** of **3**

B) The Board may adjust the annual salary of the Employee by increasing the base salary until the maximum of the salary range is reached."

Upon approval by the District Board of Health, a letter will be drafted to the Washoe County Human Resource Department advising them Mr. Dick's annual performance evaluation has been conducted in open meeting and will outline any compensation adjustment approved by the board.

A wage (merit) increase compensates employees for the additional knowledge and experience gained over the year. County Code 5.121 provides for merit salary adjustments of 5% to the employee's base salary based upon satisfactory job performance, up to the top of their positions pay range. Mr. Dick would reach the top of the District Health Officer pay range with an increase of 3.63%, but he is only requesting a 2% increase this year.

FISCAL IMPACT

There would be no additional fiscal impact. The approved FY17 budget anticipated and included funding for a merit increase for the District Health Officer position.

RECOMMENDATION

Recommend to approve the District Health Officer's Annual Performance Evaluation Results and Approve a 2% Wage Increase, retroactive to his annual evaluation date of October 24, 2016.

POSSIBLE MOTION

Should the Board agree with staff's recommendation a possible motion would be: Move to approve the District Health Officer's Annual Performance Evaluation Results and Approve a 2% Wage Increase, retroactive to his annual evaluation date of October 24, 2016.

WASHOE COUNTY HEALTH DISTRICT ENHANCING QUALITY OF LIFE

2016 District Health Officer's Annual Performance Evaluation

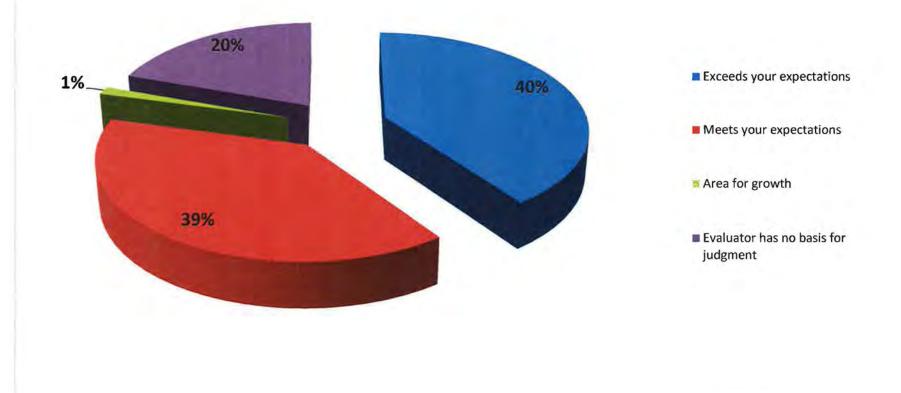

Mr. Kevin Dick

.

Kevin Dick District Health Officer

Health District Accomplishments: October 2015 – October 2016

- Maintained and developed the Health District's relationships with local jurisdictions and regional partner organizations.
- Achieved progress with Regional EMS Oversight including new REMSA Response Zone Map, resolution of boundary issues regarding Mt. Rose corridor and Gerlach, and substantial completion of EMS 5-yr. Strategic Plan.
- Continue to work collaboratively with Reno, Sparks and Washoe County to achieve October 31, 2016, go-live date for the Regional Business License and Permit Software Project.
- Developed the 2016-2018 Washoe County Community Health Improvement Plan in conjunction with a Steering Committee and Truckee Meadows Healthy Communities, began implementation.
- Secured grant funding for and completed development of a Health District Strategic Plan, established and began implementation of Action Plan.
- Established and filled a new Program Coordinator position in the Office of the District Health Officer to continue to develop capacity for Community, District-wide and cross-divisional initiatives.
- Worked with the other Local Health Authorities and the Nevada Public Health Foundation to successfully advance two BDRs, through the Legislative Committee on Health Care, for consideration during the 2017 session.
- Participated on the Truckee Meadows Healthy Communities Committee providing leadership as Co-Chair with Dr. Tony Slonim, CEO of Renown Health. Delivered quarterly Family Health Festivals, a November 2016 Stakeholders Breakfast Meeting, conducted strategic planning, fundraising, and recruitment for staff support.
- Advanced the Health District's Quality Improvement Initiative. Executed the FY 2016 Quality Improvement Plan. Prepared and began implementing an FY 2017 QI Plan.
- Revised fees for Environmental Health and Air Quality Management services to more fully recover costs for service delivery.
- Supported preparedness planning efforts with formal agreements and MOUs including: expansion of Point of Dispensing agreements to include Reno-Sparks Indian Colony, infectious disease planning with hospital, EMS providers, and law enforcement, and procurement of training with and distribution of \$115,000 worth of personal protective equipment (PPE) for first responders and regional partners.
- Chaired the Land Development User Group of BANN, the Builders Association of Northern Nevada.

- Completed implementation of Fundamental Review recommendations and transitioned to implementation of the Health District Strategic Plan.
- Achieved an FY16 Fiscal Year budget surplus of revenues exceeding expenditures by \$699,338.
- Prepared and published a 2015 Annual Report and Living Better Because Of Public Health brochure explaining public health and the work of the District.
- Expanded the use of social media and the Internet on a number of platforms including Facebook, Twitter, and EnviroFlash to provide timely information on public health emergencies and engage connected stakeholders on a wide variety of issues facing the community. Approved and directed issuance of 220 press releases and media interviews, and over 1,900 social media and website postings during FY 16.
- Continued professional development in public health through attendance of the American Public Health Association National Conference, and the Governor's Prescription Drug Abuse Summit.
- Participated on the following Boards/Committees
 - o Nevada Public Health Foundation Board of Directors (ex-officio)
 - REMSA Board of Directors (ex-officio)
 - Child Health Institute Advisory Committee
 - EMS Advisory Board
 - Regional Business License and Permits Project Management Oversight Group
 - o Truckee Meadows Healthy Communities Committee (Co-Chair)
 - o UNR School of Community Health Sciences Community Advisory Board

AIR QUALITY MANAGEMENT DIVISION DIRECTOR STAFF REPORT BOARD MEETING DATE: October 27, 2016

- **DATE:** October 14, 2016
- **TO:** District Board of Health
- FROM: Charlene Albee, Director 775-784-7211, calbee@washoecounty.us

SUBJECT: Program Update, Divisional Update, Program Reports

1. Program Update

a. Know the Code Season

The Keep it Clean – Know the Code wintertime burn code program begins on November 1^{st} . When temperature inversions trap wood smoke in the valley, stoves account for more than half of the fine particulate pollution. Reducing or stopping wood burning when the burn code is Yellow or Red helps keep pollution levels from reaching harmful levels.

Last year, the Planning & Monitoring Staff completed a Quality Improvement (QI) project to address the delivery of the daily burn code. The outcomes of the QI project were implemented during the course of the burn season and resulted in avoiding almost 120 hours of staff overtime. Utilizing the telemetry from the monitoring sites to collect the data and establishing online access for distribution, staff was no longer required to come into the office for the daily updates.

For the 2016 - 2017 Burn Season, staff has reviewed processes and procedures established last year to ensure everyone is ready for the November 1st kick-off. The television and radio outreach campaign will begin shortly after the November 8th election. This decision was based on the increased costs of air time prior to the election. Staff will utilize a press release, OurCleanAir.com, social media, AirNow's Enviroflash, and the Air Quality Hotline to ensure the community is aware the burn season has begun.

Date: October 14, 2016 Subject: AQM Division Director's Report Page 2 of 6

b. Regional Licensing & Permitting System

AQMD staff has been working diligently to complete the development and implementation of the Accela system prior to the October 31 go-live date. With a tremendous amount of assistance from Technology Services, AQMD has been able to incorporate all of our permitting programs into the new system. The current system included stationary sources, dust control permits, and the asbestos program. The new Accela system will now also include the woodstove program and enforcement activities. Staff has been provided with training respective to their daily activities and job duties and should be ready when the system becomes available. As with any new computer system, we do expect there may be issues for a period of time but we have put contingency plans in to place in order to minimize the impact to our customers.

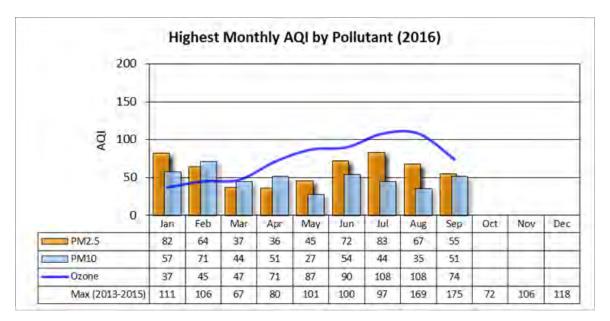

c. Smoke Management Program

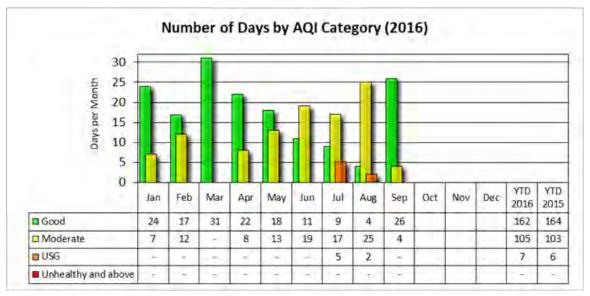

With fall upon us and winter closing in fast, the regional land managers are beginning to initiate controlled burns throughout the region. AQMD Planning staff is actively involved in the review of the smoke management plans and issuing approvals. Recognizing the importance of controlled burns not only for the health of the forest but as a fuel reduction program to avoid extreme wildfires, AQMD staff are working closely with the land managers to ensure burning is only performed when conditions exist that are within the prescriptions in order to minimize smoke impacts. Beginning November 1st, the prescribed burns will be subject to the Know the Code burn program.

Charlene Albee, Director Air Quality Management Division Date: October 14, 2016 Subject: AQM Division Director's Report Page **3** of **6**

2. Divisional Update

a. Below are two charts detailing the latest air quality information for the month of September. The top chart indicates the highest AQI by pollutant and includes the highest AQI from the previous three years in the data table for comparison. The bottom chart indicates the number of days by AQI category and includes the previous year to date for comparison.

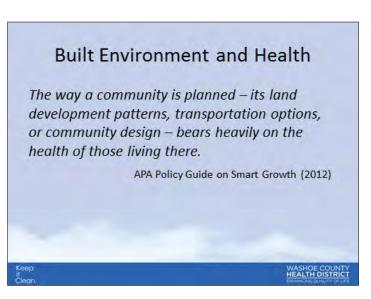

Please note AQI data are not fully verified and validated and should be considered preliminary. As such, they should not be used to formulate or support regulation, guidance, or any other governmental or public decision. For a daily depiction of the AQI data, please visit OurCleanAir.com for the most recent AQI Summary.

Date: October 14, 2016 Subject: AQM Division Director's Report Page 4 of 6

3. Program Reports

- a. Monitoring & Planning
- <u>September Air Quality</u>: There were no exceedances of any National Ambient Air Quality Standard (NAAQS) in September.
- Ozone Advance: Staff provided update on the Ozone an Advance program and Be Idle Free campaign to the Reno Planning Commission (PC) on September 21. Here is a key slide that summarized the presentation. Although this policy statement is intended to show the connection between the built environment and public health, it's also applicable to the environmental and economic health of our community. The Reno PC was provided a summary of conditions that

could be applied to projects and support the goals of Ozone Advance. A basic condition that could be applied to new businesses is to implement an Employee Trip Reduction program to reduce the number of drive-alone workers. An example of a condition that could be applied to residential projects is for the homes to be prepped for clean energy components such as electric vehicles, ceiling fans, and rooftop solar. Many of the conditions presented to the Reno PC are either already required and/or commonly applied in other parts of the country.

• <u>Wildfire Ozone Exceptional Event (EE)</u>: Staff completed the EE demonstration for the August 21, 2015 wildfire ozone event. Public comment began on October 1 and formal submittal to EPA is expected in early November. EPA's approval of this EE is the difference between attainment and non-attainment of the Ozone NAAQS. Preparation of this EE consumed hundreds of staff hours. Additional EE's will need to be prepared for at least four other wildfire ozone events from 2015 and 2016.

Daniel K. Inouye Chief, Monitoring and Planning Date: October 14, 2016 Subject: AQM Division Director's Report Page **5** of **6**

b. Permitting and Enforcement

| | 20 | 16 | 2015 | | |
|---------------------------------------|------------------------------|--------------------------------|------------------------------|--------------------------------|--|
| Type of Permit | September | YTD | September | Annual Total | |
| Renewal of Existing Air Permits | 106 | 1043 | 106 | 1297 | |
| New Authorities to Construct | 5 | 85 | 4 | 99 | |
| Dust Control Permits | 13 (128 acres) | 130 (1701 acres) | 13 (315 acres) | 151 (2129 acres) | |
| Wood Stove (WS) Certificates | 28 | 318 | 39 | 391 | |
| WS Dealers Affidavit of Sale | 7 (2 replacements) | 51 (32 replacements) | 14 (8 replacements) | 135 (85 replacements) | |
| WS Notice of Exemptions | 853 (7 stoves removed) | 6349 (44 stoves removed) | 545 (5 stoves removed) | 7490 (50 stoves removed) | |
| Asbestos Assessments | 92 | 799 | 80 | 1077 | |
| Asbestos Demo and Removal (NESHAP) | 22 | 209 | 10 | 150 | |

Staff reviewed fifty (50) sets of plans submitted to the Reno, Sparks or Washoe County Building Departments to assure the activities complied with Air Quality requirements.

- Enforcement staff is working with Granite Construction to begin closing land as the southeast connecter project begins its completion phasing. By working closely with Granite personnel AQMD staff is ensuring that permits accurately reflect the progress of the project without committing Granite to unnecessary burden.
- Permitting staff has completed a second round of air sampling at local medical marijuana facilities. The sampling was performed by permitting staff in conjunction with DRI and a local lab. This sampling will allow permitting staff to refine the calculations we use to perform engineering reviews on MME facilities, and to calibrate AQMD and local commercial lab sampling to allow for enhanced compliance assurance.

Staff conducted inspections of forty-seven (47) stationary sources in September 2016. Staff also conducted inspections on asbestos removal and construction/dust projects.

| | | 2016 | 2015 | | |

Community & Clinical Health Services Director Staff Report Board Meeting Date: October 27, 2016

| DATE: | October 14, 2016 |
|----------|---|
| TO: | District Board of Health |
| FROM: | Steve Kutz, RN, MPH 775-328-6159; skutz@washoecounty.us |
| SUBJECT: | Program Report – Chronic Disease Prevention Program ; Divisional Update – Data & Metrics; Program Reports |

1. **Program Report – The Chronic Disease Prevention Program (CDPP)** focuses on the modifiable risk factors of tobacco use and exposure, lack of physical activity, and poor nutrition. These three factors are implicated in the top causes of death for Washoe County, throughout Nevada and the nation.

The Program is supported by two tobacco grants and local funding to maintain 2 FTE and per diem health educators, interns and 0.2 FTE supervisor.

The CDPP is committed to empowering our community to be tobacco free, live active lifestyles and eat nutritiously through education, collaboration, policy and evaluation. Many of the activities in the CDPP are captured as Initiatives in the Health District's Strategic Plan. Some highlights of successes over the past year include:

- Staff worked with owners/managers to help 688 multi-unit housing units go smoke free
- Staff worked with and provided Incline Village with tobacco free signage for outdoor spaces including parks, beaches, trails, the golf course and the ski resort
- Nine new businesses in Washoe County adopted a smoke free meeting policy, meaning they pledged not to have meetings and events in locations that allow smoking. Twenty business now have a smoke free meeting policy in Washoe County
- Staff provided leadership in developing the WCSD Student Wellness Policy, positively impacting 65,000 school aged youth
- Two new programs were developed and will be implemented in the next year to improve the health of our community:

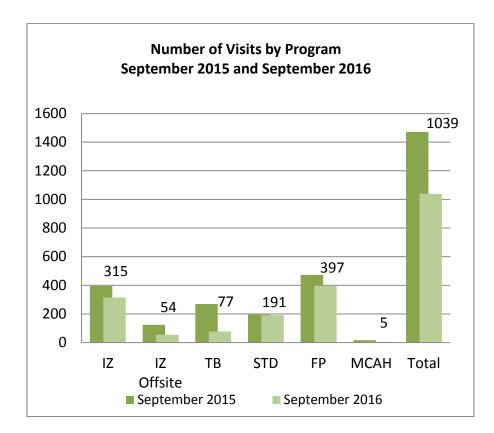

• Wolf Pack Coaches Challenge: a collaboration with UNR and WCSD to improve physical activity and nutrition among elementary school students

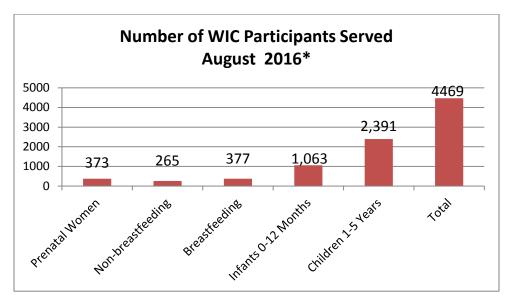

• We Order Well! (W.O.W!): helping local restaurants provide more options including smaller portion sizes and healthier kids menus

2. Divisional Update -

a. Behavioral Health Screenings – CCHS routinely screens for basic behavioral/mental health issues, as well as alcohol and drug use in our Family Planning, STD/HIV, MCAH and TB programs. Staff provide some counseling and refer to community resources as appropriate. CCHS is in the process of updating our screening form in the Immunization Program to ask our immunization clients about this, and will provide resources and referral as well.

b. Data/Metrics

*It takes a full month after the last day of the reporting month for final caseload counts as WIC clinics operate to the end of the month and participants have 30 days after that to purchase their WIC foods.

Changes in data can be attributed to a number of factors – fluctuations in community demand, changes in staffing and changes in scope of work/grant deliverables, all which may affect the availability of services.

3. Program Reports – Outcomes and Activities

a. **Sexual Health** – Staff provided screening at Truckee Meadows Community College on September 20, 2016 and tested 35 students.

The state has convened a congenital syphilis workgroup to review congenital cases and provide recommendations for future disease intervention activities.

Jennifer Howell was interviewed by Reno News and Review for the annual sexual health issue. The format was a casual question and answer on a variety of sexual health topics. Link to article – <u>https://www.newsreview.com/reno/sex-talk/content?oid=22290398</u>

Interviews for a vacant Public Health Nurse (PHN) position in the HIV program are underway.

HIV staff is in the process of completing a Ryan White Grant application for the continuation of Early Intervention Services. Funding will be provided for a three year period, with a start date of April 1, 2017. Early Intervention Services are provided by the HIV program to assist with linking newly HIV diagnosed clients to care, ensuring that they stay in care and helping clients that have fallen out of care to return to care. HIV positive individuals that are in care and taking antiretroviral medications are less likely to transmit HIV, which is the primary goal of the program.

b. Immunizations – The program began providing seasonal flu vaccinations on October 10, 2016. Employee flu vaccine was offered to employees following the WCHD General Staff Meeting on October 11, 2016. Firefighter/EMT vaccine administration trainings are also being provided, in partnership with EPHP.

Staff provided education and vaccinations at the Baby Expo on September 17, 2016 at the Grand Sierra Resort, in partnership with Immunize Nevada. A total of 10 participants received 10 doses of vaccine.

School Located Vaccination Clinics (SLVC) will resume in late October in partnership with Immunize Nevada and the Washoe County School District. Additional outreach clinics, such as the Binational Health Week event on October 15, 2016 and the Family Health Festival on October 19, 2016 have also been scheduled.

c. **Tuberculosis Prevention and Control Program** – Julie Baskin, CDC Public Health Associate, completed her two year assignment on September 28, 2016. Rudy Perez, CDC Public Health Associate, transitioned to the Tuberculosis program on October 3, 2016 for his second year.

Staff provided training at the Reno Sparks Gospel Mission, Volunteers of America shelters, Casa de Vida, and Committee to Aid Abused Women (CAAW). General information was provided about Tuberculosis infection and disease. The shelter sites were educated on signs and symptoms, provided with the most recent screening questionnaires, and cough logs. TB staff plans to continue to visit the shelter sites on a regular basis to provide ongoing education and review cough logs.

Staff attended the Northern Nevada Infection Control meeting on September 29, 2016 to discuss current NRS regarding sputum collection, as there is a difference between CDC recommendations and NRS. A committee was formed to draft proposed revisions.

d. Family Planning/Teen Health Mall – Staff is in the final stages of the interview process for a vacant APRN position. Also, Tim Buitron will be transferring into a vacant Office Assistant II position in the Family Planning Program, from our WIC program. Jan Houk, with the MCH and Immunizations programs, will begin working with the Family Planning Program four hours per week to assist with Pap follow-up, and to provide pill refills, repeat Depo-Provera injections, pregnancy test and emergency contraception. Currently an Intermittent Hourly RN, Maribeth Michaud, is providing these services. Maribeth will be retiring in December.

The HIV, STD and Family Planning Programs have partnered to place posters with tear off tabs listing phone numbers for all Sexual Health Services provided at the WCHD. The high risk

89502 area of town is where the posters are being placed. The Family Planning Program Health Educator, a CDC Public Health Associate and a student intern in the STD program are monitoring the number of tabs removed from the posters and are replacing the posters as necessary. Staff will be tracking the number of clients that book appointments with the clinic as a result of this type of outreach. This project began approximately a month ago and it appears that a significant number of tabs are being pulled from the posters. These efforts complement the Sexual Health and Family Planning program services provided at our Family Health Festivals as part of the 89502 project.

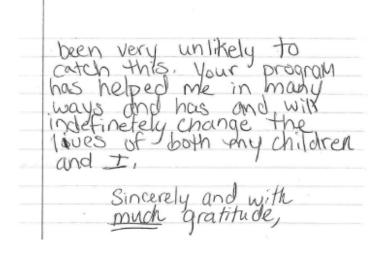

- e. Chronic Disease Prevention Program (CDPP) Please see the program update above.
- f. **Maternal, Child and Adolescent Health (MCAH)** –Staff attended a presentation on the 2016 Nevada Children's Report Card on September 14, 2016. Staff continue to offer services in the MCH Clinic, and provide Safe Sleep education and distribute portable cribs for the Cribs 4 Kids program.

The Fetal Infant Mortality Review (FIMR) team attended the Pregnancy and Infant Loss Support Organization of the Sierras (PILSOS) annual "A Time for Remembrance" event at Idlewild Park on October 9, 2016.

g. Women, Infants and Children (WIC) – A remodel of the 9th Street WIC Clinic was completed on September 30th and resulted in increased privacy for clients, child friendly medical tables, and a new client flow. Staff were able to keep a temporary clinic open during the remodel in an effort to disrupt clients as little as possible.

Attached is a letter sent by a WIC client thanking the program as a whole and a specific WCHD staff member. It is stories like this that remind us of the immediate impact this program has on children and the long term impact this program can have on families.

WIC affiliates and Health Department Officiales, I just wanted to take a minute to thank you so much for the WIC program. I have I children. My Husband works full time at a very 90000 ·doi tind it hard Vet to feed four mouths, other than ours, healthy, Nourishing Food. Thank you tor allowing me the opportunity to finish my education. with your help T am doing 17 1 Eighteen more months and will have a spache ors degree in accounting. Then I will be able to do much more to help others 100. I also wanted to say thank you for catching anemia in my son. He has a hereditary, non-dietary related anemia. Without WIC and Frank, I would have

Staff Report Board Meeting Date: October 27, 2016

- **DATE:** October 14, 2016
- **TO:** District Board of Health
- **FROM:** Robert O. Sack, Division Director, Environmental Health Services (EHS) 775-328-2644; <u>bsack@washoecounty.us</u>
- **SUBJECT:** EHS Division and Program Updates Food, Land Development, Vector-Borne Disease, Waste Management and EHS Inspections / Permits / Plan Review.

DIVISION UPDATE

• Environmental Health Services is preparing for Accela go live date of October 31, 2016.

PROGRAM UPDATES

Food

• Staff completed a self-assessment of the Program Standards. The self-assessment is an internal review to determine how closely the Food Safety Program conforms to the FDA Voluntary National Retail Food Regulatory Program Standards. The following table shows the level of conformance with the criteria for each of the nine Program Standards:

| Met | Standard | Progress | Standard Elements (Incomplete elements identified in red and completed elements identified in strikethrough text) |
|-----|---|-----------------|--|
| 1 | 1 REGULATORY FOUNDATION | Fully Met | <u>1a 1b 10 2a 2b 3a 4a</u> |
| × | 2 TRAINED REGULATORY STAFF | 66.7% met | <u>1a 1b 2a 2b 3a 3b 4a 4b 5a</u> |
| × | 3 INSPECTION PROGRAM BASED ON HACCP PRINCIPLES | 90.0% met | <u>1a 4b 1c 2a 3a 4a 4b 4c 5a 6a</u> |
| × | 4 UNIFORM INSPECTION PROGRAM | 6.3% met | 13 1b 1c 2 2i 2ii 2iii 2iv 2v 2vi 2vii 2viii 2ix 2x 3a 3b |
| × | 5 FOODBORNE ILLNESS AND FOOD DEFENSE PREPAREDNESS AND RESPONSE | 41.4% met | <u>1a 4b 10 1d 10 1f 1g 1h 1i 2a 2b 3a 3b 4a 5a 5b</u> 5c 6a 7a 7b1 7b2 7b3 7b4 7b5 7b6 7b7 7b8 7b9 7c |
| × | 6 COMPLIANCE AND ENFORCEMENT | 50.0% met | 1a 1b 2a 2b |
| ~ | 7 INDUSTRY AND COMMUNITY RELATIONS | Fully Met | <u>1a 1b</u> |
| × | 8 PROGRAM SUPPORT AND RESOURCES | 61.5% met | 1a 2a 2b 3a 3b 4a 4b 4c 4d 4e 4f 4g 4h |
| × | 9 PROGRAM ASSESSMENT | No elements met | 1a 1b 1c 2a 2b 3a 3b |

Based on the self-assessment results, the Food Safety Program has updated the Program Standards Strategic plan to address the gaps identified for each of the nine standards.

• Several staff members attended the U.S. FDA Pacific Region Retail Food Seminar held in Reno on September 20-22, 2016. The seminar provided the opportunity for participants to learn about changes to regulations, policies and recommendations that impact food safety, including: changes to FDA Food Code, changes to the Program

Standards, federal, state, and local regulatory agency initiatives to enhance food safety, industry initiatives to enhance food safety, available funding opportunities and emerging science and technology related to food safety. **Participation in regional food protection seminars meets the criteria of Standard 2 – Trained Regulatory Staff, and Standard 7 – Industry and Community Relations.**

- Staff held three workshops on September 12th, 13th and 14th for food establishment operators and the general public on the new food establishment inspection process which will begin in November 2016. The workshops covered education on the new inspection form, associated field guide and the color coded (green, yellow, red) rating system. The workshops were well attended by food establishment operators, owners, and representatives from the Nevada Restaurant Association and the Retail Association of Nevada. Participation in workshops for the consumers and industry meets the criteria of Standard 7 Industry and Community Relations.
- An internal staff training was held to prepare staff for the implementation of the new food establishment inspection form and process. The interactive training provided the opportunity for staff to complete the new inspection form based on observations of different mock food establishment scenarios. Participation in internal staff food safety training meets the criteria of Standard 2- Trained Regulatory Staff.
- The Food Safety Program welcomed an intern from the University of Nevada, School of Community Health Sciences who will assist the program with implementation of actions items identified in the Program Standards Strategic Plan for the quarter.
- Foodborne Illness Epidemiology Program Staff in the Foodborne Illness Epidemiology Program took seventeen (17) complaints and conducted twenty (20) interviews of patrons who reported illness after eating at food establishments in Washoe County.
 - There was a party of four (4) and one (1) additional complaint that resulted in an investigation of two (2) food establishments at a local Casino Resort. The investigation focused on ill employees resulting in management of the resort initiating enhanced sanitation procedures in all kitchens and rooms.
 - There were also six (6) referrals for diagnoses including campylobacter, cryptosporidiosis and salmonella that staff reviewed for any potential connection to local food establishments.
 - Additionally there were two (2) outbreaks of Gastrointestinal Illness at childcares including one (1) that was investigated by staff at the facility. A total of five (5) stool samples were collected and submitted to the Nevada State Health Lab. All samples were negative for Noro-type virus and enteric bacteria, however exclusion criteria and sanitation of both facilities was strictly enforced.
 - There was one (1) recall for Washoe County Food Establishments that was handled by Foodborne Illness Epidemiology Program Staff to ensure that indicated product was pulled from consumer shelves.

Investigative procedures for foodborne illness and recalls meet criteria of FDA Standard 5 – Foodborne Illness and Food Defense Preparedness and Response.

- **Training Program** Now that the four (4) new field staff is fully trained in routine inspections and has completed most other program orientations, efforts are shifting to get the six (6) staff still classified under Trainee to take the Registered Environmental Health Specialist exam. The first to take the exam will be in December and following completion of the exam, study materials will be discussed with the staff member to get the others prepared to take the exam in the summer of 2017. Having staff members registered as Environmental Health Specialists is consistent with principles outlined in FDA Standard 2 Trained Regulatory Staff.
- **Special Events** As is traditionally the case, September was the busiest month of the year in the special events program with several major events occurring including the Best in the West Nugget Rib Cook-off, the Great Reno Balloon Races, the National Championship Air Races, and the Street Vibrations Fall Rally. Nearly 700 routine inspections were performed by staff over the course of the month. Staff continues to focus inspections on high risk items with a persistent focus on hand hygiene and the prevention of bare-hand contact. October is expected to see a significant reduction in the number of inspections relative to September, however a consistent flow of events are on the schedule through the remainder of the fall season.

Schools

• Staff has conducted one hundred and five (105) inspections of public, private and private charter school facilities since late August. During inspections emphasis has been placed on outbreak procedures and protocol relevant to managing outbreaks. In 2015 there were eighteen (18) schools that were in declared outbreak of Noro-type illness going into Fall Break. Subsequently and through significant collaboration, the Health District and School District developed a number of protocols to shorten the duration and minimize the extent of such outbreaks. This school year there has been one (1) outbreak declared going into Fall Break; an outbreak that was limited to a single class of students and was managed and closed within ten (10) days before it spread throughout the school. Additionally, staff has been finding outdated chemical inventories and issues with chemical storage in the public middle schools and high schools which the school district is now addressing with chemical round ups under direction of the Health District.

Childcares

• The childcare inspection program continues to work on a project to determine the best practices for sanitizing in childcare facilities. Staff will enhance outreach to childcare providers by developing an updated email list and revising educational materials for childcare operators.

<u>IBD</u>

• Staff has been preparing updates to proposed regulations and anticipates public workshops will be conducted during October/November 2016. Staff will take input from these meetings and intends to present a proposed final draft of the regulations to the Board before end of year.

Land Development

• See the attached letter sent to TMWA regarding the final approval of the TMWA WCWR consolidation. The regulatory consolidation is complete of the Water Systems. The

merger consolidated 19 individual community water systems into six community water systems. This process has taken over a year and a half using a multitude of staff resources to complete.

- The program completed its reorganization of the Septics and Wells file structure on the G:/drive and scanning of paper records is underway. The Public Water Systems reorganization is expected to be conducted over the next couple months.
- Several guidance documents for Septics and Wells have been completed and are moving forward for final approval. Staff is continuing to work on plan review SOPs.
- In the Safe Drinking Water program, staff remains focused on completing the sanitary surveys for the year and making sure that all our staff is trained and operating consistently. The large TMWA survey is expected to be completed over the next month.

Planning, Development and Construction

• Development reviews are continuing at a higher pace as the commercial and development reviews are indicating additional growth in the community. Staff is working with the City of Reno to establish a consistent review process while working on streamlining the plan review process. Staff has met with the City of Reno to ensure all fees are being collected as appropriate while removing those elements that were not required. Staff is attending the planning meetings at the City of Reno, City of Sparks, or Washoe County as necessary to ensure all concerns are captured and to allow the applicant the opportunity to ask questions of staff. Staff will be meeting with the City of Sparks and Washoe County planning in the future to ensure the same process is being followed by all agencies.

Vector-Borne Diseases

- Staff collected another positive collection of Culex pipiens mosquitoes the week of September 26 for West Nile virus on Shadow Lane in a gravid trap in Sparks. The average daily temperatures that week were in the mid 70 degrees, the range for adult female mosquitoes to transmit diseases. The gravid trap is one of two new trapping methods deployed by the Program to detect Zika mosquitoes this year which also attracts other species of mosquitoes. Speaking of Zika, with the first locally transmitted case that occurred over a month ago in Miami-Dade County in Florida, there are currently 141 infections caused by local mosquito-borne transmission in residents of Miami-Dade, Palm Beach and Pinellas counties. Within a short period, the large number of these new infections of Zika spread quickly to these other counties.
- Staff and our public health interns continue to inspect and treat catch basins in the Truckee Meadows Community. The latest positive collection of C. pipiens on Shadow Lane north of Reed High School breeds in catch basins.
- We have received three additional positive bats totaling ten this season. Staff followed up on the latest positive bats and determined no human exposure occurred.
- The Program's five Public Health Interns are finishing up our mosquito season the end of this month.

Waste Management

• Public comment closed end of day on Friday, October 14, for the Washoe County Solid Waste Management Plan. There are some small corrections to be discussed, but it should go to the DBOH in November for approval.

WHAT THE NUMBERS MEAN:

1= No Litter; Virtually no litter can be observed.

2= Slightly Littered; Upon careful inspection, a small amount of litter is obvious.

3= Littered; Visible litter can readily be seen throughout the area, likely requiring an organized cleanup.

4= Extremely Littered; Major illegal dumpsites are present, requiring equipment or extra manpower for removal.

WASHOE COUNTY HEALTH DISTRICT

ENHANCING QUALITY OF LIFE

October 14, 2016

Mr. Mark Foree, P.E. General Manager Truckee Meadows Water Authority PO Box 30013 Reno, 89520-3013

RE: Consolidation of Truckee Meadows Water Authority (TMWA) and Washoe County Water Resources (WCWR) Water Systems Merger

Dear Mr. Foree:

The Washoe County Health District (WCHD) is pleased to inform you this agency has completed the regulatory merger of the TMWA and WCWR water systems under the Chapter 445A of Nevada Administrative Code (NAC) and the Safe Drinking Water Act.

The consolidation of the two water systems has created six separate public water systems (PWS) which includes the main TMWA system, PWS NV190; and five stand-alone systems. PWS NV190 includes the original TWMA NV 190 System and the following WCWR systems: Arrowcreek, Desert Springs, Double Diamond, Hidden Valley, Horizon Hills, Lemmon Valley, Mt. Rose, Spring Creek East, Spring Creek, Saint James, STMGID, Thomas Creek and Timberline Estates. The five separate stand-alone systems are: PWS, Stampmill, PWS NV801; Lightning W PWS NV865; Old Washoe Estates, PWS NV2526; Sunrise Estates, PWS NV2525 and Truckee Canyon PWS NV978.

As part of consolidation, all WCWR inventory has been moved under the above referenced TMWA systems in September 2016. Furthermore, the updated Total Coliform Sample Plans were approved in March of 2016; the Stage 2 Disinfectant/Disinfection Byproducts Monitoring Sample Plan was approved in May of 2016; and the Lead and Copper and Quality Water Quality Parameter Plans (LCR & QWP) were approved in June/July 2016. The LCR & QWP Plan had additional targeted specific area plans based on the need for more information regarding lead and copper in those consolidated areas of the system.

WCHD staff would like to take this time to thank TMWA's dedicated staff to work with WCHD and the Nevada Division of Environmental Protection to complete this consolidation process over the past year and a half. The magnitude and regulatory/compliance hurdles which needed to be met, took much more time and effort than was ever anticipated.

If you have any questions regarding this letter or the consolidated systems please contact me at jenglish@washoecounty.us.

Sincerely,

James English, REHS, CP-FS EHS Supervisor Waste Management/Land Development Program

cc/ec: Bob Sack, Director My-Linh Nguyen, NDEP-SDW Bureau Chief Scott Estes, Director, Systems Planning & Engineering Paul Miller, Manager, Operations and Water Quality TMWA PWS Facility Files

EPIDEMIOLOGY AND PUBLIC HEALTH PREPAREDNESS DIVISON DIRECTOR STAFF REPORT BOARD MEETING DATE: October 27, 2016

| DATE: | October 13, 2016 |
|----------|--|
| TO: | District Board of Health |
| FROM: | Randall Todd, DrPH, EPHP Director 775-328-2443, <u>rtodd@washoecounty.us</u> |
| Subject: | Program Updates for Communicable Disease, Public Health Preparedness, and Emergency Medical Services |

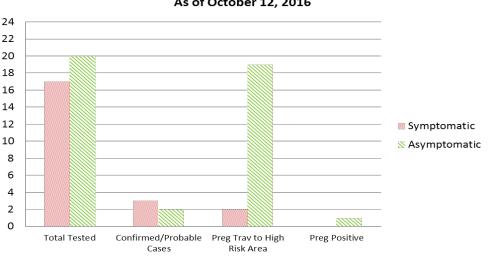

Communicable Disease (CD) -

WASHOE COUNTY

HEALTH DISTRICT

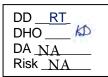

ENHANCING QUALITY OF LIFE

Zika Virus Disease Evaluation and Testing - As of October 12, 2016 there have been 41 individuals referred by local healthcare providers for evaluation of possible Zika virus infection. Five cases have been reported. One of the five cases was an asymptomatic pregnant woman and one was identified through blood donation. The pregnant woman is being monitored throughout the remainder of her pregnancy for any fetal abnormalities.

Gastrointestinal (GI) illness outbreaks - Since the last District Board of Health meeting, the CD Program has investigated three GI illness outbreaks in two childcare facilities and one elementary school. Approximately 40 cases were reported. The suspected etiologies are norovirus or rotavirus.

Subject: EPHP Staff Report Date: October 13, 2016 Page 2 of 4

Seasonal Influenza Surveillance – The 2016-2017 flu season started on October 2, 2016 (CDC week 40) and will end on May 20, 2017 (CDC Week 20). For this season, twelve sentinel sites have agreed to participate in Influenza-like Illness (ILI) surveillance. Of these, four are emergency rooms, seven are urgent cares, and one is a Student Health Center. Two of the sites will also assist by collecting specimens for testing to identify specific influenza virus strains circulating in the community.

Presentation at West Coast Epidemiology Conference – Two staff members attended the 2016 West Coast Epidemiology conference in Sacramento. One staff member made a presentation entitled "Hepatitis C Surveillance for 14 Years in Washoe County, NV", which included surveillance findings and challenges.

Public Health Preparedness (PHP)

The Public Health Preparedness Senior Advisory Committee met on October 12, 2016. Public Health Preparedness (PHP) staff participated in discussions regarding the next five strategic planning efforts. Alignment of planning efforts across the state allows for an efficient and collaborative approach, maximizing grant funding.

Medical Reserve Corps (MRC) Volunteers participated in the Washoe County School District's (WCSD) Health and Wellness Fair held at Wooster High School on September 17. The goal of the event was to increase health awareness and disease prevention by providing wellness screenings as well as health and disaster preparedness information to the over 2000 employees that attended. MRC volunteers helped in the dissemination of emergency preparedness and health and safety educational materials and information.

The Inter-Hospital Coordinating Council (IHCC) was invited by the Assistant Secretary for Preparedness and Response (ASPR) to participate in the inaugural class for the Health Care Coalition Leadership Response Training. IHCC was one of three coalitions across the nation that was asked to participate in the training. The training was September 26th-30th in Anniston, Alabama at the Center for Domestic Preparedness. Eight members of IHCC attended the training from Tahoe Pacific Hospital, Northern Nevada Adult Mental Health Services, Washoe County Health District, Regional Emergency Medical Services Authority, Washoe County Emergency Management and Homeland Security and East Fork Fire from Douglas County. This training will increase IHCC's ability to achieve the new 2017 HPP Health Care Preparedness and Response Capabilities and Performance Measures.

PHP staff conducted fire vaccination training in Sparks on October 7th with over 10 firefighters completing the training. Fire vaccination trainings are ongoing throughout the Fall and Spring to accommodate different shifts. Fire vaccination trainings are conducted to ensure preparedness in the event of an emergency that requires mass prophylaxis of the citizens of Washoe County.

PHP staff assisted the Reno Sparks Indian Colony (RSIC) in conducting a full-scale point-ofdispensing (POD) exercise on October 12th. RSIC is a private POD partner for the Health District and their partnership helps increase response capabilities in the community. Subject: EPHP Staff Report Date: October 13, 2016 Page **3** of **4**

Emergency Medical Services (EMS) –

EMS staff attended the Renown Health and REMSA Community Partnership event on September 12. During the meeting the organizations announced their innovative alliance to improve the overall health of the region through a proactive system of healthcare services through REMSA's paramedicine, alternative transport and nurse health line programs.

EMS staff met with Planning and Development staff of the Community Services Department on September 15 to discuss the permit process for special use and special events. The meeting allowed both staffs to obtain further clarification on expectations and permit procedures.

Also on September 15, the EMS Coordinator and EMS Statistician conducted an EMS inspection at the Air Races. The EMS Coordinator was able to train the EMS Statistician on the inspection process so multiple staff are familiar with conducting the onsite assessment of EMS services at special events.

EMS and PHP staff met with personnel from Washoe County Emergency Management on September 21 to discuss information sharing during a time of disaster. The programs developed user guidelines for WebEOC, which are now posted online for all users to view.

The EMS Coordinator facilitated a meeting on September 27 with EMS agencies that responded to the plane crash incident on August 30 at the River Edge RV Park. Based on information gathered an After Action Report/Improvement Plan (AAR/IP) was developed. The areas for improvement are being addressed through Multi-Casualty Incident Plan (MCIP) revisions and additional trainings focused on inter-agency communications.

The quarterly EMS Advisory Board meeting was held on October 6. The meeting included numerous items; some of the highlights were the approval of the 5-year EMS Strategic plan, the FY 15/16 Annual Data Report and revisions to the Board Bylaws.

EMS and PHP staff met with personnel from Renown Skilled Nursing to discuss point of care and evacuation planning for the facility on October 11. This meeting was scheduled for WCHD to have a better understanding of their current planning and provide and an introduction to the countywide healthcare evacuation plan (MAEA).

| Month | Zone A | Zone B | Zone C | Zone D | Zones B, C and D | All Zones |
|--------------|--------|--------|--------|--------|---------------------|-----------|

District Health Officer Staff Report Board Meeting Date: October 27, 2016

- **TO:** District Board of Health
- **FROM:** Kevin Dick, District Health Officer (775) 328-2416, kdick@washoecounty.us
- SUBJECT: District Health Officer Report –Regional License/Permit Program, Panther Drive, Little Valley Fire, Regional EMS Oversight, Legislature, Strategic Plan, Quality Improvement, Truckee Meadows Healthy Communities (TMHC), Community Health Improvement Plan, Accreditation, Other Events and Activities and Health District Media Contacts

Regional License/Permit Program

On October 6, the Regional Oversight Group met and confirmed the Accela Automation go-live date for October 31. This will allow data conversion and transition from the Permits Plus System to occur over the preceding three-day Nevada Day weekend. In addition to working to achieve functionality of the system for go-live, staff is also establishing work-around procedures, including paper processing of permit applications, etc. to be able to continue to provide services to the public in the event the system is not operational immediately on October 31. Staff remains very busy and heavily engaged with user acceptance testing and addressing issues that are identified as the testing proceeds. Scripting for reports needed for system functionality continues.

Panther Drive

A meeting with residents of Panther Drive was held at 6pm on October 20. During the meeting residents were informed that they were being required to connect to a municipal sewer system in order to address the public health concern posed by contamination of surface waters in area ditches by sewage from failing septic systems and shallow perched groundwater. The Community Services Department provided information on design and construction of a sewage line and the ability to pay for construction of this line, connection of the residents, and abandonment of existing septic systems with funds provided by the State Revolving Fund. Residents are receiving a letter that provides formal notice of the order to connect to municipal sewer and a Right of Entry form that authorizes work to occur on their property.

Little Valley Fire

The Health District participated in the Regional Emergency Operations Center Activation for the Little Valley Fire. I participated on the REOC coordination calls that occurred throughout the weekend. Air Quality posted information and updates about the fire on the Be Smoke Smart wildfire section of their website. EHS produced a guidance document addressing actions evacuated residences or those without power for extended periods should take with wells, engineering/pumped septic systems, and food in refrigerators/freezers. The document was

Subject: District Health Officer Report Date: October 27, 2016 Page **2** of **3**

provided to PIO's at the NDF Fire Station incident command, was posted on the Sierra Front fire incident website, and posted and tweeted from the County and Health District website.

Regional EMS Oversight

The Regional EMS Advisory Board met on October 6. I am meeting with each of the three jurisdictional fire chiefs to discuss implementation of the EMS Strategic Plan.

<u>Legislature</u>

Over 440 BDRs have been submitted as of October 14. A preliminary design and cost analysis for community water system fluoridation of the TMWA system is expected to be completed around the end of the month.

Strategic Plan

The Action Plan for implementation of the Strategic Plan was completed and the plan implementation continued. A quarterly update report will be provided as an item during the October 27 DBOH meeting.

Quality Improvement

The QI Refresher training will be provided to staff during the month of November. This is a 20minute training to review the basics of QI with staff. The annual QI survey, now in its fourth year, will be provided to staff in December. Once the survey is closed, ODHO staff will compare 2016 results to the three previous years.

Truckee Meadows Healthy Communities

An Independent Contractor agreement is being established for a Project Director to support the TMHC coalition.

I chaired the monthly TMHC Steering Committee meeting, which was held on October 5.

Truckee Meadows Healthy Communities held its fifth Family Health Festival at Reno Town Mall on October 19. The busiest booth by far was staffed by the Health District, Walgreens, and Catholic Charities' Kids to Senior Korner, who were providing flu shots. The Family Health Festival Planning Committee has strengthened the evaluation component of the Family Health Festivals for both vendors and participants. Evaluation results will be provided at the November 2nd Truckee Meadows Healthy Communities meeting and shared with the Board of Health as well.

Community Health Improvement Plan (CHIP)

ODHO staff is in the process of developing the CHIP annual report, which will be completed by December 31, 2016. Staff is meeting with lead organizations to receive programmatic updates and is comparing available data to the baseline measures provided within the CHIP. CHIP workgroup members continue to plan and implement activities and programs to increase access to healthcare and social services, increase food security, and address the mental health needs of our youth. Specific workgroup activities are being summarized for the annual report.

Subject: District Health Officer Report Date: October 27, 2016 Page **3** of **3**

Accreditation

A vacant Office Support Specialist position is being transferred from AHS to ODHO to support the Health District's accreditation efforts. Interviews were conducted to fill the positon. A Health District Accreditation Team is being formed. Sara Dinga will serve as the Accreditation Coordinator for the Health District.

Other Events and Activities

Attended REMSA Board meetings on September 23 and October 21.

Met with Sharon Chamberlain, N NV HOPES regarding syringe exchange program on September 26.

Chaired a TMHC Steering Committee meeting October 5.

Participated in the EMS Advisory Board meeting October 6.

Participated in the Nevada Health Authorities conference call October 6.

Met with Fire Chief Maples, SFD, to discuss EMS program and Strategic Plan implementation on October 11.

Participated in the October NPHF Board of Director's Meeting October 12.

Participated in the Nevada Association of Local Health Officials call October 17.

Met with Dr. DiMuro, Nevada Chief Medical Officer on October 21 to provide an overview and orientation to the Washoe County Health District.

Met with Chief Moore, TMHC, to discuss EMS program and Strategic Plan implementation on October 25.

Met with the Division Directors on October 5 and October 19. I meet regularly with the Division Directors and ODHO staff on an individual basis.
