

PROHIBITED EMISSIONS

040.065 REDUCTION OF ANIMAL MATTER

It is unlawful for any person to burn, or cause to be burned, operate or use, or cause to operate or use, any article, machine, equipment, or other contrivance for the reduction of animal matter unless all gases, vapors, and gas entrained effluents from such an article, machine, equipment or other contrivance are:

- A. Incinerated at temperatures of not less than 1400 degrees F for a period of not less than 0.3 seconds; or
- B. Processed in a manner determined by the Control Officer to be equal to or more effective than the above method for the purpose of air pollution control.

A person incinerating or processing gases, vapors, or gas entrained effluents, pursuant to this chapter shall provide, properly install and maintain in calibration, in good working order and operation, devices as specified in these regulations or as specified by the Control Officer, for indicating temperature, pressure, or other operating conditions. For the purpose of these regulations, "reduction" is defined as any heated process including rendering, cooking, drying, dehydrating, digesting, evaporation and protein concentration. The provisions of this section shall not apply to any article, machine, equipment or other contrivance used exclusively for the processing of food for human consumption.
